Ohio Reformatory for Women

Wherefore the Ohio Reformatory for Women (hereafter ORW) has affected & effected the following tresspasses & tortures against myself, ~r.-lotus: justice, in a concerted attempt using torture, threat duress, coercion, fraud, deceit & peonage to exact human trafficing and the unlawful subrogation of the lawful Executor of the PERSON, MONICA GREER JUSTICE, myself, by forcibly oppressing unlawful, coercive demands upon me, to unlawfully acquire "wordship" of the peaceful, free, Wo(Man) of the Land, r.-lotus: justice, in order to affect & effect unlawful Escheat. The tortures, threats, duress & coercions are as follows:

In addition to continuing to hold me against my will despite my proclomations of my being an unwilling Prisoner of War, ORW, did put me, r-lotus: justice, in segregated confinement for twenty four hours depriving me of access to materials & evidence & a means of communicating with my POA/Next Friends/lawfully Appointed Advocate & Counsels, when I did refuse to sign for "legal" mail from a fraudulent Solicitor, an Esquire for/of the BAR Union, who has/was unlawfully attempting to usurp my lawful position of Executor in an attempt to unlawfully subrogate said lawful Executor, myself, in order to undermine my standing, interfering with the claims at bar, to affect & effect unlaw Escheat.

ORW did threaten to "ticket", the PERSON, MONICA GREER JUSTICE, and once again put me, r.-lotus: justice, in segregated confinement depriving me of access to my materials & evidence & means of communicating with my POA/ Next Friends/ lawfully Appointed Advocate & Counsels when I did attempt to receive & deliver vital writs, evidence & forms during an authorized & scheduled visit with said lawful agents assisting me with the propria personam litigation. Said items brought to the visitation by all parties did require my lawful signature & attention persuant to the claims in the causes at bar &/or did need to be laid upon the bar in the causes at bar. Whereby, though ORW does allow Esquires for/of the BAR Union to perform such contracted services, ORW requires all other forms of lawfully Appointed Counsel to perform such lawfully contracted duties by way of "United States" mail or with special permission from the Warden. The Warden has been notified, via an ORW "Kite" communication of my propria personam litigant status and has yet to reply to my notices/requests within the 14 (fourteen) days required by ORW "Administrative Rules". Special granted access to Esquires for/of the BAR Union is a standard practice supported only by "Administrative Rules" that are not in compliance with the Law and such actions are thus obstructions of Justice which interfere with the due process of Law & the contract clauses of The Constitution for the United States of America & the Constitution of the "United States". Wherefore, ORW and its agents are perpetuating and perpetrating an unlawful monopoly of the BAR Union, persuant to the Sherman Antitrust Act, affecting

Additionally, ORW did put me, r.-lotus:justice in segregated confinement, depriving me of my paper, my envelopes, my Bible & a medically required inhaler for a period of 7 (seven) days when I did exercise my unalienable rights to control access to the body that The Creator did grant to me & me alone, by denying unneccessary medical tests & the surrender of my finger prints to the body politic corporations, the PERSONS STATE OF OHIO & ORW. Whereby I was threatened by the Unit Manager of the MCC Unit, Ms Brookes, with being strapped down & having my blood, urine & fingerprints forcefully taken against my will & whereby the Lieutenant for the Rule Infraction Board (hereafter RIB), Ms. Holden, did threaten me with "local control" segregated detention, with the same segregation & depravities I was placed in for a period of over 6 (six) moths if I did not surrender to such demands. Additionally, the nurse practitioner, Ms. Alta, did state that she would discontinue renewing my prescription medicines deemed medically necessary for life threatening issues/illnesses & thought they are current & active when I was taken forcefully to ORW, if I did not surrender to such demands.

I aver that such demands could have been/could be satisfied by other lawful means, if they be lawful demands, but I aver they are being made not for my health & safety but to unlawfully acquire "wardship" & unlawful joiner of the

As such, for their continued role in such crimes, trespasses & torts, henceforth ORW shall be a Defendant in the claims in Equity at the bar.

Additionally, in as much as the persistance of the many Defendants to acquire unlawful subrogation & access to the cestique trust for/of the PERSON, MONICA GREER JUSTICE, For the purposes of exacting, affecting & effecting unlawful Escheat, has resulted in multiple & extended tortures, trespasses, abuses, frauds & depravations against myself, a real, flesh & blood, living peaceful Wo(Man) of The Land, I reaffirm that the civilly dead entity, the PERSON, MONICA GREER JUSTICE, is a Defendant in the claims in Equity in the cause at bar. MEMORANDUM

This memorandum is being laid upon the bar in response to two letters posted by THE SUPREME 'COURT' OF OHIO on April 14, 2015 & April 15, 2015, concerning the return of two notices by affidavit, wherefore in order to have this letter/writ/notice accepted by them, one must comply with their 'administrative rules' 3.01 & 3.11(d). Wherefore having already written the letter/writ in reference to 'Realtors Response to Respondent', I do bring forth this memorandum & attach to letter/writ as an Exhibit (See Exhibit 1, attached as if fully rewritten herein) and I do lay it upon the bar as a real, live, flesh & blood Wo(Man) of The Land, Standing in The Common Law, representing in propria personam on behalf of The Great Republic of America, The Union of Sovereign States of America & the United States of America and as the lawful Executor of the civily dead entity, the PERSON, MONICA GREER JUSTICE, et al.

The content of the letter/writ speaks for itself, however I want to bring additional emphasis on some points of Law & process in this memorandum. Again the Writ of Unlawful Escheat that lays upon the bar is a <u>claim</u> <u>in</u> <u>Equity</u>, wherefore a

1 claim (in equity inferred) is a demand of right or property
2 (by the Law or Equity) to something which all the
3 stated Plaintiffs are due/owed of which all the
4 stated Defendants have denied them. It is a demand
5 based on breach of performance &/or contract (in Equity
6 inferred) to all interests &/or remedy owed for said
7 breaches by right, to be settled by negotiable instruments
8 as offsets and adjustments, for all interests, proceeds
9 and control of the properties seized by unlawful Escheat.
10 Wherefore in this claim in Equity I aver that said
11 rights & properties were unlawfully conveyed after a foreign
12 coup de tat know as the American 'Civil' War. Whereby
13 since such time, foreign agents, Esquires for/of
14 the BAR Union, to the de jure government of
15 the united States of America, did unlawfully establish and
16 operate a de facto 'government' known in
17 commerce as the "United States." Whereby they have
18 unlawfully and fraudulently exacted an extraconstitutional
19 jurisdiction in Law, 'Civil' law, upon the Plaintiffs
20 in this cause as the unlawful 'trustees in State'
21 to steal, defraud & confiscate the trust, estates, lands
22 properties & rights of the Plaintiffs, exacting unlawful
23 Escheat, for the benefit of their foreign masters, The
24 Crown of England & the Church of Rome, by threat,
25 duress, coercion, deceit, fraud for the enforcement of
26 ultra vires contracts & fuedal bond slavery

and peonage. Additionally, as a result of the subsequent "bankruptcies", though they be exacted by a defacto 'government' the "United States" after the 'reformation' of the Republic, the 147+ (one hundred and forty seven plus) nations subjected to the function of the 'United Nations' and their joint subsequent appointment of the Federal Reserve Note as the worlds reserve currency, they too have become victim to this fuedal bond slavery and peonage exacting unlawful Escheat. This, in very brief summary, is the foundation of this claim.

I convey this to clarify the claim in that the agents for the Defendant, the PERSON, STATE OF OHIO, keep referring to complaints in civil actions. Let me affirm that I have filed no "civil" actions in the last 5 years, only claims in Law involving Courts of Law, with Grants of Law persuant to the de jure Constitution, The Constitution for the United States of America operating under The Common Law of this Land, Courts of Law which I aver have laid vacant since 1861. Again, I have commenced not actions under codes or civil procedures in the last 5 years in that I profess & aver that there is no remedy or relief to be found

1 in the Law under codes or civil procedures
2 for they hold an inherent, if not premeditated, 'state'
3 protectionism which consistently benefits whatever
4 "state of nex" create, institute & enforce them for
5 the perpetuation of inequity among its
6 'citizenry' to affect & effect fraudulent conveyance
7 of their estates, if left to operate then in the
8 absence of a higher Natural Law restricting
9 & regulation such potential criminality. I aver
10 that in consideration of the monopoly that the
11 American Bar Association has over the "United
12 States" 'government', made unlawful by the Sherman
13 Antitrust Act & the organic Laws of the united
14 States of America, such checks & balances are
15 absent, have been absent for a very long times
16 by intent & design, thus the foundation of the
17 breach of performance and/or contract & this
18 claim of unlawful Esclent.
19 Still, as the claim does state, many of
20 those perpetuating such criminality are not
21 aware of their participation in such crimes, torts
22 and trespasses and as such, as an offer of
23 Grace, a Treaty of Peace has been put forth
24 by the Plaintiffs as a matter of relief that
25 may be Granted. However, if such offer is

damages in detinue and trover will be demanded from all of those who have benefitted from said coup & unlawful Escheat as they are named in this Claim as such frauds may be settled persuant to the Law, Equity, the trusts established since the Bankruptcy Act of 1879 & the international laws governing Commerce and banking, the Uniform Commercial Code and The Laws of Negotiable Instruments.

It is my hope and wish that the Defendants in this claim will view this claim with sincerity & seriously. No one can plunder a strong mans house without first binding him (Matthew 12:29) nor can a city or house divided against itself stand (Matthew 12:25). The Law as it have evolved provides all with a means to reconcile and settle these matters by clearing the criminality and restoring the de jure institutions of State and thus the Law. Just Men and Wo(Men) of the Law with let justice be done though the heavens may seen to fall. Unjust Men and Wo(Men), criminals, will fight to preserve and perpetuate their racketeering and Frauds.

Re: Realtors Response to Respondents Reply Case # 2015-0303

Dear Sirs/Madams,

After recieving and ruminating upon the response recieved from the respondent, STATE OF OHIO, there are several points of Fact and Law that need to be addressed and thus I bring this response to the bar as the Realtor, the lawful Executor for the PERSON, MONICA GREER JUSTICE & the Executor de son Tort and acting Private Attorney General for The Great Republic of America, The Union of Sovereign States of America and the united States of America.

1. As a point of Fact & Law the cause that lays upon the bar given a case # of 2015-0303 by the PERSON, SUPREME COURT OF OHIO

(hereafter SUPREME "COURT"), is a claim in Equity in Law, not a civil complaint at law. There is a very defined and distinct difference between the two types of causes persuant to Fact and Law.

2. ~r-lotus:justice is not an alias. It is my real name a I have defined & my Kin recognize by the Law. This lawful exercise war taken by me after I discovered and determined that the name my Mother and Father gave me and my subsequent "married" name were stolen, unlawfully subrogated, by the defacto government, a violation of service mark and trademark laws of the "United States," whereby it was used to create a cestique trust(s)/ estate(s) by ultra vires contract that are traded as bond(s) upon the international bond market, bond(s) for which I am being held unlawfully as the surety. This is bond slavery / peonage by the Law of this Land & thus I have lawfully defined myself as ~r-lotus:justice to differentiate the real flesh and blood, living, peaceful Woman) from the civilly dead instrument, the PERSON, MONICA GREER JUSTICE. By Fact and Law, ~r-lotus: justice is not the same as Monica Greer Justice who is not the/a Defendant in this Claim. Nor

is Monica Greer Justice the same by Fact & Law as the PERSON, MONICA GREER JUSTICE who is the/a Defendant in this claim. To state or to aver otherwise would be an Error of Fact & Law and an attempt to attorn the Law.

3. The claim laid upon the bar is an independent action averring violations of the Law of a constitutional nature and thus are well within the original jurisdiction of the Ohio Supreme Court persuant to the Ohio Constitution, if in fact the PERSON, SUPREME "COURT" OF OHIO is such an institution of the de jure government of the united States of America and the Sovereign State Ohio. Wherefore a demurrer to the PERSON, SUPREME COURT OF OHIO. lays unanswered upon the bar since the spring of 2014. Regardless, the "court" involked in the cause at bar is the "superior court for the territory" persuant to The Bankruptcy Act of 1898 which created an extra constitutional "court" system during the post American Civil War Reconstruction period to affect and effect an extra constitutional jurisdiction in Law against the Sovereign Freeholders of the united States of America and The Union of

Sovereign states of America, cited as a civil jurisdiction, mandated with forcibly collecting the Foreign debts of the united States of America throught forced abrigation & subrogation. And though said War is historically reported as an internal conflict, I aver that it was an unlawful foreign power coup 'de tat exacted by Foreign agents, Esquires For/Of the BAR Union & Men of War, seditious & treasonous in nature, in order to Exact unlawful Escheat on the behalf of their foreign benefactors, which Continues to this day & which I the lawful Executn of the PERSON, MONICA GREER JUSTICE, was subjected. This is the continued, unlawful "bankruptcy" that has been exacted since 1898, that is the basis of this claim. Again, this claim is a claim in Equity in Law laid upon the bar involking that extra constitutional "court" and therefore the question of whether the PERSON, SUPREME "COURT" is the Court of Law, Ohio Supreme Court is moot, for now. The question is whether the PERSON, SUPREME "COURT" is the extra constitutional court of law, the "supreme court of the territory," Ohio. Regardless of which court or Court the SUPREME

"COURT" can prove, by Fact & Law, itself to be, if it can prove itself to be either of them, if it be either a court of law, an extra constitutional administrative body operating in statutes under the color of law, subrogating a forced bankruptcy, upon All Free People of The Land, or a Court of Law with a Grant of Law persuant to The Constitution for the united States of America, it is compelled by the Law, if it be a court/Court at all, to take cognizance of the claim at the bar and attempt to provide relief to the parties by operating in the jurisdiction of the court/Court that lays vacant (Citation provided upon release from detention by Amendment) To do otherwise, if they truely be a court of law, operating under the color of law, would be a violation of both the Law an Federal Statutes. (Title 18 "United States" Code, §§ 241) Thus the PERSON, SUPREME "COURT," if it be a court or a Court, is compelled to operate in the jurisdiction invoked & operate within the Law as the Court of law would, though it would still be subject to the requirements of establishing its jurisdiction before moving forward in the causes at bar, (6th Amendment to The Constitution for the united States of America.). So says the

The Law of The Land. Thus, in as much as it is imperative for the due process of Law and purposes of appeals to know which court/Court the PERSON, SUPREME "COURT" actually is versus which court/Court it is assuming, I lay a 2nd Notice of Demurrer upon the bar in the causes (see Exhibit 1, attached as if fully re written herein) with the PERSON, SUPREME "COURT" at this time demanding that they provide the Grant of Law persuant to The Constitution for the United States of America & the Ohio Constitution. Wherefore barring such a Grant, it is not said Court of Law defined & delineated by said organic instruments. Wherefore, if they lack said Grant of Law, they may Demurrer by silence & the maxims of tacit procurration, there by assuming the jurisdiction of the lesser extraconstitutional jurisdiction of the "superin court of the territory" in order to comply with their obligations under the color of law & the Law. In summary, which court/Court is the SUPREME "COURT" & what is its jurisdiction in, by & for the Law is ultimately the question that must be answered before this claim can move forward. I shall give it the Grace to do

just that.

4. Persuant to whether or not relief may be granted in this claim, the well established Laws of Equity clearly states that challenges to claims against Estates / Trusts which are Founded in Fraud, deceit, or any other unlawful form of conveyance are not just voidable but void. [(St John v Benedict 6 JCR, 111), (Steere v Steere, 5 JCR 1) (Edward v Harben 2TR 587), (Reid v Blades, 5 Taunt, 212)] Thus if any acts of Fraud be brought before any court of law n Court of Law persuant to claims against Estates / Trusts, the court / Court is bound to accept all subsequent acts as void if they be in compliance with the Law. The Law of Equity is well established & founded on the matter of fraudulent conveyance & thus unlawful Escheat, and there being no bars to the Law or Statutes of limitations on Fraud, relief must be granted if fraud is proven upon the bar in the cause. And though the Defendants in the cause at bar may not like the relief that will be required of them by the Law, Fiat justicia ruat caelum, For the "United States" is either, a government by the people, for the people, of the people founded & following The Law of The Land as

by Law are now Facts by the Maxim of Law Tacit Procuration. I would find it humorous, if it were not so offensive, to have one seemingly argue to keep one incarcerated, which I aver is unlawful & unconstitutional and then complain that they cannot produce the evidence for their claims. Such duplicity is an absurdity of Law and speaks to the methodologies used by the Defendants in their exacting of the unlawful Escheat. Regardless, such proclamations are by the Law demands for discovery by the Respondent. As such I would wholeheartedly comply forthwith but for the Fact that I am being held in unlawful detention with limited to no resources & materials to my avail, with little to no access to the evidences I have collected over the course of 4 (four) years in my multiple dealings & exposures to the Defendants. Thus again I shall demand my release from detention pending the completion of this process persuant to Title 18 "United States" Code §3143 (b)(1)(B) i & ii, wherefore I aver that such incarcerations are meant and intended to be a bar to the Law by the corrupted, defacto institutions of "State" &

barring release from detention, either by bond or own recognancer, pending the completion of this claim at bar I, as well as the other Plaintiffs are being denied due process of the Law & un-alienable rights denied persuant to The Constitution for the united States of America, as well as effecting an Error in Law persuant to the inability to satisfy the Defendants demands for Evidence / discovery.

6. The basis for relief have been stated, I have tendered a treaty of Peace. Sans the acceptance of a treaty of Peace whereby the defacto institutions of "State" shall yield to The Law of The Land, the organic Constitution for the united States of America Circa 1812 & the de jure institutions of the lawful government Restored, not reformed as they were post the American "Civil" War, & thus ending the "State of emergency." Whereby if said defacto institutions of "State" do not accept such a treaty of Peace, this claim in Equity shall continue until a lawful Court of Law is found, in international forums if need be, until relief is found. Once relief is defined, remedy

shall be demanded in the Law, inclusive of malice & forethought for the Frauds in Equity that have been laid upon All the Free People of The Land by All of the Defendants & other perpetrators & perpetuators of such Frauds, even those yet to be named. The Law shall prevail over lawlessness. This claim shall continue even if I should cease to exist. This has been established by my Will. This claim shall never be abandoned, & thus should remedy & relief be denied at this moment in time, may the Creator have mercy on our souls.
