Cleveland Municipal Court Probation Department ***Update Report***

UPDATE for **JUDGE ANGELA R. STOKES** on case **2012 TRC 030161,** set for **May 21, 2013:**

On May 20, 2013, representatives of Ohio Interlock did extract data from deft. vehicle as requested by the Court. Please note that Mr. Philhower did incur subsequent alcohol violations dated April 29th and 30th resulting in alcohol counts .206%, 183%, 205% and 190% for approximately a 12.5 hour period on April 29th and a failed BAC of .120 on April 30th at 7:08 a.m. Subject vehicle was not operated after 7:08 a.m. on April 30th.

Since his last court appearance on 5-9-13, Mr. Philhower was ordered to engage the SCRAM/House Arrest unit and has been in compliance with regards to alcohol abstinence and adherence to his occupational schedule as approved by the court (see attached).

As of the date of dictation, the deft. has provided this writer documentation that he has arranged to attend IOP at Laurelwood Hospital in Willoughby, Ohio on Monday, Tuesday and Thursday evenings but indicates he has not yet started due to travel impediments to this facility. Specifically, he is once again requesting driving privileges to attend IOP which would also include AA meetings.

Please note that 2012 Chevrolet Camaro owned by deft. has also been immobilized per court order. A copy of Immobilization Order is attached to supporting documents.

Form No. 800159 (Rev. 5/11) IBS

May 16, 2013

Dear Judge Stokes and Mr. Oriti,

I received a call from Marilyn the IOP intake manger from Laurel Wood Hospital on May 15th regarding a start date. She asked me to call her back after speaking to you Judge Stokes on May 21st as transportation is a major obstacle. The IOP classes are from 6pm to 9pm Mon, Tues, and Thursdays for six weeks. No public transportation is available in that area after 7pm. i.e. Laketrans bus line. The hospital does NOT offer any shuttle service either.

Marilyn's contact phone#: 440.953.3000 ext 3108 (she only works evenings)

Lake county public transportation-LakeTrans phone# 888.525.3872

Since you mercifully released me from incarceration on May 6th:

1. I have had the scram bracelet on and active.
2. House arrest was added to the scram motorizing on Thursday May 9th by Mr. Oriti.
3. I have remained alcohol free since you released me from incarceration
4. I was completely honest with the doctor and completed my assessment as instructed on May 9th on time and honestly. As evidenced by the written assessment provided that same day.
5. I have NOT attempted to even start or move **ANY** motor vehicle as you instructed.
6. As Mr. Oriti instructed, I have made arrangements with Ohio Interlock to download data from interlock on Monday May 20th and that information will be available to evidence no attempted activity regarding starting or moving 2002 Chevy venture van since my release from jail. (my camaro has been immobilized by Parma court system pending my hearing since March 22nd so you can be sure I have NOT attempted to operate or move that vehicle as well). Or ANY other motor vehicle.
7. I returned to work full-time Monday 20th. Through the charity of some of my fellow AA's I was able to get a ride each way from North Royalton, OH to Center-Tyler AutoBody at 8700 Tyler Blvd Mentor OH 44060 (85mile round trip) for that week and remained well within the parameters of the allowable out-of-house times for work release.
8. I have remained honest and in regular contact with Mr. Oriti since May 6th

Judge Stokes based on what you stated on May 6th when you released me from the department of corrections, I have followed **your orders exactly.** Transportation is a major issue. **ALL** my family resides in Eastern Pennsylvania. I have NO family anywhere close to this area. My close/dependable contacts in AA have all explained to me that rides to and from North Royalton to Mentor for will be hit-or-miss as they are all either trying to work themselves or the retired ones are starting summer vacations to visit children and grandchildren ect.. My only dependable source of transportation was my fiancée who has decided to go and stay with her aunt and uncle to take some time to evaluate our relationship, as my legal and drinking problems have taken quite a toll upon her mental/emotional well being as well as possibly bankrupted us financially: due so much lost time at work, legal fees, control device fees, demotion at my job/lower pay grade, and the disgrace and humiliation that my drinking/publicized legal problems have wrought upon her/us.

Judge Stokes, I am deeply ashamed and heartfully sorry for my drinking, the accident it caused the fear and inconveniences it brought into the lives of the victims that I involved last may 15th. Because of my unabiding guilt I contacted my insurance company and inquired regarding the personal physical injuries that main victim that I collided with may have sustained. The insurance representative informed me that the person in that vehicle sustained no lasting or on-going medical disabilities. I thank God every day for that. I thank God everyday neither of us were permanently psychically injured or killed. However I know in my heart that person should **not** ever have had to have been put through the hardship and possible lasting disabilities or even death that my drinking and driving could have caused. The other vehicle that was scratched from the debris of my collision has been completely repaired or at least fully compensated for. I pray daily for forgiveness and for the victims well being and healing. I pray daily for you and your family Judge Stokes. I have yet to find a degree of self forgiveness for my actions, but I keep praying and looking for opportunities to help others. My sponsor says that is the only way to achieve atonement, some peace of mind, closure, and sustained sobriety. I assure you the burden of guilt hangs heavy on my soul every day. I am truly remorseful and disgusted by my thoughtlessness and my alcoholic actions. When I am actively engaged in AA I am a very mild mannered, polite, helpful, safe and productive member of my community and society. As strange as this next sentence may be..."I thank you for putting me in jail for those seven days as your decision most likely saved my life as I was close to ending it myself" "No amount of alcohol that I could pour down my throat was able to relieve the revulsion I was experiencing against myself for having drank again after what I had done on May 15th and having let down: you Judge Stokes, my fiancée Hilary , my employer Ron, attorney Serrat, my AA sponsor Tom, My IOP counselor Mike, and all the AA's that lent a helping hand after your sentencing in July. And the constant thought of my good parents that sacrificed so much and often that their son could have a good, decent, productive and prosperous life was driving me to point of no return.

The days in jail were very hard. Coming off the booze in jail was excruciatingly painful. However much gut wrenching soul searching was accomplished during those long dismal days and sleepless nights. I attended 5 church services and the 1 AA mtg that were available during my jail time. The leader of the AA mtg was in front of you just over 20 years ago for more and worse than I am. He said he got honest with you and you allowed him treatment instead of incarceration and he has been sober ever since. He told me to be honest with you and you may give me the same chance that you gave him and if so I better thank God everyday for your mercy and wisdom and do like he does...take a message of my failings and my recovery and your mercy, to jails and my community at every chance I have. And I like him can do good in the same world that I made such a mess in. The preachers all said basically the same thing..."we must use our failings to influence others to stay on the righteous path" "That we are all brothers and sisters under God and it is our duty to help each other" I whole heartily wish for the opportunity to regain my position as a helpful and productive member of my community and society.

I simply and humbly ask you to consider to allow me driving privileges that will allow me to comply with the doctor's assessment of IOP. Get the help I desperately need and desire. Get to and from work that I may provide for my household and be a good care giver to my fiancé and her daughter. And try to dig myself out of the deep financial hole that my drinking and driving and relapse have put me in. Without the privilege of driving it seems impossible to meet my obligations to the court, employer and creditors: ability to make probation appointments, enter and complete IOP therapy, attend the necessary AA meetings, be reliable and consistent to my employer.

Judge Stokes I ask this not because I believe I *should be entitled* or even deserving, but rather for the sake of those that depend on me and to be able successfully comply and complete court orders, to pay my debt to society, get the help I need to be a sustainable sober person again, be a decent provider and care giver to my fiancée, a consistently dependable employee to my employer, and try to bring my overdue accounts current with my creditors, Legal representation fees and stay financially current with the scram bracelet & interlock device payments, Be able to pay for Health Insurance that I have to provide for myself as my employer cut our company paid health insurance, the co-pays for IOP, our mortgage, utilities, taxes, insurances, and all other usual and customary daily living expenses.

In closing, while incarcerated a few things became clear and deeply instilled within me:

1. Without sobriety I am of no good use to myself or anyone else. I am simply a burden to society
2. Sobriety and Freedom are precious and I will treat them accordingly for my remaining days
3. I can and will remain sober for the rest of my living days provided that I stay actively engaged in AA and sponsorship
4. I have lost a lot but not everything. I have my life and reasonable health, a job and people that genuinely care about me and want the best for me
5. I can and will be an asset to society and my family and employer again
6. My fiancée is a gift from God as are all other good things that I have been blessed with
7. I will NOT put any more alcohol in this God given body even if it feels like it will kill me not to. It is just my alcoholism tricking me into devastation of self and those around me

With gratitude and sincerity, I humbly ask your consideration.

Respectfully,

Fred Philhower

1. IOP schedule, contact info (also listed at top of letter I wrote) and map showing distance to/from my house.

2. AA mtg schedules and map for each showing distance from my house (meeting are all verifiable in the AA Cleveland District Office Mtg Schedule Guide) or by calling my sponsor Tom N at 440-382-0114 My other sponsor Larry V at 440.238.4771 or my new AA contact in Willoughby Bob C at 440.533.5579 or calling AA Cleveland District Office 216.241.7387

3. Proof of camaro immobilization can be verified by calling Bailiff listed on document.

4. Map showing distance to/from work.

5. A revised letter to Mr. Oriti and Judge Stokes, a plea for the necessity of reinstatement of driving privileges.

I have spent a great deal of time and effort to find meetings all close to my residence. I evidenced the distance to/from my employer. One mtg is within walking distance but the reality is **all** other necessary obligations require transportation. I noted LakeTrans schedule and contact number at the top of my letter as well. LakeTrans public transportation will not accommodate all my obligations and recovery needs.

I have done my best to make public transportation research/arrangements. I have done my best to honestly explain my entire life situation. Be assured I am so very grateful to be free of alcohol and jail. Frankly, you are both in my daily prayers. I have done my best to find meetings and move to a residence that will greatly reduce any actual time behind the wheel of a motor vehicle if granted limited driving privileges again on May 21st.

You both have my word as a man, I will not drink! or screw up! *in any way that would be my direct action or cause of.*
I just simply ask the opportunity to be able to be successful in recovery and successfully complete my probation to pay my debt to society and move on to help my family and others.

Sincerely,
Fred Philhower

OFFENSE SUMMARY:

On 5/15/12, at 8:00 p.m., the subject operated his 2005 Chevy Venture on I-176 and Spring. Please note the attached accident report; Mr. Philhower was speeding and swerving, then hit a car. Debris from the accident struck another car. When police arrived, the subject submitted a BAC of .132.

COMPLAINANT'S STATEMENT:

This officer spoke with Ronni Brawlich (724-981-3600) of Yourga Trucking. Robert Ruble was driving a company truck at the time of the accident. Ms. Brawlich stated that $8,636.77 worth of damage was done to the truck, and their insurance company covered the damages, minus the $5,000 deductible. Their insurance is going after the subject's insurance company, to be reimbursed.

Kenneth Miller's (330-575-2526) vehicle was damaged by debris from the accident. He stated that he has contacted the defendant's insurance, but has had no resolution yet. His car has not been repaired.

DEFENDANT'S STATEMENT:

Mr. Philhower does not remember details of the offense. He stated that he remembers drinking at his house, but does not remember leaving, and does not know where he was going. He could add nothing further.

ADDITIONAL INFORMATION:

The subject paid for, and submitted to, a urine test on 6/12/12. The results were negative.

Mr. Philhower successfully completed the Safety Through Education DIP 6/14-6/17 (see attachment). An assessment was recommended, as the subject admitted to being an alcoholic. His screening results indicated he is at risk for a future DUI.

EVALUATION:

On 6/12/12, Frederick Philhower appeared before the Honorable Judge Stokes, and was found guilty of DUI. He is to return to court for sentencing on 6/26/12. Mr. Philhower admits to drinking prior to being involved in an accident, but does not recall any details of the offense. His BAC was .132 at the time.

The subject is a divorced 42-year-old, residing with his girlfriend in Seven Hills. Mr. Philhower graduated from Bishop High School, and has been employed at Center-Tyler Auto Body for 3 years. He is in good health, and takes no medication. Mr. Philhower admits to being an alcoholic, and has been drinking since the age of 15. He has never been through treatment.

The subject was cooperative during the office interview. He admitted to the charge against him, and accepts responsibility for his actions. His legal history consists of several traffic offenses, as well as a conviction for Assault. He has a DUI in Pennsylvania in 1996.

Court: Cleveland Municipal Court Attorney: Jamie Serrat

The person named in this report participated in at least 21 hours of alcohol and drug addiction programming that included at a minimum 1 hour of screening and individual contact, 15 hours of client education on alcohol/drug abuse and addiction including traffic safety education, and 5 hours of small group discussion.

A screening interview was conducted with this client and the results of 2 screening instruments, recommendations of the screening, and referrals were discussed. Narrative Summary - Include etiology of presenting problem and maintenance of the problem; mental health history; AOD history; severity of problem; where problem occurs (functioning at home, at work, in community); onset of problem (acute vs. chronic); client motivation for treatment, whether problem is known to be responsive to treatment.

Fred is a 42-year old male who reported he last drank alcohol June 10, 2012 and he normally drinks at least one fifth of liquor per day. Fred said he last smoked crack cocaine in December, 2011 and around that time he was using approximately four to five grams once or twice a week. According to Fred, he had four or five DUIs in the 1990s and his last alcohol related offense before his May 15, 2012 OVI was probably in 1998.

Fred meets criteria for a diagnosis of Alcohol Dependence and Cocaine Dependence due to his tolerance to alcohol and cocaine, withdrawal from alcohol and cocaine, and loss of control over alcohol and cocaine. As a result of his diagnosis, I recommend that Fred have treatment/counseling to help him address his alcohol/drug use issues and related mental/emotional health concerns. Treatment and counseling will also help Fred to more effectively manage his stress. I also recommend that Fred continue to regularly attend Alcoholics Anonymous (AA) meetings. Treatment, counseling, and AA benefits Fred substantially more than incarceration at this time in his life.

On the day after his assessment, Fred started the Intensive Outpatient (IOP) Treatment Program at H.O.P.E. Counseling. Fred will be participating in group counseling eight hours per week during the initial five-week IOP treatment program followed by twelve weeks of non-intensive outpatient/aftercare once a week. Fred will also be involved in individual counseling during his time in the H.O.P.E. Counseling Program.

UPDATE for **JUDGE ANGELA R. STOKES** on case **2012 TRC 030161,** set for **July 24, 2012:**

On 6/12/12, Frederick Philhower appeared before the Honorable Judge Stokes, and was found guilty of DUI. He was referred to the probation department for a PSI (see attached), and was to return to court for sentencing on 6/26/12. At that time, the case was continued to 7/24/12.

The subject completed the Safety Through Education ATJ on 6/17/12. An assessment was recommended, and he had one done through H.O.P.E Counseling (attached). He was diagnosed with Alcohol Dependence, and IOP was recommended.

Richard Oriti contacted Mr. Philhower and gave him information regarding CAM and Interlock.

This officer spoke to the victim, Kenneth Miller, on 7/13/12. He stated that a State Farm representative checked out his car and gave him a check for $272. Mr. Miller does not think this is enough, and will be contact his own mechanic and body shop to check the vehicle damage. He will contact the prosecutor after he does this.

RE: Fred Philhower

Dear Jamie:

On June 21, 2012 Fred Philhower started the H.O.P.E. Counseling Intensive Outpatient (IOP) Treatment Program. Fred has completed thirteen (13) IOP sessions. Fred is receiving treatment/counseling three evenings per week for eight hours per week. After he finishes the initial five-week program, Fred will be involved in a minimum of twelve weeks of outpatient aftercare.

Fred reported treatment/counseling has helped give him a committed and structured routine that has fostered a new alcohol free pattern in his life, and the program has helped him work through his issues related to guilt, remorse, and shame from his accident and OVI on May 15, 2012. Fred's main goal has been to acquire the necessary skills to maintain long-term sobriety from all mood altering substances and live a life free of chemicals.

According to Fred, he has not used cocaine in over seven months and this drug is not a current problem for him. Fred reported he feels confident that cocaine is not a problem because he did not use it regularly, he does not crave the drug, and he has not experienced significant consequences from using cocaine. Fred also said that he did not use cocaine when he received his May 15th OVI offense. I agree that cocaine is not a problem for him at this time.

Treatment/counseling benefits Fred substantially more than incarceration at this time in his life. Please stay in touch if there is anything else I can do to assist you with Fred's case or whatever may be helpful.

Sincerely,

Fred Stevens PCC, LICDC

The Honorable Judge Angela R. Stokes:

Mr. Fred Philhower has been an employee here for 3 years. Our company runs a clean and lean repair facility and has been a reliable, trusted and preferred collision repair facility in Mentor, Ohio for 30 years. We are very particular about our shop, employees, and the repairs we perform.

Very early on after Fred started, we knew we made a great decision in making him part of our team. He has been, and continues to remain to be, a top performer in our organization. Fred has been the most profitable employee to date.

Fred is reliable, consistent, honest, hardworking and an extremely talented technician and department manager. He has helped improve our repairs, our processes and reduce our expenses. He is a true team player and without fail goes the extra mile to exceed our customers' expectations.

In closing your Honor, Fred is a good man and our company is willing to help him in any way he can. We are glad to have Fred as an employee and will continue employing him while he goes through recovery. If we were to lose an employee of his caliber in this tedious economic climate, it would be a great hardship to our company and our customers. We currently have a back log of work and need Fred is an essential element to meet that demand. The day-to-day tasks of our business are often laborious and extremely detail oriented. Fred does the job of 2 to 3 men and regularly thanks me for the opportunity to work.

I hope these few words have described the good nature of Fred Philhower. I am more than willing to answer any questions you may have. On behalf of the company, I sincerely hope to see Fred back in the shop bright and early Wednesday morning.

Respectfully,

Ron Winland

Level of Care and Services Provided During the Course of Treatment: Intensive Outpatient (IOP) and Outpatient treatment levels of care, group counseling, individual counseling, crisis intervention, and case management services.

Client's Response to Treatment: Fred was referred for a chemical dependency assessment by Cleveland Municipal Court and then attended his initial IOP treatment group on June 21, 2012. Fred regularly attended group counseling sessions and provided good feedback regarding his alcohol/drug related experiences. He also provided helpful feedback to other group members. Fred completed IOP and continued with outpatient aftercare. He made additional personal progress and reported being alcohol and drug free. Fred's overall level of participation in treatment was meaningful as shown by his active involvement during his time in the program. Fred successfully fulfilled his requirements at H.O.P.E. Counseling after he attended his final group aftercare session on November 6, 2012.

Fred reported treatment and counseling helped him think more about the negative effects of what using alcohol and drugs does to him rather than the short-term high of his alcohol/drug use. Fred said his main signs of progress are that many areas of his life have greatly improved as a result of treatment. According to Fred, he has reestablished himself in Alcoholics Anonymous, and his work ethic has increased from good to excellent. As a result of over five months of clean and sober time, Fred seems to have made progress with these and other personally meaningful issues.

Recommendations and/or Referrals for Additional AoD Addiction Treatment or Other Services:
No recommendations and/or referrals are necessary for Fred at this time.

Dear Judge Stokes,

I am a concerned citizen of Parma Ohio and just started following the DUI cases in Parma, Ohio.

I have found one that concerns me..

Parma, Ohio case number ...

13TRC04045 (incident date March 22, 2013)
Frederick J Philhower

How it affects you is that is he currently on probation from case 2012 TRC 030161 in Cleveland that you resided over. Frederick J Philhower is currently on probation from that case, (for 5 years) and was driving the Chevy Camaro that he is restricted from.

I have also sent a letter of concern to Deanna ODonnell, but I also wanted to contact you because Parma seems to be taking this very lightly, and the next time this "drunk driver" might kill someone.

May 16, 2013

Dear Judge Stokes and Mr. Oriti,

I received a call from Marilyn the IOP intake manger from Laurel Wood Hospital on May 15th regarding a start date. She asked me to call her back after speaking to you Judge Stokes on May 21st as transportation is a major obstacle. The IOP classes are from 6pm to 9pm Mon, Tues, and Thursdays for six weeks. No public transportation is available in that area after 7pm. i.e. Laketrans bus line. The hospital does NOT offer any shuttle service either.

Marilyn's contact phone#: 440.953.3000 ext 3108 (she only works evenings)

Lake county public transportation-LakeTrans phone# 888.525.3872

Since you mercifully released me from incarceration on May 6th:

1. I have had the scram bracelet on and active.
2. House arrest was added to the scram motorizing on Thursday May 9th by Mr. Oriti.
3. I have remained alcohol free since you released me from incarceration
4. I was completely honest with the doctor and completed my assessment as instructed on May 9th on time and honestly. As evidenced by the written assessment provided that same day.
5. I have NOT attempted to even start or move **ANY** motor vehicle as you instructed.
6. As Mr. Oriti instructed, I have made arrangements with Ohio Interlock to download data from interlock on Monday May 20th and that information will be available to evidence no attempted activity regarding starting or moving 2002 Chevy venture van since my release from jail. (my camaro has been immobilized by Parma court system pending my hearing since March 22nd so you can be sure I have NOT attempted to operate or move that vehicle as well). Or ANY other motor vehicle.
7. I returned to work full-time Monday 20th. Through the charity of some of my fellow AA's I was able to get a ride each way from North Royalton, OH to Center-Tyler AutoBody at 8700 Tyler Blvd Mentor OH 44060 (85mile round trip) for that week and remained well within the parameters of the allowable out-of-house times for work release.
8. I have remained honest and in regular contact with Mr. Oriti since May 6th
9. I have done my best to make payment arrangements with all my creditors, due to lost time from work and a demotion and significant pay cut as a result of my unreliability to show up every day as I was incarcerated and have missed many days prior for required court appearances and the legal fees, fines, control devices fees, have cost ALL my/our savings. I fully expect the scram bracelet to remain on and hope and pray that you will allow the interlock to be reinstated on my van. Those two devices cost in excess of $450.00 per month alone. That is still less expensive than having to pay a taxi or friend to get me to/from all necessary obligations. I cannot afford to pay a taxi service to meet my needs to/from work, IOP and the necessary AA mtgs that will help my recovery and sustained sobriety and meet my mortgage, utilities and household expenses.
10. My sponsor in North Royalton has initiated contact between myself and a long-time sober member of AA in the Willoughby area to help me get started with meeting and support contacts in that area as my only option to successfully complete IOP and be a consistently reliable employee is to move into the house we bought in Willoughby prior to my relapse. The house is a fixer-upper but livable at present. I will bring the HUD Settlement statement as evidence of address and proof of purchase to court with me on May 21st.

Judge Stokes based on what you stated on May 6th when you released me from the department of corrections, I have followed **your and Mr. Oriti's orders exactly**. Transportation is a major issue. My financial situation is bordering on bankruptcy. I have no investments or anything of value left to sell to acquire cash-flow. **ALL** my family resides in Eastern Pennsylvania. And my family is not one of financial means. They have no money to lend or give to me. I have asked but they really can't spare money for my problems, given the new economy they are all struggling themselves to survive. I have NO family anywhere close to this area. My close/dependable contacts in AA have all explained to me that rides to and from North Royalton to Mentor for will be hit-or-miss as they are all either trying to work themselves or the retired ones are starting summer vacations to visit children and grandchildren ect. I have NO friends/contacts in the Willoughby area yet. My only dependable source of transportation was my fiancée who has decided to go and stay with her aunt and uncle to take some time to evaluate our relationship, as my legal and drinking problems have taken quite a toll upon her mental/emotional well being as well as possibly bankrupted us financially: due so much lost time at work, legal fees, control device fees, demotion at my job/lower pay grade, and the disgrace and humiliation that my drinking/publicized legal problems have wrought upon her/us.

Judge Stokes, I am deeply ashamed, remorseful and heartfully sorry for my drinking and alcoholism, the accident it caused, the fear and inconveniences it brought into the lives of the victims that I involved last may 15th. Because of my unabiding guilt I contacted my insurance company and inquired regarding the personal physical injuries that main victim that I collided with may have sustained. The insurance representative informed me that the person in that vehicle sustained no lasting or on-going medical disabilities. I thank God every day for that. I thank God everyday neither of us were permanently psychically injured or killed. However I know in my heart that person should **never** have had to have been put through the hardship or the possibility of lasting disabilities or even death that my drinking and driving could have caused. The other vehicle that was scratched from the debris of my collision has been completely repaired or at least fully compensated for. I pray daily for forgiveness and for the victims well being and healing. I pray daily for you and your family Judge Stokes. I have yet to find a degree of self forgiveness for my actions, but I keep praying and looking for opportunities to help others. My sponsor says that is the only way to achieve atonement, some peace of mind, closure, and sustained sobriety. I assure you the burden of guilt hangs heavy on my soul every day. I am truly remorseful and disgusted by my thoughtlessness and my alcoholic actions. When I am actively engaged in AA I am a very mild mannered, polite, helpful, safe and productive member of my community and society. As strange as this next sentence may be..."I thank you for putting me in jail for those seven days as your decision most likely saved my life as I was close to ending it myself" "No amount of alcohol that I could pour down my throat was able to relieve the revulsion I was experiencing against myself for having drank again after what I had done on May 15th and having let down: you Judge Stokes, my fiancée Hilary , my employer Ron, attorney Serrat, my AA sponsor Tom, My IOP counselor Mike, and all the AA's that lent a helping hand after your sentencing in July. And the constant thought of my good parents that sacrificed so much and often that their son could have a good, decent, productive and prosperous life was driving me to point of no return.

The days in jail were very hard. Coming off the booze in jail was excruciatingly painful. However much gut wrenching soul searching was accomplished during those long dismal days and sleepless nights. I attended 5 church services and the 1 AA mtg that were available during my jail time. The leader of the AA mtg was in front of you just over 20 years ago for more and worse than I am. He said he got honest with you and you allowed him treatment instead of incarceration and he has been sober ever since. He told me to be honest with you and you may give me the same chance that you gave him and if so I better thank God everyday for your mercy and wisdom and do like he does...take a message of my failings and my recovery and your mercy, to jails and my community at every chance I have. And I like him can do good in the same world that I made such a mess in. The preachers all said basically the same thing..."we must use our failings to influence others to stay on the righteous path" "That we are all brothers and sisters under God and it is our duty to help each other" I whole heartily wish for the opportunity to regain my position as a helpful and productive member of my community and society.

I simply and humbly ask you to consider allowing me driving privileges that will allow me to comply with the doctor's assessment of IOP. Get the help I desperately need and desire. Get to and from work that I may provide for my household and be a good care giver to my fiancé and her daughter. And try to dig myself out of the deep financial hole that my drinking and driving and relapse have put me in. Without the privilege of driving it seems impossible to meet my obligations to the court, employer and creditors: ability to make probation appointments, enter and complete IOP therapy, attend the necessary AA meetings, be reliable and consistent to my employer.

Judge Stokes I ask this not because I believe I *should be entitled* or even deserving, but rather for the sake of those that depend on me and to be able successfully comply and complete court orders, to pay my debt to society, get the help I need to be a sustainable sober person again, be a decent provider and care giver to my fiancée, a consistently dependable employee to my employer, and try to bring my overdue accounts current with my creditors, Legal representation fees and stay financially current with the scram bracelet & interlock device payments, Be able to pay for Health Insurance that I have to provide for myself as my employer cut our company paid health insurance, the co-pays for IOP, our mortgage, utilities, taxes, insurances, and all other usual and customary daily living expenses.

In closing, while incarcerated a few things became clear and deeply instilled within me:

1. Without sobriety I am of no good use to myself or anyone else. I am simply a burden to society
2. Sobriety and Freedom are precious and I will treat them accordingly for my remaining days
3. I can and will remain sober for the rest of my living days provided that I stay actively engaged in AA and sponsorship
4. I have lost a lot but not everything. I have my life and reasonable health, a job and people that genuinely care about me and want the best for me
5. I can and will be an asset to society and my family and employer again
6. My fiancée is a gift from God as are all other good things that I have been blessed with
7. I will NOT put any more alcohol in this God given body even if it feels like it will kill me not to. It is just my alcoholism tricking me into devastation of self and those around me

With gratitude and sincerity, I humbly ask your consideration to allow my driving privledges so that I may successfully comply with your orders, pay my debts to society and maintain a sober and sane way of life.

Respectfully,

Fred Philhower
