Summary: Most of the work the Annie E. Casey Foundation supports takes the form of multi-year, multi-site, foundation-based projects. However, the foundation, which focuses on helping vulnerable and at-risk children, youth and their families, does not discourage interested organizations from submitting letter of inquiry when looking for grants. Founded in 1948, the primary mission of the Foundation is to foster public policies, human-service reforms, and community supports that more effectively meet the needs of vulnerable children and families. It is the 15th largest private foundation in the United States, with assets of more than \$3 billion, and ranks 20th in the nation for charitable giving.
