Dear Attorney Alkire:

I am in receipt of your letter dated April 30, 2014. Please be informed that we are diligently working on compiling the information required to comply with your public information request.

Unlike the request that you directed to the Supreme Court of Ohio, the request directed to the Cleveland Municipal Court entailed, inter alia, collating materials that document nearly one hundred incidents of misconduct alleged against your client, between November 9, 2011 and March 14, 2014.

The court cannot afford to detail staff to do this work full time. We are moving at all deliberate speed to accomplish the task as completely and as accurately as we can and anticipate its completion in the near term, certainly within the next two to three weeks. We ask your patience and forbearance.

Very truly yours,

Ronald B. Adrine
