MEMORANDUM

This memorandum is being laid upon the bar in responce to two letters posted by THE SUPREME "COURT" OF OHIO on April 14, 2015 and April 15, 2015, concerning the return of two Notices by affidavit, one dated March 11, 2015, in reference to 'unlawful appointment of "Counsel"' (See Exhibit 1, attached as if fully rewritten herein) and the other dated March 23, 2015, in reference to 'Notice of Error in Law & Post Notice' (See Exhibit 2, attached as if fully rewritten herein). I bring forth this Memorandum and lay it upon the bar as a real, live, flesh and blood Wo(Man) of The Land, standing in The Common Law, representing in propria personam on behalf of The Great Republic of America, the Union of Sovereign States of America & the United States of America and as the lawful Executor of the civilly dead entity, the PERSON, MONICA GREER JUSTICE, et al., averring objections to the return of the writs/notices for failures to comply with the 'administrative rules' of the "Court", Rules 3.01 and 3.11(d), in that such 'administrative rules' have placed/place an undo burden upon the petitioner that is not required by the Law but by the 'administrative rules'

of the extra constitutional "civil" jurisdiction being exercised by a private bank, THE SUPREME 'COURT' OF OHIO, for the defacto entities, the PERSONS, STATE OF OHIO & the "United States"/UNITED STATES, in that the lack of a cover letter does not prevent one or a "court" from hearing the Law espoused within a letter (referenced as 'Rule' 3.01) anymore than the lack of a dated unsworn statement, though it be signed, (referenced as 'Rule' 3.11d), carries more weight in Law or law than a signed sworn Statement given under penalty of perjury by the Laws of the United States of America asserting that same such actions shall be performed. Additionally, in consideration that I am being held in unlawful incarceration and thus, due to mailing restrictions & restricted access to my evidence & my lawfully appointed Advocates/Next Friends and Power of Attorney/Attorney in Fact, such declarations of dates of mailings cannot be made with specificity by me without extensive and unnecessary delays to filings which would prevent me from satisfying some filing timeframes, again 'administrative rules.' As such, sans continued denial of due process of the Law by such 'administrative rules' and in order to prevent undue demands

from being placed upon this incarcerated petitioner in the circumstances concerning these two writs, whereby I would be required to re-send the respective exhibits with this memorandum to the respective Defendants-de facto I shall hereby certify that a true copy of provided Exhibit 1, notice concerning the 'unlawful appointment of "counsel,"' was served by first class mail via "United States" postal service on April 9, 2015 to each Defendant-defacto in the cause at bar (see Exhibit 3, attached as if fully rewritten herein), and that a true copy of provided Exhibit 2, 'Notice of Error in law & Post Notice,' was served on April 13, 2015.

In the future and with already prepared writs/letters/Notices waiting to be laid upon the bar in the cause I shall make such assertions of future certificate of service mailing dates whereby my lawfully appointed Advocates/Next Friends and/or Power of Attorney/Attorney in Fact shall fill in the date by hand to satisfy the need to report the mailing date. Whereby no affidavits providing certified copies of the actual certificates of service shall be placed at the bar until such time as they are/if they are requested in discovery.

Again, I aver that in these cited circumstances and in the case of two other already prepared writs/letters/notices, this has placed an undue burden upon me. Wherefore I say that I am an honorable wo(Man) & an affidavit is an affidavit & whereby if I aver & assert by affidavit that I shall mail something or that something shall be mailed for me on my behalf by others, it shall. The Law is evolved by 'civil' discourse and conversations amongst gentlemen & gentlewo(men) & requires no form or structure to be affected or effected for those who operate in comity. I shall dare say though that comity has been sorely lacking from the other side of the bar & the private banks who have operated in the causes at bar to the degree that I have been made prey & victim to such failures, suffering both tortures and damages, both physically & mentally at the hands of all, & thus my cries of demurrer, For I am mentally offended, my scruples assaulted, by their irreprehensible, rough-ish behaviours exhibited which damages our society and humanity at large. I aver that though I may be the one held in incarceration

It is time to decide whether you serve Ceasar or the Law, a defacto state of Men or the Republic which created and gave rise to the institutions of a state by their free Will, which by free Will may be revolked by simple declaration if that state is found to be operating in Fraud or criminality.
