2011 OSDPN MEETINGS & RSVP

THE OHIO SPECIALIZED DOCKETS PRACTITIONER NETWORK

With over 140 specialized dockets in operation throughout Ohio, the Supreme Court of Ohio, the Ohio Department of Alcohol and Drug Addiction Services and the Ohio Department of Mental Health have recognized the need for interaction among the professionals that staff these courts. In order to provide such a forum, the Ohio Specialized Docket Practitioner Network was created to provide peer support and technical assistance to these programs. The Network is comprised of several sub-networks that meet by discipline. These sub-network meetings allow specialized docket practitioners to discuss the challenges and successes they have faced in their specific role on the specialized docket court team. In addition, the sub-network meetings offer opportunities for specialized docket professionals to provide program updates, discuss program operations, and discover innovative and effective strategies employed by other specialized dockets. If you are a member of a court's specialized docket team and would like to participate in the Network or learn more, then please contact our office at (614) 387-9425.

SUPREME COURT ADOPTS SPECIALIZED DOCKETS STANDARDS

The Supreme Court of Ohio has adopted a new rule that allows local courts to receive Supreme Court certification of a specialized docket. The rule takes effect on Jan. 1, 2013. The rule allows a court operating or establishing a particular session of court to apply for certification of the session from the Supreme Court. The session must offer a therapeutically oriented judicial approach to providing court supervision and appropriate treatment to individuals placed in it. Upon receipt of Supreme Court certification, the session may be referred to as a “specialized docket.” Since the establishment of the Hamilton County Drug Court in 1995, Ohio has been recognized as a national leader in the implementation of specialized dockets. In 2001, the Supreme Court created the Specialized Dockets Section to assist and support local courts in developing specialized programs uniquely tailored to helping specific populations within the court system. Today, there are nearly 150 specialized dockets operating in Ohio including drug courts, mental health courts, re-entry courts, OVI courts, veterans courts, sex offender courts, felony non-support courts and domestic violence courts. The 12 standards included in the newly adopted Rule 36.02 of the Rules of Superintendence for the Courts of Ohio are intended to create a minimum level of uniform practices while still allowing courts to tailor operations to meet their local needs. The standards spell out the procedure for certification. They require courts to engage in a planning process for their specialized docket programs, use a non-adversarial approach, hold regular treatment team meetings, and conduct regular status review hearings for individuals placed in the programs. The standards specifically exempt commercial dockets, housing dockets and environmental dockets from the requirements of the rule. [View the complete language of the rule.](#)

But he didn’t just wake up one day and find himself a drug addict, and he said if it weren’t for the case managers and Judge David T. Matia of drug court, he would be in prison. Or dead. Founded in 1948, the primary mission of the Foundation is to foster public policies, human-service reforms, and community supports that more effectively meet the needs of vulnerable children and families. It is the 15th largest private foundation in the United States, with assets of more than \$3 billion, and ranks 20th in the nation for charitable giving.

HOW TO USE THE SAMHSA RECOVERY MONTH TOOLKIT TO PROMOTE TEEN RECOVERY *By Christa Myers*

As a busy project director for Reclaiming Futures Hocking County, communications with the community and positive staff recognition often fall to the bottom of my to-do list, despite my best intentions. This is why the designation of September as National Recovery Month by the Substance Abuse and Mental Health Services Administration (SAMHSA) and their annual Recovery Month toolkit is extremely helpful to me. I know that during the month of August and September, I will be focusing my efforts on helping to promote prevention, treatment and long-term recovery from substance use disorders, and that there are resources available to help me easily complete my mission.
