***2018 Technology Grant Fund - Application Reviewer***

Thank you for your interest in volunteering to review Technology Grant applications. ***Your assistance is crucial to the successful distribution of the Technology Grant funds – estimated to be \$2.7 million.***

Volunteers will review project proposals received from Ohio courts and evaluate the proposals based on pre-determined criteria. Those projects with the highest scores will be recommended for funding.

The open period for the Court to receive applications is scheduled for the middle of November and close by the middle of December.

***The review of applications is anticipated to be released to volunteers on January 15, 2018 and returned to the Court by January 26, 2018.*** Volunteers will review their assigned project proposals using a scoring rubric. ***The estimated time commitment is about eight hours.*** This review process will take place electronically; all volunteers will need access to a computer to use Excel, the Internet, and email during the review period. All volunteer reviewers must be court-affiliated personnel, e.g. judges, magistrates, clerks, bailiffs, probation officers, information technology or other court staff.
