# CHARTER OF CITY OF CLEVELAND

---

Note: The original City Charter was adopted by the electors at a special election on July 1, 1913, certified to the Secretary of State on July 4, 1913, and effective January 1, 1914. Dates appearing in parentheses after a section indicate the effective date of such section either as an amendment, new enactment or repeal.

The inclusion of the Charter of the City of Cleveland in this publication of the Codified Ordinances of the City of Cleveland has suggested the desirability of providing chapter arrangement and titles for the respective sections of the Charter, and accordingly these have been supplied by the editor, although they do not appear in the Charter as adopted and amended by the electors.

**DIRECTIVE  
(OPINION ATTACHED)**

Before Chairman Mayton, Vice Chairman Gillmor, and Board Member Verich:  
September 28, 2006.

On April 11, 2005, the Municipal Construction Equipment Operators' Labor Council ("MCEOLC") filed a "Petition for Administrative Hearing," in which it requested that the State Employment Relations Board ("SERB" or "Board") appoint a hearing examiner to adjudicate certain issues that the Ohio Supreme Court had found, in Consolo v. City of Cleveland (2004), 103 Ohio St.3d 362, 2004-Ohio-5389, to be within SERB's jurisdiction. On August 25, 2005, the Board issued an Order Directing Administrative Hearing identifying seven questions to be addressed through the hearing by the Administrative Law Judge.

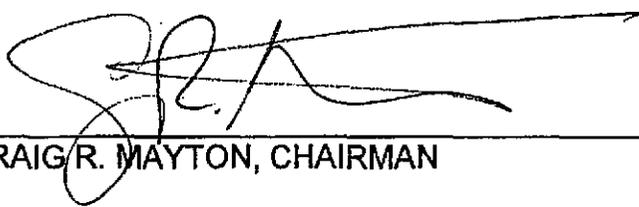

On February 6, 2006, a hearing was held. Subsequently, all parties filed post-hearing briefs. On July 20, 2006, a Recommended Determination was issued by the Administrative Law Judge. On August 16, 2006, the City of Cleveland filed exceptions to the Recommended Determination. On August 29, 2006, MCEOLC filed a response to the exceptions. On September 1, 2006, the International Union of Operating Engineers, Local 18 filed a petition to join the response of MCEOLC in support of the Recommended Determination.

After reviewing the record, the Recommended Determination, the Employer's exceptions, the Employee Organizations' responses to the exceptions, and all other filings in this case, the Board construes the Analysis and Discussion in the Administrative Law Judge's Recommended Determination as Conclusions of Law; adopts the Introduction, Procedural History, Issues, Findings of Fact, and Analysis and Discussion/Conclusions of Law in the Administrative Law Judge's Recommended Determination, incorporated by reference; and finds that: (1) International Union of Operating Engineers, Local 18 was not a deemed-certified bargaining agent on or before April 1, 1984, for those persons employed by the City of Cleveland as construction equipment operators; (2) International Union of Operating Engineers, Local 18 was not the exclusive representative for the construction equipment operators at any time during the period of 1994 through 1998; (3) the City of Cleveland and International Union of Operating Engineers, Local 18 informed the construction equipment operators of the prevailing wage rate agreed to by International Union of Operating Engineers, Local 18 and the City of Cleveland to settle a contempt action, but International Union of Operating Engineers, Local 18 did not negotiate a decrease in compensation of those persons employed by the City of Cleveland as construction equipment operators with the knowledge or consent of the construction equipment operators; (4) no evidence was presented in the record showing that International Union of Operating Engineers, Local 18 informed the City of Cleveland that the construction equipment operators themselves, as individual employees, had agreed to a decrease in compensation; (5) the wages of the construction equipment operators who were appellees in Consolo v. City of Cleveland (2004), 103 Ohio St.3d 362, 2004-Ohio-5389, were not the result of collective bargaining between International Union of Operating Engineers, Local 18 and the City of Cleveland; and (6) no evidence was presented in the record showing that any benefits package was negotiated or implemented for the construction equipment operators until February 2005, which was after SERB certified the Municipal Construction Equipment Operators' Labor Council as the construction equipment operators' exclusive representative in January 2003.

It is so ordered.

MAYTON, Chairman; GILLMOR, Vice Chairman; and VERICH, Board Member,  
concur.

Administrative Law Judge**

**RECOMMENDED  
DETERMINATION**

**I. INTRODUCTION**

On April 11, 2005, the Municipal Construction Equipment Operators' Labor Council ("MCEOLC") filed a "Petition for Administrative Hearing," in which it requested that the State Employment Relations Board ("SERB" or "Board") appoint a hearing examiner to adjudicate certain issues that the Ohio Supreme Court had found to be within SERB's jurisdiction in Consolo v. City of Cleveland (2004), 103 Ohio St.3d 362, 2004-Ohio-5389. On August 25, 2005, the State Employment Relations Board ("SERB" or "Board") issued an Order Directing Administrative Hearing. In its order, SERB stated as follows:

We have considered the arguments raised by Local 18 and the Employer maintaining that the Board possesses no legal authority to conduct such a hearing outside the parameters of an unfair labor practice charge proceeding. However, in this particular matter, in which the Ohio Supreme Court has specifically identified issues that it says must first be addressed by SERB, we have decided to exercise our plenary jurisdiction to resolve them. We are cognizant of the mandate of Ohio Revised Code § 4117.22, which charges SERB with construing Chapter 4117 liberally to promote orderly and constructive relationships between public employers and public employees.

Thereafter, the Board assigned this Administrative Law Judge to take testimony for the purpose of preparing recommendations to the Board on seven questions. A hearing was held on February 6, 2006, wherein testimonial and documentary evidence was presented. Subsequently, all parties filed post-hearing briefs.

## II. PROCEDURAL HISTORY

In 1973, the Ohio Supreme Court decided Pinzone v. Cleveland (1973), 34 Ohio St.2d 26 ("Pinzone"), holding that, under Section 191 of the City Charter of the City of Cleveland, wages for building and construction trades employees working for the City should be paid at the prevailing wage rates in the private sector, in accordance with a private sector contract between Cleveland Building and Construction Trades Employers Association and the Mechanical Contractors Association. The City argued that such items as paid sick leave, greater job security and more steady employment could be offset against the higher base wage in private industry. The Court disagreed: "Permitting an offset for such 'fringe benefits' would necessarily encourage arbitrary and probably inaccurate lowerings of the base municipal wage scale. Clearly, this is not the intent or meaning of Section 191." Pinzone, supra at 31.

In State ex rel. Internatl. Union of Operating Engineers v. Cleveland (1992), 62 Ohio St.3d 537 ("IUOE"), an action in mandamus brought by Local 18 as the bargaining representative for construction equipment operators and master mechanics (collectively, "CEOs") working for the City, the Ohio Supreme Court issued a writ of mandamus ordering the City to pay back and future wages to the CEOs in accordance with the City Charter.

In 2001, forty CEOs filed a complaint in the court of common pleas, asserting that the City was not compensating them in accordance with IUOE and the City Charter.<sup>1</sup> See Consolo v. Cleveland (2004), 103 Ohio St.3d 362, 2004-Ohio-5389 ("Consolo"). In Consolo, the CEOs claimed that the City stopped paying increases in prevailing wages after 1993 and that the City stopped paying pension contributions in 1998. The CEOs additionally claimed that in 1998, Local 18 negotiated with the City on their behalf but without their authorization. The CEOs claimed that Local 18 and the City verbally agreed that the CEOs would waive their rights to pension contributions and prevailing wage increases. Local 18 and the City argued that the CEOs' claims belonged before SERB as unfair labor practices because Local 18 was the CEOs' exclusive bargaining representative during the time periods in question. The trial court dismissed the CEOs' claims, holding that the allegations were tantamount to unfair labor practice claims and thus within SERB's exclusive jurisdiction. The CEOs appealed. Ultimately, the Ohio Supreme Court upheld the trial court's dismissal, holding that SERB has the exclusive authority to determine whether the CEOs' compensation levels were the result of collective bargaining. However, the Ohio Supreme Court noted the following arguments asserted by the CEOs as appellees in the Consolo litigation:

---

<sup>1</sup> On January 30, 2003, SERB certified the MCEOLC as the exclusive representative of City employees in a bargaining unit including CEOs.

It is important to note that the appellees' allegations are contrary to facts stipulated in IUOE. Appellees assert that Local 18 is not and never has been their exclusive bargaining representative. They also assert that the R.C. 4115.03(E) definition of "prevailing wage" is controlling. Before visiting the prevailing-wage issue, we first focus upon Local 18's relationship with appellees.

The city contends that appellees were in privity with Local 18 in IUOE and that the stipulations from IUOE estop appellees from asserting that Local 18 is not their exclusive bargaining representative. Collateral estoppel, however, does not apply because IUOE does not speak to Local 18's current status as collective-bargaining representative. Hence, even if appellees might otherwise have been estopped from litigating issues decided by IUOE, the identity of appellees' bargaining representative after 1992 was not an issue addressed in that opinion. Moreover, Local 18's status was neither actually litigated nor essential to our judgment. Local 18's status as a collective-bargaining representative appears to have been stipulated in IUOE to demonstrate its standing to file suit against the city. Here, appellees agree that Local 18 was a collective-bargaining agent but not their exclusive bargaining agent as contemplated by R.C. 4117.05. This distinction was immaterial to our IUOE decision. It may be key here. Therefore, IUOE does not bar appellees from arguing that Local 18 is not their exclusive bargaining agent.

Consolo, supra at 364-365. The Court concluded, in relevant part, as follows: "If appellees' compensation levels were the result of collective bargaining under R.C. Chapter 4117, then the city's charter provisions would be inapplicable.... If appellees prevail before SERB on their claim that their wages did not result from collective bargaining, then the city charter controls." Consolo, supra at 367.

Following the Ohio Supreme Court's decision in Consolo, the MCEOLC filed its "Petition for Administrative Hearing" with SERB.

### III. ISSUES

The following seven questions were presented by the Board for the Administrative Law Judge's consideration:

1. Whether before April 1, 1984, the International Union of Operating Engineers, Local 18 ("Local 18") ever was the deemed-certified representative of those persons employed by the City as construction equipment operators, who are now represented by the Municipal Construction Equipment Operators' Labor Council ("MCEOLC") as their exclusive bargaining agent.

2. If Question No. 1 is answered affirmatively, how long may a deemed certified representative retain that status if Local 18 never complied with the reporting requirements of § 4117.19<sup>2</sup>?

3. Was Local 18 the "exclusive representative" of those persons employed by the City of Cleveland ("City") as construction equipment operators anytime during the period of 1994 through 1998?

4. Did Local 18 negotiate with the City a decrease in compensation of those persons employed by the City as construction equipment operators without their knowledge or consent?

5. Did Local 18 falsely inform the City that those persons employed by the City as construction equipment operators had agreed to a decrease in compensation?

6. Were the wages of the construction equipment operators who were appellees in Consolo v. City of Cleveland (2004), 103 Ohio St.3d 362, [2004-Ohio-5389,] the result of collective bargaining between Local 18 and the City?

7. Did the City and Local 18 negotiate and implement a benefits package that provided the construction equipment operators described above in Paragraph (6) with equal or better benefits than are provided by the City Charter?

#### IV. FINDINGS OF FACT<sup>3</sup>

1. The MCEOLC is an "employee organization" as defined in § 4117.01(D). (Consent Election Agreement, December 2002, SERB Case No. 02-REP-06-0116)

2. The International Union of Operating Engineers, Local 18 ("Local 18"), is an "employee organization" as defined in § 4117.01(D). (Consent Election Agreement, December 2002, SERB Case No. 02-REP-06-0116)

3. The City of Cleveland ("City") is a "public employer" as defined in § 4117.01(B). (Consent Election Agreement, December 2002, SERB Case No. 02-REP-06-0116)

4. During the years before and at the time Chapter 4117 became effective, the Civil Service Employees Association ("CSEA") represented dues-paying civil service employees of the City by filing grievances on their behalf. The CSEA was open to all civil service employees, without regard to union affiliation. (T. 23, 57-58, 60)
5. Before and after Chapter 4117 became effective, the Construction Equipment Operators ("CEOs") working for the City received the prevailing wage under Section 191 of the City Charter. The CEOs relied upon Local 18 to inform the City of the current prevailing wage under Local 18's Building Agreement with the Construction Employers Association ("Building Agreement"). (T. 46, 111; U Exhs. 11-17; P. Exhs. 34-37)
6. On March 1, 1983, seven individual CEOs employed in the City's Water Department signed a letter to the Commissioner of the Water Department, accepting a new policy put in place by the department that clarified when the employees would receive overtime pay. Their signatures on the letter are witnessed by Local 18 Business Representative Dudley Snell. At that time, approximately 50 CEOs were employed by the City in various departments, including water, parks, streets, and the municipal power plant. (T. 124; C. Exh. 1, p. 7)
7. In 1987, employee organizations representing several bargaining units of employees working for the City entered into collective bargaining agreements with the City. These collective bargaining agreements typically involved wages in the amount of 80 percent of the prevailing wage rate, plus City fringe benefits. Although they were not receiving City fringe benefits, the CEOs did not want a collective bargaining agreement with a wage rate lower than the prevailing wage. The CEOs rejected the collective bargaining agreement proposed by the City. (T. 107-108; C. Exh. 1, pp. 7-9)
8. Between 1988 and 1996, many CEOs joined Local 18 and signed dues deduction authorization cards. (C. Exh. 8)
9. In 1992, the Ohio Supreme Court granted a writ of mandamus directing the City to comply with City Charter Section 191 by paying back and future wages to the City's CEOs in accordance with prevailing wage rates. Local 18 brought the mandamus action on behalf of its members who were working as CEOs for the City. State ex rel. Internatl. Union of Operating Engineers v. Cleveland (1992), 62 Ohio St.3d 537 ("IUOE").
10. On August 6, 1996, a meeting of Local 18 members working for the City was held at Local 18's Cleveland headquarters. At this meeting, Local 18 President Dudley Snell asked the members if they would like to vote on whether they wanted Local 18 to negotiate a contract with the City on their behalf. The members voted not to authorize Local 18 to represent them in negotiating a contract with the City. (T. 25-26, 27, 106, 132; P. Exh. 45)

11. After 1993, the City disputed the prevailing wage rate it was required to pay the CEOs. The City argued that it was entitled to offset certain items from the private sector prevailing wage rate. Local 18 then filed a contempt action to compel the City to comply with the terms of the Ohio Supreme Court's decision in IUOE, supra. In 1998, Local 18 and the City resolved this litigation by agreeing to a calculation of the prevailing wage rate that included a deduction for pension contributions, and Local 18 dismissed the contempt action. Local 18 President Snell and Assistant City Law Director Thomas Corrigan held a meeting with the CEOs to explain how Local 18 and the City had calculated the prevailing wage rate. The CEOs were not asked to vote on, and never voted to approve, the settlement of the litigation or the calculation of the prevailing wage rate. (T. 35-36, 134-135, 139-142, 143-144, 159-160; C. Exh. 1, pp. 24-27)

12. No City records can be found to indicate that the City Council approved a collective bargaining agreement between the City and a union that represented a bargaining unit including CEOs and master mechanics prior to February 14, 2005. (S., T. 12)

13. No City records indicate the receipt by the City prior to April 1, 1984, of a request for recognition by Local 18 to be the exclusive bargaining representative for a bargaining unit which included CEOs and master mechanics. (S., T. 13)

14. During the period of time from April 1, 1984 to February 5, 2002, SERB has no record of certification or recognition for the CEOs employed by the City in its Division of Streets or Division of Water. (P. Exh. 48)

15. On June 28, 2002, the MCEOLC filed a Request for Recognition with SERB, seeking to represent a proposed bargaining unit of City employees in the classifications of Master Mechanic, Construction Equipment Operator A, and Construction Equipment Operator B, within the City's Departments of Public Utilities and Public Service. (SERB Case No. 02-REP-06-0116)

16. Following the execution of a Consent Election Agreement, SERB conducted a secret ballot election on January 16, 2003. On January 30, 2003, SERB certified the MCEOLC as the exclusive representative of the employees in the proposed bargaining unit. (SERB Case No. 02-REP-06-0116)

## **V. ANALYSIS AND DISCUSSION**

### **RECOMMENDED ANSWERS TO THE SEVEN QUESTIONS PRESENTED**

1. Whether before April 1, 1984, the International Union of Operating Engineers, Local 18 ("Local 18") ever was the deemed certified representative of those persons employed by the City as construction equipment operators, who are now represented by the Municipal Construction Equipment Operators' Local Council ("MCEOLC") as their exclusive bargaining agent.

No. After examining the facts, and for the reasons that follow, it is recommended that Local 18 never was the deemed-certified representative of the CEOs.

1983 S 133, § 4, also referred to in SERB Opinions as the "temporary law" or the "uncodified law," provides in relevant part as follows:

(A) Exclusive recognition through a written contract, agreement, or memorandum of understanding by a public employer to an employee organization whether specifically stated or through tradition, custom, practice, election, or negotiation the employee organization has been the only employee organization representing all employees in the unit is protected subject to the time restriction in division (B) of section 4117.05 of the Revised Code. Notwithstanding any other provision of this act, an employee organization recognized as the exclusive representative shall be deemed certified until challenged by another employee organization under the provisions of this act and the State Employment Relations Board has certified an exclusive representative.

(B) Any employee organization otherwise recognized by the public employer without a written contract, agreement, or memorandum of understanding shall continue to be recognized until challenged as provided in this act, and the Board has certified an exclusive representative.

(C) Nothing in this act shall be construed to permit an employer to terminate or refuse to make payroll deductions of dues, fees, or assessments to any employee organization pursuant to written authorization; except that the deductions may not continue to be made after another employee organization has been certified under this act by the Board.

\*\*\*

(F) This act does not preclude any nonprofit, voluntary, bona fide organization which, by tradition, custom and practice, has engaged in the processing of grievances for public employees before political subdivision civil service commissions as of June 1, 1983, from providing the services it has heretofore offered on a voluntary basis or from receiving a voluntary check-off of dues.

In In re City of Akron, SERB 94-012 (4-28-94) ("Akron"), at p. 3-81, SERB explained deemed-certified status as follows:

An employee organization has deemed-certified status if, at the time Chapter 4117 went into effect, it was recognized by the employer as the

exclusive bargaining representative of certain employees of an employer in a specific bargaining unit. Thus, the crucial time for determining deemed-certified status is the law's effective date, April 1, 1984. The policy behind creating deemed-certified status was to preserve the status quo when the new law took effect and to ensure stability in public sector labor relations as the state entered an era of regulated collective bargaining.

The controlling factor in determining deemed-certified status is the type of relationship existing between the employee organization and the employer on April 1, 1984, specifically whether the employer exclusively recognized the employee organization as the representative of certain employees of an employer in a given bargaining unit at that time. Obviously, the most significant indicator of exclusive recognition is a collective bargaining agreement or memorandum of understanding between the employee organization and the employer in effect on that date, which by its terms recognizes the employee organization as the exclusive representative. However, exclusive recognition not specifically written might be proven through tradition, custom, practice, election, or negotiation.

In this case, the parties agree that no collective bargaining agreement or other writing exists to establish Local 18 as the exclusive representative of the CEOs. Even Local 18 asserts that the CEOs limited Local 18's "representation" to periodically informing the City of the amount of the prevailing wage under the Building Agreement and to representing the CEOs in grievance proceedings.

SERB examined the concept of exclusive recognition established through tradition, practice and negotiation in SERB v. City of Bedford Hts., SERB 87-016 (7-24-87), aff'd 41 Ohio App. 3d 21 (11-25-87) ("Bedford Hts."). In Bedford Hts., a memorandum of understanding was in effect from January 1984 to December 1985, which encompassed the crucial time for deemed-certified status. However, the memorandum contained no provision recognizing the employee organization as the exclusive representative of the employees. Because the contract was silent on the issue of exclusive recognition, the Board looked to the parties' tradition, custom, and negotiation to ascertain the employee organization's status.

The facts in Bedford Hts. are significantly different from those presented in this case, where the parties have never entered into a contract. Here, as in Akron, supra, the absence of any collective bargaining agreement on April 1, 1984, presents particular difficulties in establishing exclusive recognition:

Although exclusive recognition may conceivably be established without a formal contract in existence on April 1, 1984, the party seeking to prove such status without a contract has a substantial burden.... A collective bargaining agreement, even one without an exclusive recognition clause,

is probative of the parties' relationship and may contribute to establishing exclusive recognition. The existence of a contract shows that the employer and the employee organization conducted negotiations on terms and conditions of employment. Typically, the contract identifies the employees covered by the contract or the bargaining unit. Where no contract exists, status must be proven solely by evidence of live conduct and interaction between the parties, which rises to the level of exclusivity.

Akron, supra at 3-82.

Here, without a contract, the City and Local 18 rely on dues deductions and grievance processing to establish exclusive representative status as of April 1, 1984. These factors are not persuasive. Under § 4(C) of the temporary law, an employer cannot refuse to make dues deductions under written authorization where no certified representative exists. But § 4(C) does not vest an employee organization with deemed-certified status. Under § 4(F) of the temporary law, an organization does not even have to be an employee organization to be allowed to continue processing grievances and have dues deducted if such was done as of June 1, 1983. An organization does not become deemed certified only by processing grievances and having dues deducted. Akron, supra at 3-82. Furthermore, the evidence in the record reveals that both Local 18 and the CSEA were involved in processing the CEOs' grievances. Even for grievance processing purposes, Local 18 was not an exclusive representative.

Moreover, the record does not establish that the City ever actually *negotiated* wages with Local 18 before April 1, 1984. The record shows only that Local 18 periodically wrote letters *informing* the City of the prevailing wage rate under the Building Agreement.<sup>4</sup> Even Local 18 does not characterize the CEOs' wages as being the result of collective bargaining: "The wages paid the CEOs were based upon the City Charter requiring the city of Cleveland, absent a collective bargaining agreement, to pay the prevailing wage rate negotiated between construction union and private employers."<sup>5</sup>

The only other documentary evidence of pre-April 1, 1984 contact between the City and Local 18 is a March 1, 1983 document involving Local 18 members who worked in the City's Water Department. According to a March 2, 1983 cover letter sent from the Commissioner of the Water Department to the Assistant Commissioner, the subject of the document is a staggered work week for the employees. Most significant about this document is that it was signed by the employees themselves, "acknowledg[ing] their agreement to the policy change." The Local 18 business representative's signature appears only in the capacity of witness to the employees' signatures.<sup>6</sup> Rather than an indication of exclusive recognition, this document

<sup>6</sup> C. Exh. 1, pp. 6-7.

corroborates the hearing testimony of CEO witness Anthony Mangano, who stated that he understood that he was on his own regarding conditions of employment.<sup>7</sup>

The earliest documentation of specific discussions on working conditions between the City and Local 18 are July and August 1987 letters involving efforts to negotiate a collective bargaining agreement.<sup>8</sup> Such efforts, even if they culminated in a written collective bargaining agreement, could not make Local 18 a deemed-certified representative because the critical date, April 1, 1984, had long passed. "Private agreements reached after April 1, 1984 cannot bestow on the employee organizations involved deemed-certified status and do not confer 4117 rights." Akron, supra at 3-82.

In sum, the parties in Bedford Hts. engaged in regular, full-fledged contract negotiations. The relationship between the City and Local 18 does not rise to the level of contract negotiations. In Bedford Hts., the description of the bargaining unit was clear. In this case, no evidence of a bargaining-unit description exists. And finally, in Bedford Hts., the employee organization had a written memorandum of understanding with the City effective January 1984 to December 1985, even though the written agreement was silent on the recognition issue. In the instant case, the City and Local 18 never signed a written agreement.

"Section 4 of the Temporary Law was designed to maintain the status quo in those public sector employer-employee collective-bargaining relationships predating April 1, 1984. But not all the degrees, shapes and forms of collective bargaining permitted by Chapter 4117 result in deemed-certified status. Only the existence of exclusive recognition on April 1, 1984 creates deemed-certified status after April 1, 1984." Akron, supra at 3-83 to 3-84. The record in the case at issue does not establish that the relationship between the City and Local 18 was one of exclusive recognition on April 1, 1984. Thus, Local 18 never was a deemed-certified representative of the CEOs employed by the City.

2. If Question No. 1 is answered affirmatively, how long may a deemed certified representative retain that status if Local 18 never complied with the reporting requirements of Ohio Revised Code Section 4117.19?

The answer to Question No. 1 is no. Therefore, Question No. 2 is not applicable.

3. Was Local 18 the "exclusive representative" of those persons employed by the City of Cleveland as construction equipment operators anytime during the period of 1994 through 1998?

No, Local 18 was not the exclusive representative of the CEOs at any time. Under Question No. 1, supra, Local 18 was not deemed certified. Furthermore, it is

---

<sup>7</sup> T. 98, 112.

<sup>8</sup> F.F. No. 7.

undisputed that SERB has never certified Local 18 as the exclusive collective-bargaining representative for the CEOs under § 4117.05.

4. Did Local 18 negotiate with the City a decrease in compensation of those persons employed by the City as construction equipment operators without their knowledge or consent?

The record demonstrates that in 1998, the City and Local 18 informed the CEOs of the prevailing wage rate agreed to by Local 18 and the City to settle a contempt action. The CEOs did not consent to the prevailing wage rate agreed upon.

After 1993, the City disputed the prevailing wage rate it was required to pay the CEOs. The City argued that it was entitled to offset certain items from the private sector prevailing wage rate. Local 18 then filed a contempt action to compel the City to comply with the terms of IUOE, supra. In 1996, Local 18 members working for the City voted, at a meeting called by Local 18 President Snell, on whether to authorize Local 18 to negotiate a contract with the City. The members voted no. Thereafter, in 1998, Local 18 and the City resolved their litigated dispute over the calculation of the prevailing wage rate. Local 18 President Dudley Snell and Assistant City Law Director Thomas Corrigan held a meeting with the CEOs to explain how Local 18 and the City had calculated the prevailing wage rate.<sup>9</sup> At this meeting, the CEOs were not asked to approve or consent to the prevailing wage rate agreed to by Local 18 and the City in settlement of the contempt action.

5. Did Local 18 falsely inform the City that those persons employed by the City as construction equipment operators had agreed to a decrease in compensation?

No. No evidence is present in the record that Local 18 informed the City that the CEOs themselves, as individual employees, had agreed to a decrease in compensation.

6. Were the wages of the construction equipment operators who were appellees in Consolo v. City of Cleveland (2004), 103 Ohio St.3d 362, [2004-Ohio-5389,] the result of collective bargaining between Local 18 and the City?

No. Collective bargaining cannot be held to have occurred because Local 18 never was the exclusive representative of the CEOs within the meaning of Chapter 4117. The wages paid to the CEOs were based upon the City Charter provision requiring the City to pay the prevailing wage rate in the Building Agreement negotiated between construction unions and private employers. Every witness who testified confirmed that Local 18 informed the City of the amount of prevailing wages only, and that Local 18 never was authorized by the CEOs to negotiate terms of employment.

---

<sup>9</sup> F.F. No. 10.

Furthermore, the City and Local 18 do not dispute that they never entered into a collective bargaining agreement. The City did not enter into a collective bargaining agreement with a bargaining unit of CEOs until February 2005, after SERB certified MCEOLC as the CEOs' exclusive representative in January 2003.

7. Did the City and Local 18 negotiate and implement a benefits package that provided the construction equipment operators described above in Paragraph (6) with equal or better benefits than are provided by the City Charter?

No. No evidence is present in the record that any benefits package was negotiated or implemented for the CEOs until February 2005, after SERB certified MCEOLC as the CEOs' exclusive representative in January 2003.

**ORDER**  
**(OPINION ATTACHED)**

Before Chairman Drake, Vice Chairman Gillmor, and Board Member Verich:  
August 5, 2004.

On June 17, 2003, the Municipal Construction Equipment Operators' Labor Council ("Intervenor") filed an unfair labor practice charge with the State Employment Relations Board ("Board" or "Complainant") alleging that the City of Cleveland ("Respondent") had violated Ohio Revised Code Sections 4117.11(A)(1) and (A)(5). On October 1, 2003, the Board found probable cause to believe an unfair labor practice had been committed and directed the unfair labor practice case to hearing.

On February 26, 2004, an expedited hearing was held. Subsequently, the parties filed briefs setting forth their positions. On April 15, 2004, a Proposed Order was issued by the Administrative Law Judge, recommending that the Board find that the Respondent violated Ohio Revised Code Sections 4117.11(A)(1) and (A)(5) when it engaged in bad-faith "surface bargaining" when it refused to propose any reasonable alternatives to the 31 pending bargaining items. On May 10, 2004, the Respondent filed exceptions to the Proposed Order. On May 24, 2004, the Complainant filed a response to the Respondent's exceptions.

After reviewing the record, the Proposed Order, and all other filings in this case, the Board adopts the Findings of Fact, Analysis and Discussion, and Conclusions of Law in the Proposed Order, incorporated by reference. The Board also issues this Order, with a Notice to Employees, to the City of Cleveland to cease and desist from interfering with, restraining, or coercing employees in the exercise of their rights guaranteed in Ohio Revised Code Chapter 4117, and from refusing to bargain collectively with the exclusive representative of its employees, by engaging in bad-faith "surface bargaining" when it refused to propose any reasonable alternatives to the 31 pending bargaining items during

the parties' negotiations for their initial collective bargaining agreement, and from otherwise violating Ohio Revised Code Sections 4117.11(A)(1) and (A)(5).

The City of Cleveland is hereby ordered to:

- (1) Bargain in good faith with the Municipal Construction Equipment Operators' Local Council toward an initial collective bargaining agreement;
- (2) Post for sixty days in all the usual and normal posting locations where bargaining-unit employees represented by the Municipal Construction Equipment Operators' Local Council work, the Notice to Employees furnished by the Board stating that the City of Cleveland shall cease and desist from actions set forth in paragraph (A) and shall take the affirmative action set forth in paragraph (B); and
- (3) Notify the Board in writing within twenty calendar days from the date the Order becomes final of the steps that have been taken to comply therewith.

It is so ordered.

DRAKE, Chairman; GILLMOR, Vice Chairman; and VERICH, Board Member, concur.

CITY OF CLEVELAND, :  
: PROPOSED ORDER  
Respondent. :

**I. INTRODUCTION**

On June 17, 2003, the Municipal Construction Equipment Operators' Labor Council filed an unfair labor practice charge against the City of Cleveland (the "City"), alleging that the City violated §§ 4117.11(A)(1) and (A)(5).<sup>1</sup> On October 1, 2003, the State Employment Relations Board ("SERB or "Complainant") found probable cause to believe that the City violated §§ 4117.11(A)(1) and (A)(5) by refusing to bargain in good faith.

On February 17, 2004, a complaint was issued. An expedited hearing was held on February 26, 2004, wherein the parties presented testimonial and documentary evidence. Subsequently, both parties filed post-hearing briefs.

**II. ISSUE**

Whether the City violated §§ 4117.11(A)(1) and (A)(5) by refusing to bargain in good faith?

### **III. FINDINGS OF FACT<sup>2</sup>**

1. The City of Cleveland is a "public employer" as defined by § 4117.01(B). (S. 1)
2. The Municipal Construction Equipment Operators' Local Council (the "Union") is an "employee organization" as defined by § 4117.01(D) and is the exclusive representative for a bargaining unit of the City's employees. (S. 2)
3. The Union was certified as the exclusive representative on January 30, 2003, replacing the International Union of Operating Engineers, Local 18. (S. 3)
4. Before the parties' initial collective bargaining session, as its initial proposal, the City mailed the Union a copy of a collective bargaining agreement it had recently reached with the Cleveland Building and Construction Trades Council ("CBCTC"). On May 14, 2003, the Union mailed the City a counterproposal. (S. 5, 6; C. Exhs. 3, 4, 5, 6, 7)
5. The City and the Union met for their first collective bargaining session on June 13, 2003. (S. 4)
6. The June 13, 2003 meeting began at 10 a.m. in Cleveland City Hall and was attended by five negotiating-team members from each side. (T. 20; Jt. Exh. 2)
7. Assistant Law Director William Sweeney spoke first. He outlined the City's position and explained how the City's proposal came about from extensive negotiations between the City and the CBCTC. Mr. Sweeney explained that the City did not want to enter into a collective bargaining agreement with the Union that differed substantially from the City's collective bargaining agreement with the CBCTC because this situation would cause "labor chaos" and disrupt the relationships the City had established with other unions. The City also stated that it could not offer different benefits to the Union. (T. 21-23, 26, 95-96, 97)
8. The City demanded that the Union move off its wage counterproposal of 100 percent of the prevailing wage rate contained in a contract known as the "Building Agreement" between the International Union of Operating Engineers,

- Local 18 and a number of private employers of construction equipment operators. The City demanded that the Union accept the City's wage proposal of 80 percent of a different prevailing wage rate contained in a contract known at the "Heavy Highway" contract. (T. 26-30)
9. The City reviewed with the Union a list of 31 items in the Union's counterproposal that the City viewed as unacceptable. Some of these items were unacceptable to the City because they differed from the City's current practices. The City also stated that it believed that the Union's proposals on management rights, overtime, and hiring were "illegal." The Union responded to the City's concern regarding management rights by offering to include a management rights clause in the collective bargaining agreement. (T. 31-32, 35, 61-62, 75-76, 79; C. Exh. 8)
  10. The Union asked the City to set aside the wage issue and move forward to negotiate the remaining items of concern that the City had reviewed with the Union. The City refused, stating only that the Union's counterproposal was unacceptable. The City took the position that it would not discuss anything further until the Union moved off its wage proposal. The City asked the Union to caucus for the purpose of preparing a different counterproposal on the wage issue and on the other issues. (T. 32, 33-34, 99, 105-106, 126-128, 154-155; R. Exh. 2)
  11. The Union refused to withdraw its counterproposal and submit new counterproposals. The City would not discuss anything further. The City left the bargaining session. The session lasted 52 minutes. (T. 33-35, 126-128)

#### **IV. ANALYSIS AND DISCUSSION**

Section 4117.11 provides in relevant part as follows:

- (A) It is an unfair labor practice for a public employer, its agents, or representatives to:
  - (1) Interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in Chapter 4117. of the Revised Code\*\*\*;  
\* \*
  - (5) Refuse to bargain collectively with the representative of its employees recognized as the exclusive representative \*\*\* pursuant to Chapter 4117. of the Revised Code[.]

Section 4117.01(G) provides as follows:

"To bargain collectively" means to perform the mutual obligation of the public employer, by its representatives, and the representatives of its employees to negotiate in good faith at reasonable times and places with respect to wages, hours, terms, and other conditions of employment and the continuation, modification, or deletion of an existing provision of a collective bargaining agreement, with the intention of reaching an agreement, or to resolve questions arising under the agreement. "To bargain collectively" includes executing a written contract incorporating the terms of any agreement reached. The obligation to bargain collectively does not mean that either party is compelled to agree to a proposal nor does it require the making of a concession.

At issue in this case is whether the City engaged in bad-faith bargaining during the June 13, 2003 negotiation session. Based upon the record herein, the City bargained in bad faith in violation of §§ 4117.11(A)(1) and (A)(5).<sup>3</sup> In In re Springfield Local School Dist Bd of Ed, SERB 97-007 (5-1-97), at 3-46, SERB stated as follows:

Good-faith bargaining is determined by the totality of the circumstances. The duty to bargain does not compel either party to agree to a proposal or require either party to make a concession. A circumvention of the duty to bargain, regardless of subjective good faith, is unlawful. Hard bargaining, however, is not bad-faith bargaining.

In the private sector, when a party is found to have used negotiation techniques to frustrate or avoid mutual agreement, that party is said to have engaged in "surface bargaining." A party is alleged to have engaged in surface bargaining based upon the totality of its conduct at or away from the bargaining table, since an intent to frustrate an agreement is rarely articulated. "More than in most areas of labor law, distinguishing hard bargaining from surface bargaining calls for sifting a complex array of facts, which taken in isolation may often be ambiguous." "[I]f the Board is not to be blinded by empty talk and by the mere surface motions of collective bargaining, it must take some cognizance of the reasonableness of the positions taken by an employer in the course of bargaining negotiations." Although an employer may be willing to meet at length and confer with the union, the employer has refused to bargain in good faith if it merely goes through the "motions" of bargaining, such as where an employer offers a proposal that cannot be accepted, along with an inflexible attitude on major issues and no proposal of reasonable alternatives. We adopt the foregoing treatment of "surface bargaining" as persuasive authority under O.R.C. Chapter 4117.

---

<sup>3</sup> Section 4117.11(A)(1) represents an alleged derivative violation of § 4117.11(A)(5) in this instance. In re Amalaamated Transit Union, Local 268, SERB 93-013 (6-25-93) at n.14.

In In re Toledo City School Dist Bd of Ed, SERB 2001-006 (10-1-01) ("Toledo"), the Board found that "hard bargaining" had occurred. In that case, the union was not required to back down from its position, nor was the employer required to give in to the union's demands. But in that case, the parties exchanged proposals and counterproposals on several occasions. Through negotiations, the parties were able to resolve many issues before reaching ultimate impasse on the remaining issue.

Despite its protestations that it was not refusing to bargain, the City's conduct at the June 13, 2003 meeting can only be described as "surface bargaining." The City refused to engage with the Union in any give-and-take whatsoever. The City expressed a desire to obtain the Union's consent to the terms set forth in the CBCTC agreement. The City's expressed desire for uniformity evidenced an inflexible attitude on major issues. The City's refusal to make any counterproposals to the Union's opening counterproposal indicates that while the City was willing to "meet and confer" with the Union on June 13, 2003, the City was not willing to propose any reasonable alternatives on the 31 items at issue. Thus, the City, unlike the employer in the Toledo case, engaged in "surface bargaining," not hard bargaining.

The City rejected the Union's suggestion that the parties table the wage issue for the moment and move on to negotiate other items. When the Union refused to submit another counterproposal despite the lack of movement by the City, the City terminated the negotiation session. The City's inflexible attitude on June 13, 2003, constituted bad-faith "surface bargaining" in violation of §§ 4117.11(A)(1) and (A)(5).

#### V. CONCLUSIONS OF LAW

Based upon the entire record herein, this Administrative Law Judge recommends the following Conclusions of Law:

1. The City of Cleveland is a "public employer" as defined by § 4117.01(B).
2. The Municipal Construction Equipment Operators' Local Council is an "employee organization" as defined by § 4117.01(D).
3. The City of Cleveland violated §§ 4117.11(A)(1) and (A)(5) by engaging in bad-faith "surface bargaining" when it refused to propose any reasonable alternatives to the 31 pending bargaining items.

#### VI. RECOMMENDATIONS

Based upon the foregoing, the following is respectfully recommended:

- (2) Refusing to bargain collectively with the exclusive representative of its employees by engaging in bad-faith "surface bargaining" when it refused to propose any reasonable alternatives to the 31 pending bargaining items, and from otherwise violating Ohio Revised Code Section 4117.11(A)(5).

From N. Jackson, Assistant Commissioner to Julius Ciacca, Commissioner of Division of  
Water, dated October 28, 1993 - calculating the prevailing wage under the Building  
Agreement

# CITY OF CLEVELAND

## Inter-Office Correspondence

Date: October 28, 1993  
To: Julius Ciaccia, Jr., Commissioner  
Division of Water  
From: Nicholas P. Jackson  
Assistant Commissioner  
Subject: CEO Benefits

As you are aware, there was a recent ruling by the Courts requiring the City of Cleveland to pay prevailing wages to our Construction Equipment Operators along with back pay for overtime and incorrect wages. I have questioned some of the language requiring us to pay these wages. Therefore, I have been reviewing the contract between the Construction Employee Association Building Agreement and the International Union of Operating Engineers, which is what was used as the basis for determining the prevailing wages, and have found that we (the City of Cleveland) may have been improperly paying the CEOs. Not only as they are currently being paid, but the thousands of dollars of back pay which they have received may not have been properly calculated.

Indicated in the agreement between the two parties listed above, are requirements of Fringe Benefits to be paid. However, as indicated in Article IV, Paragraph 38, "Fringe Benefit Contributions shall be paid at the following rates for all hours paid to each employee by the employer under the agreement which shall in no way be considered or used in the determination of overtime pay". This being the case, we have paid several thousands of dollars to this group unnecessarily.

The break down of their salaries is as follows:

* Base Rate Group "A" Zone 1	\$23.02/Hr.
Health & Welfare	2.16/Hr.
Pension	2.00/Hr.
Apprenticeship	.25/Hr.
IAP (State)	.05/Hr.
CISP (Cleveland)	.07/Hr.
Total	\$27.55/Hr.

\* However, based on Article IV, Paragraph 38, all overtime should be calculated based on the \$23.02/Hr., not \$27.55/Hr.

Apparently, we have been paying all overtime on the \$27.55/Hr., which means that the \$4.53/Hr. in Fringe Benefits was not only paid, but with a premium added to them, which should not have been.

I am not sure if all back monies recently paid were calculated with the Fringe Benefits included. However, I know that in the past, we (CWD) have paid all overtime with the benefit included, which was wrong.

Therefore, it is my recommendation that first, effective immediately, any overtime that is to be paid, be paid only on the base salary in the Division of Water. Furthermore, determine if all or any back pay was paid with benefits included. If it is determined that back monies were paid with benefits included, we should begin the process of recovering our funds immediately.

Furthermore, as indicated in Article IV, Paragraph 36, the Agreement between the above mentioned parties also states "the Fringe Benefit provision contained herein shall apply to all employer members of the Construction Employers Association for whom it holds bargaining rights". As you know, the City of Cleveland does not have any contractual obligation with the International Union of Operating Engineers. Therefore, why are we paying any of the \$4.53 in benefits listed?

I have attached copies of the wage scale and Article IV, Paragraph 38 for your review.

If you have any questions, please call me.

COUNSEL FOR RESPONDENTS

8. The individual Relators named in this Complaint for a Writ of Mandamus worked for Cleveland as construction equipment operators or master mechanics.
9. Construction equipment operators in Group "A" and Group "B" are positions equivalent to Groups "A" and "B" respectively under the Construction Employers Association Building Agreement with International Union of Operating Engineers Local 18 (hereafter "Building Agreement").
10. CEOs in Groups "A" and "B" and Master Mechanics have historically been compensated according to rates set in the Building Agreement for Groups "A" and "B" and Master Mechanic respectively, because these rates are the prevailing wage rates in the Cleveland area private sector for the services performed by CEO's working for Cleveland.
11. I have examined payroll records from the City of Cleveland, obtained pursuant to requests for public records. Those payroll records show that during the period May 1, 1994 to February 14, 2005, CEOs and Master Mechanics were paid at the hourly rates set out in the Wage Chart which is Exhibit "B" to this Complaint in Mandamus.
12. The individuals named as "Relators" in this Complaint are or were employed by Cleveland as CEOs. Those individuals are not currently members of the CEO bargaining unit, and therefore are not represented by the CEO Union in this lawsuit.
13. I joined the International Union of Operating Engineers in 1976, and then Local 18 in May, 1986. I am President of the CEO Union, but I am still also a member of International Union of Operating Engineers Local 18. However, Local 18 was never my collective bargaining representative to the City of Cleveland.

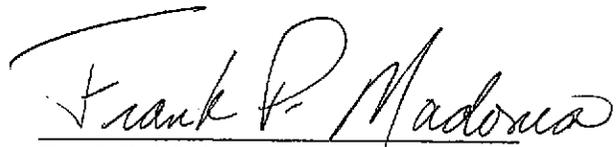

14. I am familiar with the Building Agreements between the Construction Employers Association and International Union of Operating Engineers Local 18 (hereafter "Local 18"), for the years since I first joined in 1976.
15. Exhibit "J" to the Complaint for a Writ of Mandamus is made up of true and accurate copies of the portions of those contracts, which include the list of prevailing wage rates for Operating Engineers "A", "B" and Master Mechanic for the years indicated on those copies.
16. The total wage as shown in the Building Agreements is the sum of the stated components in those contracts, including a base rate, "H&W" for Health and Welfare, Pension, Apprenticeship and "CISP (Cleveland)" for Construction Industry Service Program, and, in earlier years, "IAP". These components are listed in the prevailing wage rate tables in Exhibit "J".
17. The prevailing wage rates for CEOs and master mechanics in the Cleveland area are the total wages in those contracts referred to as the "Building Agreements" (Exhibit "J").
18. The prevailing wage rates under the Building Agreements take effect as of May 1<sup>st</sup> of each year, because the contract years run from May 1<sup>st</sup> on one year to April 30<sup>th</sup> of the next year.
19. From May 1, 1994 to February 14, 2005 the CEOs were paid below prevailing wage rates, by the deficiencies shown on the Wage Chart (Exhibit "B" to this Complaint).
20. No collective bargaining agreement covered the CEOs until after Cleveland was ordered by SERB in August of 2004 to cease and desist its bad faith conduct. The eventual agreement was ratified by the members of the CEO Union and was finally approved by the Cleveland City Council as of February 14, 2005.

21. As President of the CEO Union, I was the officer responsible for overseeing the negotiation of the collective bargaining agreement, and for presenting a tentative agreement to the membership for their ratification.
22. The collective bargaining agreement that was reached by the CEO Union and Cleveland provided for a combination of hourly wage, days off with pay such as for vacations, holidays, jury duty, funeral leave, and personal days. The agreement also provided for other benefits of employment, notably health insurance plus dental and vision coverage, paid by Cleveland. The dollar value of the total package of compensation, when divided into an hourly rate, exceeded the dollar value of the then-current prevailing wage rates in the private sector Building Agreement, between the construction Employers Association and International Union of Operating Engineers, Local 18.
23. From 1996 when I returned to employment by Cleveland, Cleveland gave one excuse after another as to why wages for CEOs and master mechanics were below the prevailing wage rate.
24. Prior to February 14, 2005 I was never credited with accumulated sick leave nor was paid sick leave during the time I was employed by Cleveland.
25. Prior to February 14, 2005 during the time of my employment with Cleveland I have not received any benefit of employment which is allowed to other regular full-time employees of the City.
26. During the period of my employment by Cleveland prior to February 14, 2005 I was offered coverage under a health insurance package maintained by Cleveland, but was required to pay the full cost of such coverage by payroll deduction. During a period of time when it was necessary for me to take unpaid sick leave while my wife was relapsing

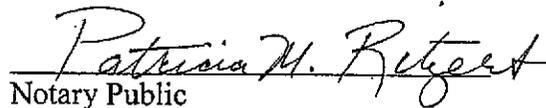

with multiple sclerosis, since I was not receiving a paycheck, I borrowed money to pay the health insurance premium through the City, in order to maintain my medical coverage. I later learned that the amount charged to me more than compensated Cleveland for its cost of including me in the coverage. Other (non-CEO) regular full-time employees of Cleveland received medical and hospitalization insurance coverage as a benefit of their employment.

27. Prior to February 14, 2005 I had never been paid by Cleveland during a sick leave related to my employment as a CEO or master mechanic.
28. All other factual statements contained in the Complaint for a Writ of Mandamus and the Memorandum in Support are true to the best of my knowledge and belief.

FURTHER AFFIANT SAYETH NAUGHT.

**EXHIBIT "I"**

**Affidavit of Santo Consolo**

With 1979 prevailing wage rates attached

entered into by the IUOE Local 18 with private employers of construction equipment operators or operating engineers in Cuyahoga County.

6. In 1979 the private sector contract which established the prevailing wage for construction equipment operators in Cleveland was that contract titled the "Ohio State Building Construction Agreement" ("Building Agreement") between the IUOE Local 18 and Associated Contractors of Ohio, the Associated General Contractors of America, Inc., for the years from May 1, 1977 to April 30, 1980.

7. True and accurate copies of the wage rates provided in the foregoing Building Agreement are attached hereto.

8. The prevailing wage rate for a Group 2 construction equipment operator in 1979 was an hourly rate which was a total of the 5 amounts shown in columns for each year on these copies for a Group B operator (pages 56 and 57 of the union contract attached hereto), i.e. base rate \$13.57 plus Pension \$1.00, H&W (Health and Welfare) \$.96, Apprenticeship \$.11 and Industry Advancement Program \$.09. Per Ordinance 1682-79, affiant was paid \$15.73 / hour.

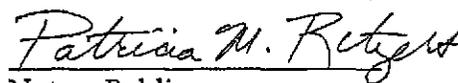

9. In 1979, the City of Cleveland designated groups of construction equipment operators by number instead of by letter. Sometime after 1979, these civil service classifications were changed such that Cleveland labeled construction equipment operators as Groups A, B, C, or D, plus master mechanic. A Group 1 construction equipment operator was equivalent to a Group A operator, Group 2 was equivalent to Group B, Group C was equivalent to Group 3 and Group D was equivalent to Group 4.

10. Affiant was employed as a group 2 or group B construction equipment operator.

Further, affiant sayeth naught.

## INTRODUCTION

This matter concerns the fact-finding proceeding between the City of Cleveland, (the "City") and the Municipal Construction Equipment Operators' Labor Council (the "Union" or "MCEO Union"). The bargaining unit consists of approximately 50 construction equipment operators and master mechanics. The parties are negotiating their first collective bargaining agreement. For many years, the equipment operators and support personnel were represented by the International Union of Operating Engineers Local 18 ("Local 18"). However, Local 18 was never "certified" as the union's representative, and the City and Local 18 never entered into a collective bargaining agreement.

In attempting to negotiate their first collective bargaining agreement, the City and the new MCEO Union met in June 2003. After one negotiating session, the negotiations were shut down by the Union. They recommenced in November 2003. After two meetings, the parties believed they reached a Tentative Agreement on all issues on December 9, 2003. However, the City disagreed with the Union's draft of the Agreement regarding the Recognition and Craft Jurisdiction sections of the Tentative Agreement. When the parties were unable to reach agreement on those issues, the City stated that the Tentative Agreement was no longer viable and reopened several issues for Fact-finding.

Virginia Wallace-Curry was appointed Fact-finder in this matter by the State Employment Relations Board. A fact-finding hearing was held on March 11 and March 12, 2004, at which time the parties were given full opportunity to present their respective positions on the issues. The fact-finding proceeding was conducted pursuant to Ohio Collective Bargaining Law and the rules and regulations of the State Employment Relations Board, as amended.

In making the recommendations in this report, consideration was given to criteria listed in Rule 4117-9-05 (K) of the State Employment Relations Board.

### BACKGROUND

Historically, the wages of this bargaining unit were set by the City's Charter, because there was no collective bargaining agreement. The City's Charter requires that they be paid a "prevailing wage rate" as established by industry contracts in the geographic area. Hence, the City's equipment operators were paid a rate commensurate with private industry, and, like construction equipment operators in the private sector, they did not receive benefits, such as vacation, sick leave, longevity and health care.

In 2003, the equipment operators voted in the MCEO Union as its bargaining representative. It did not become a member of the Building Trades Council, a group of trades unions representing City employees which bargain together and have a single joint collective bargaining agreement. The MCEO Union and the City began negotiations for their own separate agreement in June 2003.

The parties believed they reached a Tentative Agreement in December 2003. The City argues that it made it clear that the final proposal was a package deal that must be accepted or "all bets are off." The Union prepared a draft of the Tentative Agreement and the members voted to accept it. However, when the Tentative Agreement was sent to the City, the City asserted that the Union incorrectly drafted the language the parties had agreed to. The City found three substantive changes in the draft, two of which the City argued significantly impacted the issues being externally litigated by the Union against the City. The Union initially agreed that two of

the three "changes" noted by the City could be deleted from the final draft, but insisted that the "Craft Jurisdiction" language remain as drafted by the Union.

The City had initially proposed that the language from the Trades Council Agreement be used as a guide in drafting the Craft Jurisdiction provision. However, the City argued that since the MCEO Union was not a member of the Trades Council, the specific references to that entity would need to be excised. In the draft agreement, references to the Trades Council Agreement were deleted; however, the Union made reference instead to the Construction Employer's Agreement. The last sentence of the Union's draft states: "The City will give special weight to the description of work to be performed by a [sic] Operating Engineers, as described in the current Building Agreement between the Operating Engineers and the Construction Employers Association."

The City took issue with this language, because the City argued that, by inserting the reference to the Building Agreement, the Union was attempting to create a recognition of the Construction Employers' Association Agreement ("CEA Agreement"), which is an issue being contested by the City before the Ohio Supreme Court in a separate litigation. The City responded that either no reference to an outside contract be mentioned or that the Highway Heavy Agreement be referenced as a guide for jurisdictional issues. The City believes that the Highway Heavy Agreement is the more applicable agreement. The Union rejected the City's proposals. Because the parties were unable to resolve the matter, it is now before the Fact-finder.

The City reopened six issues:

- Craft Jurisdiction
- Wages and Benefits
- Insurance

- Hours of Work and Overtime
- Recognition
- Duration

The Union initially proposed maintaining the language on all issues as drafted in the parties' "Tentative Agreement," which the Union sent to me on January 21, 2004. Again, on March 3, 2004, in an email, the Union reiterated that it was proposing the language of the "Tentative Agreement" as its positions at fact-finding. The Union did not submit a pre-hearing brief beyond its January 21, 2004, correspondence. On the eve of the day before the fact-finding hearing, the Union, in response to the City's pre-hearing brief, emailed the City and me changes to its original proposals on Craft Jurisdiction and Duration.

The City objects to the Union's "last minute" changes. The City argues that the parties had agreed to exchange the proposals to be argued at fact-finding by March 17, 2004, which the City did. The Union insisted from January 21, 2004, until the day before the hearing that its position was contained in the "Tentative Agreement" as written. The City argues that the Union should not be permitted to change its position at 6:15 PM of the night before the hearing.

I find it ironic that the Union believes it is OK to change its position at the last minute, when, in an email to me and the City's representative, dated March 3, 2004, the Union's representative insisted on knowing what the City intended to argue at fact-finding, "[u]nless Cleveland plans to keep its response to this inquiry secret until April 7, 2004. . . ." The Union had ample opportunity to reply and alter its position after receiving the City's proposals on March 17, 2004, yet chose to communicate its final proposal until late on April 6, 2004, the evening before the Fact-finding hearing.

Nonetheless, in making my recommendation, I will consider the Union's changes to its

originally proposed positions, even though it is beyond the deadline set by the parties. First, according to statute, the parties must submit their positions on unresolved issues prior to the day of the hearing. Technically, the Union submitted its changes to its positions prior to the day of the hearing, even though they were communicated at 6:15 PM of the evening before. Second, the City already expressed its intent to open these issues for discussion, and I doubt that the City's positions would have changed with more notice by the Union. Third, as to the issue of duration, the Union's original proposal to follow the expiration date as stated in tentative agreement was moot, because the expiration date of March 31, 2004, had already passed. It made no sense to propose that the agreement should expire on date long gone.

The issues on which the City and the Union still agree are listed as such at the end of this report and are incorporated therein.

### ISSUES AT IMPASSE

#### I. Craft Jurisdiction

##### Union's Proposal

**Cleveland agrees that those persons identified in the Recognition article of this collective bargaining agreement shall be employed by it to operate, maintain, repair and have exclusive jurisdiction over the following equipment: articulated loader, with any attachment; skid steer loader, with any attachments; basic tractor, with any attachments; trenchers; pavers and pavement finishing machines; rollers; track drive tractors, bulldozers, loader, backhoes and excavators; graders and grader tractors, with any attachment; pavement grinders and road planers; self loading tractors with conveyors; tractor mounted snow blowers; gradall or rubber tire excavators, backhoes, cranes or drag lines; all terrain forklifts. Except in cases of emergencies, all work with respect to the equipment described in this Article shall be performed by the CEO Union, and there shall be no interruption of work. The Union can file a grievance at Step 2 of the Grievance Procedure**

for alleged violations of this Article.

The Union argues that the most appropriate description of the Craft Jurisdiction of the bargaining unit would be to list the equipment for which the bargaining unit has exclusive jurisdiction to operate, maintain, and repair. The Union argues that this would eliminate the need to reference the Building Agreement between the Operating Engineers and the Construction Employers Association, to which the City objected. The testimony of members of the bargaining unit demonstrates that these are the types of equipment that MCEO members operate, maintain and repair on a regular basis. Cleveland's Civil Service Commission's description of these employees' equipment is out of date, incomplete and does not accurately reflect what equipment these employees are tested on by the Civil Service and are required to use and repair on a daily basis. The Union seeks to avoid an agreement that allows the Civil Service Commission to make changes to this list of equipment.

The Union argues that the language proposed by the City is deficient because 1) it includes the Civil Service Commission's identification of what equipment these employees operate, repair and are tested on, which is inaccurate and incomplete, and 2) it will encourage the City to continue to use persons whom it employs but have not been subjected to competitive testing by the Civil Service Commission to operate or repair this equipment, contrary to the mandate of the City's charter.

#### City'S Proposal

**The City agrees to abide by the City Civil Service Commission description of the work to be assigned to employees and will attempt not to assign work falling within their craft jurisdiction to other employees. Further, in cases of emergencies, overlapping, or ambiguous descriptions of work assigned to a particular craft or other City employees, there shall be no interruption of**

**work. The Union can file a grievance at Step 2 of the Grievance Procedure for alleged violations of this Article.**

The City argues that it is without question that what the Union presented as a tentative agreement on Craft Jurisdiction was not what was proposed or agreed to by the City. Indeed, the Union's unilateral modification of this Article, in large part, led to the unraveling of the "Tentative Agreement." The City argues that the Union's modification was unacceptable because it imposed upon the City a recognition of the jurisdiction provision of the Construction Employers Association contract, a provision that has little application to these members and would greatly expand the jurisdiction of their work.

As presented at the hearing, the work of the City's construction equipment operators falls substantially within the jurisdiction description of the Highway Heavy Agreement. However, since the Union strenuously objected to referencing that Agreement in the parties' contract, the City has proposed a very employee-favorable article which captures the spirit of the true tentative agreement reached by the parties, referencing the Civil Service description for construction equipment operators and master mechanics.

Recommendation

**The City agrees to abide by the City Civil Service Commission description of the work to be assigned to employees who are members of the CEO Union and will attempt not to assign work falling within their craft jurisdiction to other employees. Further, in cases of emergencies, overlapping, or ambiguous descriptions of work assigned to a particular craft or other City employees, there shall be no interruption of work. The Union can file a grievance at Step 2 of the Grievance Procedure for alleged violations of this Article.**

The above recommended language is modeled on the "Tentative Agreement" reached by

the parties regarding Craft Jurisdiction, minus the last sentence which the City argued was never part of the deal. The omitted sentence states: "The City will give special weight to the description of work to be performed by a [sic] Operating Engineers, as described in the current Building Agreement between the Operating Engineers and the Construction Employers Association." I believe that the City would not have agreed to the inclusion of this sentence for several reasons. First, the CEA contract description of the work performed by the Operating Engineers does not precisely match the description of work performed by the City's Operating Engineers who are members of this bargaining unit. For example, the list of equipment that operating engineers under the CEA contract operate and repair does not match that given by the Union in their proposal. Only a small fraction of the equipment listed in the CEA contract is applicable to this bargaining unit. Such a blanket reference to the CEA contract would be overly inclusive and inaccurate.

Second, the Union and the City are currently litigating before the Ohio Supreme Court which contract, the CEA contract or the Highway Heavy contract, is more applicable to this bargaining unit in determining the appropriate prevailing wage rate to be used. The City would never have agreed to craft jurisdiction language that would have compromised its position in that lawsuit.

Consequently, I believe that the above passage is the closest to what the parties intended. The passage given to the Union by the City as a guide, the Trades Council Agreement, has a sentence similar to the one omitted above and in contention, but the sentence makes reference to unions affiliated with the Trades Council. Because this MCEO is not affiliated with the Trades Council, the Union substituted reference to the CEA Building Agreement. That could not have

been what the City had in mind. Omission of the sentence is more logical.

The Union's proposal on Craft Jurisdiction which lists equipment over which the bargaining unit would have exclusive jurisdiction is not recommended, because it seeks to secure a monopoly on the use of equipment that is shared by other bargaining units. The City cannot afford to be limited in that way.

## II Wages and Benefits

### City's Proposal

**Employees will continue to earn their current wage rates with no increase provided. Wages shall be determined by this Agreement and not through reference to external contracts. This proposal also contemplates that for allowing employees to maintain their current wage rates, the contract will specifically state that the employees will not be entitled to other benefits, including but not limited to longevity, paid sick leave, holidays, vacation and employer-paid health and life insurance. Finally, the contract shall specify that this Agreement shall supercede the City Charter as it applies in any way to these employees. (Moreover, this proposal shall not be construed in any way as an admission or a reflection of the City's position regarding what the "prevailing wage" is as referenced under the City Charter).**

The City argues that the members of the bargaining unit should not receive a wage increase. The City asserts that the employees have been over-paid for years, because they were paid the "prevailing rate" for construction employees, who do not perform the same kind of work as the bargaining unit. The work performed by this bargaining unit more closely resembles that of employees covered by the Highway Heavy Agreement, who are paid at a lower rate than the construction employees.

The City admits that they have paid this bargaining unit at the higher wage rate. But upon

reexamination of the job duties of the bargaining unit, the City believes that it should be paying them at the rates in the Highway Heavy Agreement. Although Union witnesses testified as to construction-like jobs they have performed over the years, that represents a minute fraction of the work they regularly perform. Employees spend nearly all of their time doing work described in the Highway Heavy Agreement, doing repair work to City streets or to address broken or worn pipelines.

Consequently, wage increases should not be granted. However, because this bargaining unit has not had an increase in the two or more years after the MCEO became the exclusive representative of the group, their wages are now below those stated in the Highway Heavy Agreement. Therefore, at most, their wages should be brought up to the level equaling those in the Highway Heavy Agreement.

Because of the serious financial difficulties that the City is facing, no other wage increases would be warranted. The City has had to implement massive budget cuts and layoff over 750 employees to compensate for a \$61 million debt.

The City also rejects that Union's proposal that employees be paid at 80% of the prevailing wage rate plus benefits. This offer was removed from the City's proposal when the Tentative Agreement fell through because of the Union's substantive changes to the original agreement. Therefore, the City propose that employees be paid their current wage rate (or 100% of the prevailing rate of the Highway Heavy Agreement) and no benefits. For years, the Union has opted for the full payment without benefits, and the City proposes that this practice be continued.

However, if benefits are provided, employees should receive 80% of the "wage" and

"health and welfare" line items of the Highway Heavy Agreement. The Union seeks the introduction of substantial benefits and an 80% multiplier which includes all of the monetary line items of the CEA contract, including credit for pension and others, such as apprenticeship and CISP. The Union seeks credit for the private-sector pension line item even though its members receive a 13.55% PERS contribution from the City toward their public sector pension benefits. The City has rightfully taken an offset for the PERS contributions since 1994 and this should not be eradicated by the Fact-finder.

#### Union's Proposal

**Cleveland recognizes that the CEO Union is the sole and exclusive representative of those persons who are employed by the City and its departments to operate and repair the construction equipment that is described in the Craft Jurisdiction section of this Collective Bargaining Agreement. Those Cleveland employees are divided into the following job classifications, which are all craft positions recognized by Cleveland's Civil Service Commission.**

- **Construction Equipment Operator A**
- **Construction Equipment Operator B**
- **Master Mechanic**

**The persons in these job classifications employed by Cleveland shall be paid at the rate of eighty percent (80%) of the prevailing hourly wage rates which have been established by the most current version of the Construction Employers Association Building Agreement (the "Building Agreement") between the Operating Engineers and the Construction Employers Association. The presently applicable Building Agreement is attached as Exhibit "A" to this Contract. The City of Cleveland and the CEO Union have agreed that the prevailing hourly wage rate shall be determined by adding the basic wage rate, plus a health and welfare component, plus a pension component, plus apprenticeship, plus CISP.**

**As of May 1, 2003, those hourly wage rates for Operating Engineer Group "A", Group "B" and Master Mechanic respectively are: \$36.80, \$36.65 and \$37.30; 80% of those hourly wage rates respectively are: \$29.44; \$29.32 and \$29.84.**

As of May 1, 2004, those hourly wage rates for Operating Engineer Group "A", Group "B" and Master Mechanic respectively are: \$38.00, \$37.85 and \$38.50; 80% of those hourly wage rates respectively are: \$30.40; \$30.28 and \$30.80.

As of May 1, 2005, those hourly wage rates for Operating Engineer Group "A", Group "B" and Master Mechanic respectively are: \$39.20, \$39.05 and \$39.70; 80% of those hourly wage rates respectively are: \$31.36; \$31.24 and \$31.76.

The Union asserts that the above passage was a part of the "Tentative Agreement" agreed to by the parties. It reflects the Union's agreement to accept 80% of the prevailing wage rate received by employees covered by the CEA Agreement, in exchange for health insurance, longevity pay, paid sick leave, holidays, vacation and other benefits. The 80% of the prevailing wage rate should not be calculated by deducting the City's contribution to PERS.

All other trade unions, including ironworkers, carpenters, cement finishers, and electricians receive 80% of the prevailing wage rate, without deductions for PERS or anything else, in exchange for the above benefits, and the Union is only asking to be treated likewise. The amount of the prevailing wage rate for these unions is established by the relevant contract that the Building Association has with Local 18, or other outside contractor, or is published by the Ohio Department of Commerce Wage and Hour Division. For years the City has used the prevailing wage set out in the Building Agreement of the Construction Employers' Association and Local 18 Operating Engineers. During current negotiations, the City agreed to pay bargaining unit members 80% of the prevailing wage of the CEA Agreement in exchange for benefits and without any deductions for PERS, Apprenticeship or CISP. The Union merely argues that the City should stand by its original agreement.

## Recommendation

The persons in the job classifications covered by this Agreement and employed by Cleveland shall be paid at the rate of eighty percent (80%) of the prevailing hourly wage rates which have been established by the most current version of the Construction Employers Association Building Agreement (the "Building Agreement") between the Operating Engineers and the Construction Employers Association. The City of Cleveland and the CEO Union have agreed that the prevailing hourly wage rate shall be determined by adding the basic wage rate, plus a health and welfare component, plus a pension component, plus apprenticeship, plus CISP.

As of May 1, 2003, those hourly wage rates for Operating Engineer Group "A", Group "B" and Master Mechanic respectively are: \$36.80, \$36.65 and \$37.30; 80% of those hourly wage rates respectively are: \$29.44; \$29.32 and \$29.84.

As of May 1, 2004, those hourly wage rates for Operating Engineer Group "A", Group "B" and Master Mechanic respectively are: \$38.00, \$37.85 and \$38.50; 80% of those hourly wage rates respectively are: \$30.40; \$30.28 and \$30.80.

It is recommended that the Union's proposal, with a few modifications, be adopted. The Union's proposal is imbedded in the Recognition article of the Agreement. The above recommended language may be added to the Recognition clause or it may be a separate article unto itself. The matters contained in the Recognition portion of the Union's proposal that are at issue will be dealt with in a separate section of this report regarding Recognition. Also removed from the Union's proposal was the sentence requiring that the current CEA Agreement be attached to the parties' Agreement. In the City's January 19, 2004, letter to the Union regarding the Union's draft of the Tentative Agreement, the City objected to language requiring the attachment of the CEA Agreement to the parties' Agreement, and the Union agreed to make this deletion. Therefore, reference to the attached CEA agreement is not included in the recommended language here. Also deleted is the last paragraph referencing a wage rate for May

2005 which is beyond the recommended expiration date of the Agreement. (See Duration section below.)

Also, the recommendation that employees be paid 80% of the prevailing wage rate must come with the proviso that the City had originally put on their tentative agreement to this proposal, as reflected in the City's December 2, 2003, package proposal. The City's agreement that employees will be paid 80% of the prevailing wage from the Construction Employers Association Building Agreement is **"not to be construed in any way as an admission by the City as to what the 'prevailing wage' is."** If the parties do not have such an agreement in writing, then the proviso, as stated here, should be included in the language of the Agreement. The City's proviso is meant to preserve its position in the current litigation on the proper prevailing wage to pay these employees.

The City argues that the Union should be paid at the prevailing wage of those operating engineers covered by the Highway Heavy agreement, not the CEA agreement. It is my understanding that this issue is a subject of litigation between the parties. It appears to me that the Highway Heavy agreement is more applicable, but neither it nor the CEA agreement is a perfect match. However, because the matter is the subject of litigation, where more (and better<sup>1</sup>) evidence will likely be presented, I am reluctant to change the longstanding practice of paying these employees at the rate established by the CEA Building Agreement based the information

---

<sup>1</sup>The City presented as evidence of the proper contract to be used for comparison affidavits from Steven DeLong, Business Agent and District Representative of Local 18 of IUOE and William Fadel, the attorney who represented Local 18, who both stated that they believe the MCEO bargaining unit work more closely resembles the Highway Heavy work rather than the work in the CEA Agreement. However, neither of these individuals were available for questioning and I have only the limited information on the affidavit. At trial, the evidence would be more fully developed.

available to me. The City has admitted that it has paid these employees the prevailing wage rate established in the CEA Agreement. Although the City argues that it recently realized that it was paying these employees at the wrong wage rate, it seems more likely that the City has had its doubts as to the appropriate wage for years and has just now chosen to propose the lower wage rate. As of December 2, 2003, the City was still proposing employees be paid 80% of wage rate in the CEA Agreement.

The City's proposal to deny all benefits to these employees in exchange for 100% of the prevailing wage of the Highway Heavy seems like a punitive stance to take at this point. Although these employees have opted in the past to take the full wage rate in lieu of benefits, the Union has made it clear throughout the negotiations that it wanted to take advantage of the same option that other building trade employees have, i.e. benefits in exchange for less money. The City had agreed until the Tentative Agreement came unraveled at the 11<sup>th</sup> hour.

By recommending that employees receive 80% of the prevailing wage rate of the CEA Agreement, I am also recommending that employees receive the benefits that the parties originally agreed would be given in lieu of the cash. These benefits are reflected in the articles entitled Longevity, Maternity Leave, Sick Leave With Pay, Sick Leave Without Pay, Holidays, Life Insurance, Vacation and Health Coverage, as written in the Tentative Agreement drafted by the Union. The City had no problem with these articles as written.

It is also recommended that the prevailing wage rate not exclude deductions for pension or other matters, as proposed by the City. Again, the City's proposal of December 2, 2003, did not mention that the City would be taking these deductions. Rather, the City illustrates what the prevailing wage would be with an example: "(Ex. - for Group A Employees  $\$36.80 \times .80 =$

\$29.44).” This calculation reflects 80% being take of the full prevailing wage of \$36.80, which the Union’s proposal cites as the Group A wage in 2003. No deductions were made before calculating the percentage. The City argues that it is entitled to take a deduction for its PERS contribution, but, again, the statute is not crystal clear on that issue, and it is a subject that is being litigated between the parties and should not be decided in this fact-finding.

After the close of the hearing, the City submitted a ruling by the Ohio Supreme Court which finds that the City is not in contempt of court in the suit filed by the Union regarding the payment of the prevailing wage. The City argues that this implies that the City was correct in deducting the PERS payment. The Union, of course, disagrees with this interpretation. I do not believe that it really affects my recommendation. If I had chosen to recommend the City’s position that it pay employees 100% of the prevailing wage rate, then maybe the PERS contribution could be deducted, because they would really be paying more than 100% of the prevailing wage rate, if the City’s interpretation is correct. However, the recommendation here is that the City pay less than 100% of the prevailing wage rate. The 80% portion is just a number that the City believed at one point was a fair reflection of cost to the City to provide the benefits listed. The City did not propose taking out the deductions for pension, apprenticeship and CISP. Therefore, it not recommended here. If indeed the City is correct, and it would cost the City more than 20% to cover the cost of all the benefits, including PERS, it can propose a different percentage of the prevailing wage rate as a rate of pay for these employees during the subsequent negotiations.

The City also argues that the employees should receive no wage increase, citing the City’s dire financial problems. However, this Union has had its wages on hold for the two or more

years since the MCEO has represented these employees. The dire financial problems do not impact these employees the same way as others. They perform work for propriety departments, such as the Water Division and Municipal Light and Power, which are revenue producing departments. None of these employees were subject to layoffs and most of the salaries are not heavily dependent on the General Fund, which is the fund that is suffering the most.

### III. Insurance

#### City's Proposal

**Those employees who wish to be covered under the City's insurance plans will have the option of purchasing one of the City's plans at the premium cost charged to the City by the carrier.**

The City seeks the continuance of the status quo regarding insurance, as with other benefits. As noted, in the past, the bargaining unit had opted for 100% of the "prevailing wage rate" in exchange for not receiving benefits. This wage rate included a \$3.61 an hour component for health insurance. However, the City permitted these employees to purchase insurance at the City's cost. Currently, the City is proposing a maintenance of the 100% wage rate payment (in accordance with the Highway Heavy Agreement) and no benefits. Given that these members receive a monetary value for insurance coverage, they are not entitled to paid coverage. They will be permitted to purchase health care coverage at the premium cost charged to the City.

#### Union's Proposal

The Union proposes that employees receive the same health care insurance package as all other employees. In exchange, the Union will agreed to take 80% of the prevailing wage as stated in the CEA Agreement.

## Recommendation

For all the reasons stated in the section on Wages and Benefits, it is recommended that the City provide health insurance to this bargaining unit in exchange for accepting 80% of the prevailing wage rate, as set forth above.

### IV. Hours of Work and Overtime

#### City's Proposal

**The normal work week for regular full-time employees shall be forty (40) hour per week. The City reserves the right, as operational needs and conditions require, to establish and change hours of work, shifts and schedules of hours.**

**Overtime shall be paid in accordance with the Fair Labor Standards Act.**

The proposal of the Union would seriously hamper operations and create built-in overtime for equipment operators. Although the City proposed this language during negotiations, it realized later that the language created overtime due to the flex schedules routinely and historically worked by a significant number of equipment operators. As testified to by Commissioner Ciaccia, the Water Division runs a seven-day per week, 24-hour operation which requires coverage on the weekends and during off hours. A significant number of his equipment operators work regular schedules that encompass weekend and late-hour work at straight-time pay. The Union's proposal would require overtime payment for schedules that have been worked at straight-time for many years. The City's proposal, on the other hand, maintains the historical flexibility it has enjoyed. The City cannot effort significant overtime costs to be built into these Departments.

Union's Proposal

**Hours of Work**

The normal work week for regular full-time employees shall be forty (40) hours of work in five (5) eight (8) hour days, exclusive of time allotted for meals, during the period starting at 12:01 a.m. Monday to 12:00 midnight Friday. The normal workday may be any eight- (8) consecutive hours, Monday through Friday, between the hours of 7:00 a.m. and 4:30 p.m., with one-half (½) hour lunch.

- A. All employees who work a regular day shall be allowed no less than thirty (30) uninterrupted minutes for a scheduled lunch period, except for other mutually agreed upon schedules with the Union.
- B. There shall be two (2) fifteen (15) minute rest periods on each shift each workday. The rest periods, to the extent practicable, will be scheduled during the middle two (2) hours of each half shift, but they may not be scheduled immediately before or after the meal period or at the start or end of a shift.
- C. When an employee works beyond his regular quitting time, the employee shall receive a fifteen (15) minute rest period if the employee works two (2) hours, but less than four (4) hours for each four (4) hour period, and in addition, a thirty (30) minute meal period if the employee works four (4) hours or longer.
- D. The City will dock employees on the basis of one-tenth (or six (6) minutes per hour) of one hour (or six (6) minutes).

All regular full-time employees shall be on a compensation basis of two thousand-eighty (2080) hours per year.

For those bargaining unit employees on the normal eight (8) hour day, five (5) day per week work week, shifts are defined as follows:

- 1<sup>st</sup> shift      The majority of his normal hours of work fall after 7:30 a.m. and before 3: 00 p.m.
- 2<sup>nd</sup> shift      The majority of his normal hours of work fall after 3:00 p.m. and before 12:30 a.m. and an employee on such shift is to receive a shift premium of fifty cents (\$.50) per hour.
- 3<sup>rd</sup> shift      The majority of his normal hours of work fall between 12:30 a.m. and 7:30 a.m. and an employee on such shift is to receive a shift premium of seventy-five cents (\$.75) per hour.

Employees equally rotating between all three shifts shall receive twenty-five cents (\$.25) per hour. All shift premiums are paid on an hours-paid basis only.

There shall be no pyramiding of overtime due to these shift premiums or for any other reason.

Shift premiums are available only to employees assigned to the 2<sup>nd</sup> and 3<sup>rd</sup> shifts and not to employees assigned to another shift who may work overtime that occurs during a shift that is subject to a (higher) shift differential.

### Overtime Premium Pay

The City shall be the sole judge of the necessity for overtime. All employees shall receive time and one-half (1-1/2) their regular rate of pay for all hours worked in excess of eight (8) in one (1) day, or forty (40) hours in the normal workweek. Overtime is to be calculated in thirty (30) minute increments.

All employees shall receive time and one-half (1-1/2) their regular rate of pay for all hours worked on Saturdays and Sundays, outside the period of their workweek, in compliance with the Hours of Work section, if applicable.

All employees shall receive time and one-half (1-1/2) their regular rate of pay for all hours worked on holidays, in addition to their holiday pay.

All paid holiday hours, paid sick leave hours, and paid vacations hours shall be counted as hours worked for the purpose of computing overtime.

There shall be no pyramiding of overtime or other premium pay compensation, no overtime pay shall be computed on whatever total overtime hours are the greater for the week, either on a daily or a weekly basis, but not on both.

Overtime shall be distributed as equally as possible within each classification in each work unit on a continuing basis. The City shall credit employees for all overtime hours worked and/or for overtime hours offered for which employees have declined or failed to work for any reason.

Emergency overtime cannot be refused. An emergency is defined as an impairment to City services or operations which cannot be delayed until the beginning of the next regular workday. However, an employee shall be excused from emergency overtime provided the City can obtain a replacement in time to meet the emergency.

Overtime shall be equalized on a continuing basis. The City shall credit employees for all overtime hours worked and/or for overtime hours offered or which employees have declined or failed to work for any reason.

The City will use its best efforts to provide employees with twenty-four (24) hours notice for overtime, with the understanding that by its

nature, overtime that results from an "emergency" is not susceptible to such notice.

The Union argues that this language was proposed by the City during contract negotiations. Even employees in the Water Division work set Monday through Friday schedules. Those who work on the weekends as part of their regularly scheduled work week do not receive overtime on the weekends. Other trade union employees follow the above schedule, and this bargaining unit is merely asking for the same benefits. The City's proposal would allow the City to change shifts at will and does not provide predictability for employees.

#### Recommendation

The above proposal is recommend as written by the Union. However, the Hours of Work and Premium Overtime provisions as written apply to employees who are not regularly scheduled to work on Saturdays or Sundays. In addition to the above proposal, it is recommended that the parties draft a provision or addendum that would address employees who work in departments that have 24/7 scheduling. Both parties agree that currently employees in the Water Division who work on Saturday or Sunday as a part of their regular work week do not receive overtime on the weekends. I do not believe that the City intended to build in automatic overtime for these employees. Therefore, a limited exception for these few employees must be written into the agreement to avoid the automatic overtime. The City's proposal, as stated above, is too open and vague. It would place the City in a position to change schedules and shifts as it pleases, which would seriously disadvantage the employees who desire predictability in scheduling. The City's proposal throws out all the above crafted language merely to avoid a situation for a few. The better idea is to keep the language, as written in the Union's proposal above, and add a

modification to keep the practice as it has been for employees regularly scheduled on Saturdays and Sundays, thus avoiding automatic overtime.

V. Recognition

City's Proposal

The following job classification are recognized and are represented on a sole and exclusive basis by the CEO Union:

- **Construction Equipment Operator A**
- **Construction Equipment Operator B**
- **Master Mechanic**

As with its "hours of work" proposal, the City is attempting to keep the language for this first contract straightforward and simple. The City's proposal recognizes the MCEO Union as the sole and exclusive representative for the three job classifications which it represents.

This article represents another provision of the "Tentative Agreement" that was unilaterally changed by the Union in its draft. Again, the Union sought the inclusion of references to the CEA Agreement and also attempted to bind the City to the CEA contract for future increases that would occur beyond the expiration of this Agreement - items that were never proposed or agreed to by the City. The Union also unconventionally seeks the inclusion of wages in the Recognition article. Overall, the Union's proposal is nothing more than an effort to have a traditionally simple article serve as a vehicle to secure its position in the hotly-contested and litigated "prevailing rate" litigation.

The City's proposal is simple language traditionally seen in recognition clauses. Nothing more is needed.

### Union's Proposal

Cleveland recognizes that the CEO Union is the sole and exclusive representative of those persons who are employed by the City and its departments to operate and repair the construction equipment that is described in the Craft Jurisdiction section of this Collective Bargaining Agreement. Those Cleveland employees are divided into the following job classifications, which are all craft positions recognized by Cleveland's Civil Service Commission.

- Construction Equipment Operator A
- Construction Equipment Operator B
- Master Mechanic

This is only a portion of the Union's proposal on Recognition. The entire proposal is stated in the section on Wages and Benefits. It seeks to recognize the job classifications of this bargaining unit as "craft positions," which require qualification by Cleveland Civil Service Commission. The City offered no evidence to dispute that testing requirement or "craft position" status. Nor did the City present evidence to dispute that the MCEO Union should be recognized as the sole and exclusive representatives of all person who operate and repair the construction equipment identified by Mr. Madonia, President of the MCEO Union. Mr. Richiutto, City's Director of Public service, testified that he had no problem with the concept that only the construction equipment operators employed by the City should operate and repair the construction equipment. Recognition of a job classification without an explanation of what equipment is operated by persons who hold that job classification is meaningless.

### Recommendation

The following job classification are recognized and are represented on a sole and exclusive basis by the CEO Union:

- Construction Equipment Operator A
- Construction Equipment Operator B
- Master Mechanic

The City's proposal on Recognition is recommended. The Union's proposal on recognition references the equipment listed in the Craft Jurisdiction article, and the Union's version of that Article was not recommended. (See above.) The City's version is simple and closely tracks the language of the "Tentative Agreement."

In the "Tentative Agreement," the Recognition clause also contains information on wage rates. I have dealt with these issues separately, and they may be combined or put in separate sections. If combined, they will be nearly identical to the language in the "Tentative Agreement" minus the clauses with which the City took issue, i.e. attachment of the CEA Building Agreement, and tracking the wage rate increases as stated in the Building Agreement beyond the expiration of the Agreement. It is my understanding that the Union had originally agreed to remove these references prior to the Tentative Agreement coming unraveled.

## VI. Duration

### City's Position

The City proposes that the Agreement expire on June 30, 2004. The parties had initially agreed to an expiration date of March 31, 2004. However, since the parties are now beyond that date without a contract, the City proposes the expiration date of June 30, 2004. The City had contracts with approximately thirty other unions. Every one of those agreements expires on March 31, 2004. It is the City's desire to get this Union on the same timetable as the City's other Union contracts. However, the incorporation into the contract of an expiration date that has already passed does not make sense. Likewise, it is not reasonable to allow this small group of

employees to set a wage pattern for the City's 7,000 unionized employees, which would happen if an expiration date of March 31, 2006 or 2007 were recommended. It is the City's intention to propose an expiration date of March 31, 2007 during its negotiation of a successor agreement with this Union, which will be occurring a couple of months. It should be noted, as well, that the Union's proposal was, until the evening before the fact-finding hearing, for the contract to expire on March 31, 2004. It was willing to accept a short time frame for the agreement, even back in December 2003.

#### Union's Proposal

The Union proposes that the Agreement begin on January 1, 2004 and expire on April 30, 2006. The City's proposed expiration date of June 30, 2004 is irrational. The parties will have, at best, an agreement which lasts 39 days.

The Union's proposed expiration date would coincide with CEA Building Agreement, which the City has stipulated has long been the basis for determining these employees' pay. The inception date of January 1, 2004, is based upon the date that the City promised it would start the benefits noted above. The City should be held to this start date. The Agreement must last longer than 39 days and the Union proposes it last until April 30, 2006.

#### Recommendation

It is recommended that the Agreement between the parties have a retroactive start date of January 1, 2004 and extend until March 31, 2005. I believe that it is absurd and a waste of precious resources for the City and the Union to be required to renegotiate this Agreement in 39 days. This has obviously been a very contentious negotiation. The parties should live with an Agreement longer than just 39 before having to start back into negotiations again. In March

2005, the City should have their negotiations with other unions finished and will have the pattern set by unions larger than the MCEO. At that time, the City and the MCEO can negotiate a contract with expires in 2007 to get this Union back on track with the expiration of other union employees. By March 2005, the parties also may have a resolution of the pending litigation which may be helpful in negotiating the appropriate prevailing wage rate to use.

The retroactive start date of January 1, 2004, is recommended. This is the date the City originally planned on starting the benefits before the negotiations soured. This Union has been without a pay raise for a couple of years. Although a retroactive date may not work for health care benefits, all the other benefits are monetary based can easily be effective retroactively to January 1, 2004.

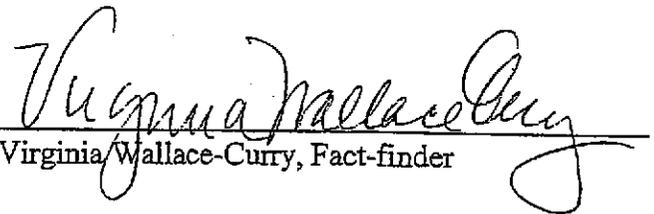

#### Tentative Agreements

The parties have agreed that the following Articles, which were part of the Union's draft of the Tentative Agreement, are still viable and should be incorporated into this fact-finding report as written in that document. They are:

- Purpose
- Management Rights
- Union Rights
- No Strike/No Lockout
- Limited Right to Strike
- Non-Discrimination
- Union Security and Check Off
- Union Representation
- Union Visitation
- Seniority
- Probationary Period
- Labor Management Committee
- Lay Off
- Recall
- Leave of Absence

- Military Leave
- Family Medical Leave
- Call In Pay
- Personnel Records
- Discipline
- Parking Ticket
- Grievance Procedure
- Voluntary Dispute Settlement Procedure
- Addendum B - Drug Testing
- Addendum C - Injury Pay Program

Case No. 02-REP-06-0116

**ORDER DIRECTING ADMINISTRATIVE HEARING**

Before Chairman Drake, Vice Chairman Gillmor, and Board Member Verich: August 25, 2005.

On April 11, 2005, the Municipal Construction Equipment Operators' Labor Council ("Petitioner") filed a Petition for Administrative Hearing with SERB, in which it requested that the Board appoint a hearing examiner to adjudicate certain issues that the Ohio Supreme Court had found to be within the agency's jurisdiction in *Consolo v. City of Cleveland* (2004), 103 Ohio St. 3d 361.

In that case, employees formerly represented by the International Union of Operating Engineers ("Employee Organization" or "Local 18") and since January 30, 2003, represented by the Petitioner, had claimed that the City of Cleveland ("Employer") had unlawfully failed to pay them prevailing wages. The Court concluded that the employees' claims turned on a number of issues that were within SERB's jurisdiction to determine.

On May 2, 2005, Local 18 and the Employer filed a Joint Motion to Strike the Petitioner's Petition for Administrative Hearing and Brief in Opposition. The Petitioner responded by filing on May 11, 2005, an Opposition to Respondents' Motion to Strike Petition for Administrative Hearing.

We have considered the arguments raised by Local 18 and the Employer maintaining that the Board possesses no legal authority to conduct such a hearing outside the parameters of an unfair labor practice charge proceeding. However, in this particular matter, in which the Ohio Supreme Court has specifically identified issues that it says must first be addressed by SERB, we have decided to exercise our plenary jurisdiction to resolve them. We are cognizant of the mandate of Ohio Revised Code §4117.22, which charges SERB with construing Chapter 4117 liberally to promote orderly and constructive relationships between public employers and public employees.

It is our conclusion that holding the requested hearing and resolving underlying issues that have been specifically identified for us by the State's highest court will serve to promote orderly and constructive relationships among these parties.

Accordingly, we deny the Joint Motion to Strike the Petition, grant the Petition and order that testimony be taken before an Administrative Law Judge, upon notice to the Petitioner, the City, and Local 18, for the purpose of preparing recommendations to the Board on the following questions:

(1) Whether before April 1, 1984, Local 18 ever was the deemed certified representative of those persons employed by the City as construction equipment operators, who are now represented by Petitioner as their exclusive bargaining agent.

(2) If Question No. 1 is answered affirmatively, how long may a deemed certified representative retain that status if Local 18 never complied with the reporting requirements of Ohio Revised Code Section 4117.19?

(3) Was Local 18 the "exclusive representative" of those persons employed by the City as construction equipment operators anytime during the period of 1994 through 1998?

(4) Did Local 18 negotiate with the City a decrease in compensation of those persons employed by the City as construction equipment operators without their knowledge or consent?

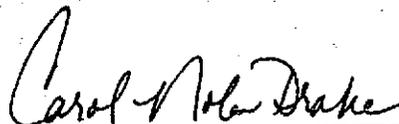

(5) Did Local 18 falsely inform the City that those persons employed by the City as construction equipment operators had agreed to a decrease in compensation?

(6) Were the wages of the construction equipment operators who were appellees in the *Consolo* case the result of collective bargaining between Local 18 and the City?

(7) Did the City and Local 18 negotiate and implement a benefits package that provided the construction equipment operators described above in Paragraph (6) with equal or better benefits than are provided by the City Charter?

It is so ordered.

DRAKE, Chairman; GILLMOR, Vice Chairman; and VERICH, Board Member,

COUNSEL FOR RESPONDENTS

STATE OF OHIO )  
 )  
COUNTY OF CUYAHOGA ) ss.

Frank P. Madonia, being competent to testify and first duly sworn, states as follows in support of a Complaint for a Writ of Mandamus in the Ohio Supreme Court:

1. The statements contained herein are based upon my own personal knowledge.
2. The Municipal Construction Equipment Operators' Labor Council (hereafter "CEO Union") is a labor union. On January 30, 2003, the Ohio State Employment Relations Board "SERB" certified the CEO Union as the exclusive bargaining agent for persons working for the City of Cleveland, as construction equipment operators and master mechanics (hereafter "CEOs").
3. I have been the President of the CEO Union since it was formed.
4. I joined the International Union of Operating Engineers in 1976, and then Local 18 in May, 1986. I am President of the CEO Union, but I am still also a member of International Union of Operating Engineers Local 18. Although, I am a dues-paying member of Local 18, that organization was never my collective bargaining representative to the City of Cleveland. Until January of 2003, the CEOs were not organized into a bargaining unit.
5. I have been employed by Cleveland as a construction equipment operator or master mechanic from May of 1986 to November of 1988, and from March of 1996 to the present.
6. The CEOs operate, repair and maintain heavy construction equipment, such as mechanized hoes, loaders, bulldozers, graders, etc. They are variously referred to as "craft" employees, building trades employees, and operating engineers. For the purposes

of Cleveland's Civil Service, these employees are employed within the civil service classifications Construction Equipment Operator 'A', Construction Equipment Operator 'B', or Master Mechanic. They are regular full-time hourly rate employees.

7. The individuals who are named as Relators in this Complaint, as distinguished from the CEO Union, worked for Cleveland as construction equipment operators or master mechanics. They are named individually because they are not members of the CEO Union.
8. Cleveland employees in civil service classifications Construction Equipment Operator Groups "A" and "B" and Master Mechanic were historically compensated at the rates set in the Construction Employers Association Building Agreement with IUOE Local 18 (hereafter "Building Agreement") for Operating Engineer Groups "A" and "B" and Master Mechanic respectively. These rates are the prevailing wage rates in the Cleveland area private sector for the services performed by CEO's working for Cleveland.
9. Cleveland Civil Service classifications Construction Equipment Operator Group "A" and Construction Equipment Operator Group "B" and Master Mechanic are jobs equivalent to Operating Engineer Groups "A" and "B" and Master Mechanic, respectively, under the Building Agreement.
10. I have examined payroll records from the City of Cleveland, obtained pursuant to requests for public records. Those payroll records show that during the period May 1, 1994 to February 14, 2005, CEOs were paid at the hourly rates set out in the Wage Chart which is Exhibit "B" in the Evidence submitted in support of the Complaint in Mandamus.

11. I am familiar with the Building Agreements between the Construction Employers Association and IUOE Local 18 (hereafter "Local 18"), for the years since I first joined in 1976.
12. Exhibit "J" in the Evidence supporting the Complaint for a Writ of Mandamus is made up of true and accurate copies of the portions of those Building Agreement contracts, which include the list of prevailing wage rates for Operating Engineers Group "A", Group "B" and Master Mechanic for the years 1994 through 2005.
13. In the Building Agreements, dollar amounts are listed for the stated components of total compensation. These components include a base rate, "H&W" for Health and Welfare, Pension, Apprenticeship, and "CISP (Cleveland)" (which stands for Construction Industry Service Program), and, in earlier years, "IAP." The dollar amounts for the components are listed in the prevailing wage rate tables in Exhibit "J" which includes copies of the pages on which wage rates are listed.
14. The prevailing wage rates for construction equipment operators and master mechanics in the Cleveland area are the sum of the dollar values for all the wage components. (Exhibit "J").
15. The prevailing wage rates under the Building Agreements increase as of May 1<sup>st</sup> of each year, because the contract years run from May 1<sup>st</sup> of one year to April 30<sup>th</sup> of the next year.
16. From May 1, 1994 to February 13, 2005 the Cleveland CEO employees were paid less than the prevailing wage rates, as shown on the Wage Chart (Exhibit "B" in the Evidence), which is incorporated here by this reference.

17. No collective bargaining agreement covered the Cleveland CEOs until February 14, 2005.
18. As President of the CEO Union, I was the officer responsible for overseeing the negotiation of the Collective Bargaining Agreement, and for presenting a tentative agreement to the membership for their ratification.
19. When negotiations began in June of 2003, Cleveland immediately used techniques to avoid reaching an agreement with the CEO Union by going through the motions or pretending to bargain, by refusing to engage in any give-and-take whatsoever. SERB ruled in *SERB v. Cleveland* Case no. 2003-ULP-0322 that when Cleveland did this it acted in bad faith by “surface” bargaining instead of attempting to reach an agreement.
20. Until 2005, CEOs working for Cleveland did not get paid sick leave. Until 2005 CEOs working for Cleveland also did not receive fringe benefits of employment, such as health care insurance paid by the employer.
21. The collective bargaining agreement that was eventually reached by the CEO Union and Cleveland provided for a combination of hourly wage, days off with pay such as for vacations, holidays, jury duty, funeral leave, and personal days. The agreement also provided for other benefits of employment, notably health insurance plus dental and vision coverage, paid by Cleveland.
22. From 1996 when I returned to a job with Cleveland, Cleveland gave one excuse after another as to why it should pay wages to CEOs which were below the prevailing wage rate. Those excuses included Cleveland’s claim that it had the right to reduce gross wages below the prevailing wage rate, by excluding the “pension” component of the prevailing wage rate.

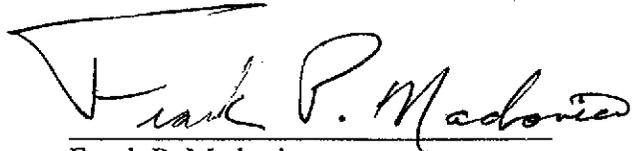

23. Prior to February 14, 2005 I was never credited with the right to paid sick leave nor was I paid for the time I missed during illness, throughout the time I worked for Cleveland.
24. Despite the reduction of my gross wages below the prevailing wage rate, due to Cleveland's exclusion of the pension component and other components of the wages set in the Construction Employers' Association Building Agreement, my required contribution to the public employment retirement system continued to be taken from my wages as a payroll deduction.
25. When I left my job with Cleveland during 1988, I received from PERS the money I had contributed during my two years of employment, and lost all opportunity for any PERS benefit for that period.
25. Prior to February 14, 2005 during the time I worked for Cleveland I had not received any benefit of employment which is allowed to other regular full-time employees of the City.
26. During the time I worked for Cleveland, prior to February 14, 2005 I was offered coverage under a health insurance package maintained by Cleveland, but was required to pay the full cost of such coverage by payroll deduction with no contribution by Cleveland.
27. During a period of time when it was necessary for me to take unpaid sick leave while my wife was relapsing with multiple sclerosis, since I was not receiving a paycheck, I borrowed money to pay the health insurance premium through the City, in order to maintain my medical coverage. I later learned that the amount charged to me more than compensated Cleveland for its cost of including me in the coverage. Other (non-CEO)

regular full-time employees of Cleveland received medical and hospitalization insurance coverage subsidized by Cleveland.

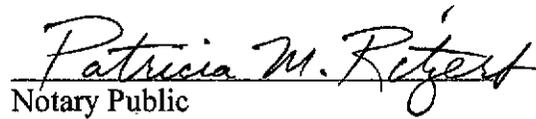

28. Prior to February 14, 2005 I had never been paid by Cleveland during a sick leave related to my employment as a CEO or master mechanic.
29. I never approved, never received any notice and was unaware until 2005 that Local 18 had initiated or dismissed any claim during 1998 that Cleveland was paying the CEOs below the prevailing wage rate.
30. I was the CEO Union's principal representative for its bargaining with Cleveland that resulted in the February 14, 2005 collective bargaining agreement. That negotiation included extensive discussions about back wages, but the parties could not reach an agreement on how much was due for back wages, back sick leave, and fringe benefits. Cleveland accepted that the CEO Union and its members could initiate litigation to resolve their claim that since 1994 Cleveland had failed and refused to pay them at the prevailing wage rate. Cleveland's and the CEO Union's agreement that claims for back wages and benefits were only resolvable through litigation appears in the collective bargaining agreement on p. 30 in the section that allows an offset against a judgment for the amount Cleveland paid in recognition of its not giving us a raise in 2004.
31. The collective bargaining agreement was ratified by the CEO Union members only after it was clearly represented to them that by approving the agreement they were not waiving their claims for back wages at prevailing wage rates, and for back credit for paid sick leave.
32. Respondents have made no effort to settle this case since it was filed.

33. All other factual statements contained in the Complaint for a Writ of Mandamus and the Memorandum in Support are true to the best of my knowledge and belief.

12 AS OF DECEMBER 1 -- DECEMBER 31, 1998. SO FROM 1968

13 THROUGH DECEMBER 31, 1998, DID YOU PARTICIPATE IN A

4 A YES, I DID. SC Q3

5 Q WHAT HAPPENED AT THAT MEETING?

6 A MR. SNELL (PHONETIC) WAS THERE AND --

7 Q WHO IS MR. SNELL?

8 A I'M SORRY. I BELIEVE HE WAS PRESIDENT OF  
9 THE UNION AT THE TIME.

10 Q OKAY.

11 A AND MOST OF -- THE MAJORITY OF THE  
12 OPERATORS THAT WERE WORKING FOR THE CITY AND THE  
13 DIVISION OF STREETS -- AND I BELIEVE SOME WATER  
14 DEPARTMENT OPERATORS WERE THERE. AND MR. SNELL  
15 ASKED IF WE WOULD LIKE TO VOTE ON BEING REPRESENTED

4 Q BY THE WAY, THIS MEETING ON AUGUST 6TH,  
5 1996, THAT'S DESCRIBED IN EXHIBIT 45 THAT WE JUST  
6 TALKED ABOUT, DO YOU KNOW WHO COUNTED THE VOTES?

7 A YES. ACTUALLY, IT WAS TONY MANGANO  
8 (PHONETIC) AND, I BELIEVE, MYSELF.

9 Q ARE YOU FAMILIAR WITH A CASE CALLED  
10 PINZONE (PHONETIC)?

11 A YES, I AM.

12 Q TELL -- TELL THE -- TELL JUDGE JEWELL  
13 WHAT -- WHAT YOUR FAMILIARITY IS WITH THAT CASE?

14 A YOU'RE GOING BACK A LONG TIME. THERE WAS

15 A CASE FILED TO GET OUR PREVAILING WAGES AND THE --  
16 THE BUILDING TRADES GOT INVOLVED IN IT SOMEHOW. I  
17 DON'T -- I REALLY DON'T KNOW HOW. AND WE -- WE WON  
18 THAT CASE TO GET OUR WAGES.

19 AND I BELIEVE -- BUT THE ATTORNEY WAS --  
20 I BELIEVE IT WAS SWEENEY (PHONETIC). WE -- WE HIRED  
21 HIM. WE PAID HIM. AND WE DID WIN THE CASE.

18 PICKED UP THE BALL WITH IT.

1 A YES, I DID.

2 Q AND WHAT DID THAT MEETING PERTAIN TO?

3 A IF IT'S THE ONE I'M THINKING OF -- AND I  
4 BELIEVE IT IS BECAUSE IT WAS JUST PRIOR TO ME  
5 RETIRING -- MR. SNELL CALLED US DOWN AND THE CITY'S  
6 ATTORNEY -- I BELIEVE HIS NAME WAS CORRIGAN  
7 (PHONETIC) -- I DON'T RECALL HIS FIRST NAME -- HE  
8 DID ACTUALLY -- HE SPOKE WITH US AND MR. SNELL  
9 DIDN'T.

10 AND HE TOLD US SOMETHING TO THE EFFECT  
11 THAT WE WERE BEING OVERPAID FOR YEARS ON THE -- OUR  
12 PENSION PORTION OF THE -- OF OUR WAGES AND THAT  
13 RATHER THAN HAVE US SUE -- GO BACK TO THE -- GO TO  
14 COURT AGAIN AND -- TO GET OUR PREVAILING WAGE, HE  
15 WAS WILLING TO WASH WHAT WE -- WHAT THEY OWED US,  
16 WHICH WAS 16 OR \$18,000 AT THE TIME IN BACK -- BACK  
17 PAY -- HE SAID WE'LL CALL IT EVEN AND HE SAID THAT'S  
18 THE END OF THE -- THE PROGRAM. HE SAID THAT'S IT.

19 AND THERE WAS NO VOTE. THERE WAS NO  
20 CONSENSUS. NOBODY SAID ANYTHING. HE WAS THE ONLY  
21 ONE THAT SPOKE.

22 AND THEN MR. SNELL GOT UP AND SAID THAT'S  
23 IT. HE SAID THERE IS NO LAWSUIT, WE'RE NOT SUING  
24 ANYBODY, IT'S DONE. AND WE LEFT AND THAT'S THE WAY  
25 IT WAS.

1 Q HANDING TO YOU WHAT CLEVELAND HAS  
2 SUBMITTED AS A LETTER DATED JUNE 3RD, 1998 --  
3 ACTUALLY, THIS ONE'S THE BEST TO USE, SO LET'S DEAL  
4 WITH THIS THAT WAY.

5 EXAMINER JEWELL: IS THERE A NUMBER  
6 REFERENCE?

7 MR. ROLL: IS IT ONE?

8 MS. RITZERT: THIS IS ONE OF THE EXHIBITS  
9 THAT WAS PRODUCED BY THE CITY OF CLEVELAND. I'LL  
10 GIVE THE CURRENT PAGINATION HERE --

11 MR. ROSENTHAL: I BELIEVE IT WILL FALL  
12 UNDER PAGE 26 AND 27.

13 MS. RITZERT: OKAY, YES. WHAT THE CITY  
14 SUBMITTED, YOUR HONOR, WAS A -- A DOCUMENT WITH THE  
15 ADDRESS AND LETTERHEAD AREA LEFT BLANK. AND IN YOUR  
16 OTHER ONE YOU HAD THE NAMES OF THE PEOPLE IT WAS  
17 SENT TO, ALSO, BUT YOU DON'T HAVE THAT IN YOUR --  
18 YOUR PAGINATED EXHIBIT. IN YOUR ORIGINAL BOOKLET OF  
19 EXHIBITS FROM THE PREHEARING YOU HAD THE LIST OF  
20 EMPLOYEES THAT IT WAS SENT TO ATTACHED.

21 MR. GONZALEZ: RIGHT. THAT WAS ATTACHED  
22 AS PART OF OUR LITIGATION THAT WE HAVE, I THINK.

23 MS. RITZERT: OKAY.

24 MR. GONZALEZ: I FOUND OUT LATER THERE  
25 WAS AN AFFIDAVIT.

1 MS. RITZERT: OKAY.

2 MR. GONZALEZ: THESE ARE THE ORIGINAL  
3 PACKET THAT WAS RECEIVED AND THIS -- THIS WAS JUST  
4 WHAT WE HAD. I THINK THAT'S --

5 MS. RITZERT: SO WHAT WE'RE USING IS THAT  
6 VERY LETTER AS ADDRESSED AND -- ADDRESSED TO AND  
7 RECEIVED BY THIS WITNESS.

8 MR. GONZALEZ: TO CLARIFY, YOUR HONOR,  
9 THIS WAS WHAT THE CITY HAD IN ITS RECORDS. IT'S  
10 ACTUALLY A DOCUMENT -- I THINK THIS, WHAT MS.  
11 RITZERT HAS JUST GIVEN OUT, IS PROBABLY CLEARER.

12 EXAMINER JEWELL: DO YOU WANT TO  
13 SUBSTITUTE THIS?

14 MR. GONZALEZ: WELL, I MEAN, I WILL  
15 STIPULATE TO THE AUTHENTICITY AND WE CAN MAKE IT  
16 JOINT WHATEVER. I MEAN --

17 MR. FADEL: IT'S ALREADY BEEN STIPULATED  
18 TO.

19 MR. GONZALEZ: YES.

20 MR. FADEL: IT'S PAGE 26 AND 27, EXHIBIT  
21 1, CITY OF CLEVELAND.

22 EXAMINER JEWELL: ALL RIGHT.

23 MR. GONZALEZ: YES.

24 EXAMINER JEWELL: SO WE SHOULD SUBSTITUTE  
25 THIS DOCUMENT WITH THE LETTERHEAD ON IT THEN FOR

1 WHAT'S IN THERE.

2 MS. RITZERT: I THINK IT DOES -- I WOULD  
3 ASK THAT YOU DO THAT, GENTLEMEN, BECAUSE I THINK IT  
4 CLARIFIES --

5 MR. FADEL: OH, I'M SORRY. YOU DIDN'T  
6 GIVE ME ONE.

7 MS. RITZERT: -- THE SOURCE OF IT WASN'T  
8 THE --

9 MR. FADEL: OH, HERE IT IS. I'M SORRY.  
10 THANK YOU.

16 MR. FADEL: WE'LL STIPULATE, YES.

17 MR. GONZALEZ: YES, WE'LL STIPULATE TO  
18 THAT.

19 EXAMINER JEWELL: OKAY; THANK YOU.

20 MR. ROLL: CAN I APPROACH THE WITNESS?

21 EXAMINER JEWELL: YES, YOU MAY.

1 BARGAINING AGREEMENT ON THEIR BEHALF?

2 A I CAN AGREE TO THAT.

3 Q OKAY. AND THAT'S BEEN THE CASE SINCE  
4 1968 TO THE TIME YOU RETIRED?

5 A ABSOLUTELY.

6 Q AND THAT REQUEST OR THAT POSITION OF THE  
7 OPERATING ENGINEERS WORKING FOR CLEVELAND HAS BEEN  
8 VERY CLEAR TO THE UNION; ISN'T THAT RIGHT?

9 A AS FAR AS I KNOW, YES.

10 Q OKAY. NOW, WHAT HAPPENED WAS -- WHEN  
11 S.E.R.B. WAS PASSED, DO YOU RECALL THE BUILDING  
12 TRADES DID NEGOTIATE A CONTRACT FOR ALL THE OTHER  
13 CRAFTS?

14 A I HAD NEVER HEARD OF S.E.R.B. BEFORE JUST  
15 RECENTLY.

16 Q OKAY, OKAY. BUT SO --

17 A NO, I DID NOT KNOW THAT.

18 Q -- SO YOU DIDN'T KNOW ABOUT THE OTHER  
19 CRAFTS --

20 A NO.

21 Q -- OR NEGOTIATING ANOTHER CONTRACT?

22 A I KNEW THE OTHER CRAFTS NEGOTIATED WITH  
23 THE CITY OF CLEVELAND. I DIDN'T KNOW THAT --

24 Q WELL, YOU DIDN'T KNOW IT WAS A RESULT OF  
25 S.E.R.B.?

1 A NO.

2 Q OKAY.

3 MR. ROLL: OBJECTION. HE'S NOT LETTING  
4 THE WITNESS FINISH HIS ANSWER.

5 BY MR. FADEL:

6 Q YOU KNEW THAT THE BUILDING TRADES  
7 NEGOTIATED A CONTRACT WITH THE CITY OF CLEVELAND AND  
8 THE POSITION OF THE OPERATING ENGINEERS IS THAT WE  
9 DIDN'T WANT THAT KIND OF CONTRACT?

10 A I DIDN'T KNOW THAT THE BUILDING TRADES  
11 HAD NEGOTIATED THAT. I THOUGHT IT WAS BETWEEN THE  
12 LOCAL -- THE UNION AND THE -- THE -- WHATEVER THE  
13 TRADES WERE THAT --

14 Q OKAY.

15 A -- I DIDN'T KNOW IT WAS A COLLECTIVE  
16 THING.

17 Q OKAY. WELL, THE OTHER --

18 A I HAD NO IDEA BECAUSE -- BECAUSE EACH  
19 UNION SIGNED SEPARATELY.

20 Q FINE. THE OTHER TRADES?

21 A THE OTHER TRADES, RIGHT.

22 Q OKAY, OKAY.

23 A YEAH.

24 Q AND THEY NEGOTIATED AT 80 PERCENT OF THE  
25 PREVAILING RATE; ISN'T THAT RIGHT?

1 A THAT'S WHAT I REMEMBER, YEAH.

2 Q RIGHT. AND THAT WAS ONE OF THE PRIMARY  
3 REASONS WHY THE OPERATING ENGINEERS SAID NO?

4 A ABSOLUTELY.

5 Q RIGHT. AND ONE OF THE -- AND YOU WERE  
6 AWARE AND YOU WERE A BENEFACTOR OF THE LAWSUIT THAT  
7 LOCAL 18 FILED AGAINST THE CITY OF CLEVELAND WITH  
8 REGARD TO THE PREVAILING WAGE; WERE YOU NOT? YOU  
9 WERE STILL WORKING FOR THE CITY?

10 A YES, I WAS.

11 Q AND -- AND THAT WAS THE WRIT OF MANDAMUS  
12 AND THE UNION PROCESSED THAT CASE ON BEHALF OF  
13 OPERATING ENGINEERS EMPLOYED AT THE CITY OF  
14 CLEVELAND?

15 A THAT'S TRUE.

16 Q NOW, SOME OF THOSE OPERATING ENGINEERS  
17 ARE NOT EVEN MEMBERS OF LOCAL 18; ARE THEY?

18 A THAT'S CORRECT.

19 Q AND THAT'S BEEN TRADITIONAL THROUGH THE  
20 TIME WHEN YOU WORKED, '68 TILL YOU LEFT?

21 A YEAH.

22 Q RIGHT?

23 A YES.

24 Q AND SO THAT WRIT OF MANDAMUS OR THAT  
25 LAWSUIT -- EVERYBODY INCLUDING NONMEMBERS RECEIVED

1 BACK PAY?

2 A AS FAR AS I KNOW, YES.

3 Q OKAY. AND WHILE YOU DIDN'T WANT LOCAL 18  
4 TO NEGOTIATE A COLLECTIVE BARGAINING AGREEMENT FOR  
5 YOU, --

6 A UH-HUH.

7 Q -- YOU DID RELY UPON THEM INFORMING THE  
8 CITY OF CLEVELAND WHAT THE PREVAILING WAGE WAS --  
9 RATE -- WHAT THE PREVAILING WAGE RATE WAS; ISN'T  
10 THAT RIGHT?

11 A THAT'S TRUE.

12 Q OKAY. SO YOU KNEW THAT EVERY TIME LOCAL  
13 18 NEGOTIATED A BUILDING AGREEMENT, WHETHER IT WAS  
14 THE C.E.A. OR THE STATEWIDE BUILDING AGREEMENT  
15 BEFORE THE C.E.A., --

16 A UH-HUH.

17 EXAMINER JEWELL: MR. ROLL, WHAT'S  
18 C.E.A.?

19 MR. ROLL: OH, I'M SORRY. CONSTRUCTION  
20 EMPLOYERS ASSOCIATION.

21 EXAMINER JEWELL: THANK YOU.

22 Mr. Fadel (MR. ROLL): AND LET ME -- LET ME JUST KIND  
23 OF CLARIFY WHAT THE CONSTRUCTION -- IT'S A MULTI-  
24 EMPLOYER BARGAINING GROUP THAT NEGOTIATES A BUILDING  
25 AGREEMENT IN THE NORTHERN PART OF THE STATE WHICH

1 INCLUDES CUYAHOGA COUNTY. AND THAT -- THEY'VE DONE  
2 THAT FOR AT LEAST, AS FAR AS MY RECORDS CAN GO, FROM  
3 1980.

4 PRIOR TO THAT TIME, LOCAL 18 NEGOTIATED A  
5 BUILDING AGREEMENT COVERING THE BUILDING WORK  
6 STATEWIDE WHICH INCLUDED CUYAHOGA COUNTY WHEN -- IN  
7 ABOUT 1980 THE NEW ASSOCIATION FOR THE NORTHERN PART  
8 WAS -- WAS ESTABLISHED.

9 MR. ROLL: JUDGE JEWELL, IF THAT  
10 STATEMENT THAT ATTORNEY FADEL JUST MADE IS GOING TO  
11 BE CONSIDERED AS FACTUAL, I'D LIKE AN OPPORTUNITY TO  
12 CROSS-EXAMINE HIM --

13 MR. FADEL: OH, SURE.

14 EXAMINER JEWELL: WELL, NO, NO, I DON'T  
15 THINK THAT THAT'S -- I MEAN, WE CAN'T TAKE THAT  
16 STATEMENT OF COUNSEL AS EVIDENCE --

17 MR. FADEL: OKAY.

18 EXAMINER JEWELL: -- BY ITSELF, NO. NO.  
19 I JUST NEEDED TO HAVE IT FOR THE RECORD. I NEEDED  
20 TO KNOW WHAT C.E.A. STOOD FOR.

21 MR. FADEL: OKAY. CONSTRUCTION EMPLOYERS  
22 BUILDING ASSOCIATION BUILDING AGREEMENT.

23 BY MR. FADEL:

24 Q NOW, BACK TO MY QUESTION --

25 A THAT'S ALL RIGHT. NO PROBLEM. I -- I

1 DIDN'T UNDERSTAND THE FIRST ONE.

2 Q RIGHT, OKAY. SO YOU JUST -- LET'S GET  
3 BACK TO WHAT IT WAS. YOU RELIED UPON LOCAL 18 WHEN  
4 IT NEGOTIATED AN AGREEMENT FOR THE BUILDING  
5 AGREEMENT TO ADVISE THE CITY OF CLEVELAND WHAT THE  
6 WAGE RATE WAS?

7 A MR. FADEL, YOU SAID THAT WE RELIED ON  
8 LOCAL 18. I THOUGHT IT WAS THE BUILDING TRADES THAT  
9 NEGOTIATED THAT.

10 Q NO, NO, NO. YOU RELIED UPON LOCAL 18  
11 WHEN IT NEGOTIATED ITS BUILDING AGREEMENT WITH THE  
12 CONSTRUCTION EMPLOYERS ASSOCIATION TO ADVISE THE  
13 CITY OF CLEVELAND WHAT THE WAGE RATE WAS?

14 A I CAN AGREE TO THAT, YEAH.

15 Q OKAY. NOW, YOU BECAME -- YOU WERE A  
16 MEMBER OF LOCAL 18 BEFORE YOU WENT WITH THE CITY?

17 A YES, I WAS.

18 Q AND HOW DID YOU GET TO THE CITY? HOW DID  
19 YOU GET THAT FIRST JOB?

20 A THE FIRST JOB WAS THROUGH FRIENDS, FAMILY  
21 FRIENDS.

22 Q OH, OKAY. DO YOU KNOW IF OTHER OPERATING  
23 ENGINEERS CAME TO THE CITY AS OPERATING ENGINEERS  
24 WHO WERE REFERRED BY LOCAL 18 UPON THE CITY OF  
25 CLEVELAND'S REQUEST?

1 A THE -- THE ONLY ONE THAT I CAN THINK OF  
2 IS TONY MANGANO.

3 Q OKAY.

4 A I THINK EVERYBODY ELSE CAME IN BASICALLY  
5 THE SAME WAY I DID.

6 Q OKAY. IN OTHER WORDS, THEY DIDN'T COME  
7 THROUGH LOCAL 18 AND HIRING --

8 A NOT TO MY -- NOT TO MY KNOWLEDGE, NO.

9 Q OKAY. AND YOU DON'T KNOW WHETHER A CALL  
10 WAS MADE OR NOT MADE AS TO HOW THEY GOT EMPLOYED?

11 A I HAVE NO IDEA.

12 Q OKAY. NOW, MR. MANGANO -- SPEAKING OF  
13 MR. MANGANO, WAS HE EVER -- WAS HE A STEWARD, A  
14 UNION STEWARD?

15 A THAT'S A -- THAT'S A TRICKY QUESTION. WE  
16 DIDN'T HAVE A STEWARD BECAUSE HE WAS NEVER ELECTED--

17 Q OH, OKAY.

18 A -- AS STEWARD, SO -- BUT HE WAS -- HE WAS  
19 BASICALLY OUR REPRESENTATIVE BECAUSE HE WAS OUR  
20 MASTER MECHANIC AND TRADITIONALLY OUR MASTER  
21 MECHANIC WAS THE ONE THAT KIND OF LOOKED OUT FOR US.

22 Q OKAY. AND HE LOOKED OUT FOR YOU IF YOU  
23 HAD GRIEVANCES OR PROBLEMS?

24 A WE WENT TO HIM WITH OUR PROBLEMS, YES.

25 EXAMINER JEWELL: MR. ROLL, PLEASE -- I

1 DON'T KNOW IF YOU'RE DOING THIS SUBCONSCIOUSLY OR  
2 NOT, BUT IT SEEMS TO ME THAT YOU'RE MOVING YOUR HEAD  
3 IN SUCH A MANNER AS TO SUGGEST A RESPONSE TO THE  
4 WITNESS.

5 MR. ROLL: I'LL TRY NOT TO MOVE MY HEAD  
6 NOW.

7 THE WITNESS: OH, I -- I WASN'T EVEN  
8 LOOKING AT HIM.

9 EXAMINER JEWELL: THANK YOU.

10 BY MR. FADEL:

11 Q MR. MANGANO WAS THE -- WAS THE ONE YOU  
12 WENT TO WHEN YOU HAD A PROBLEM --

13 A THIS IS TRUE.

14 Q -- OR A GRIEVANCE?

15 A YES, YES.

16 Q AND DO YOU EVER RECALL MR. MANGANO  
17 CALLING THE BUSINESS AGENT TO COME AND TALK TO YOU  
18 OR TALK TO THE CITY IF THERE WAS A PROBLEM?

19 A NO.

20 Q ALL RIGHT. YOU WORKED IN WHAT, STREETS?

21 A DIVISION OF STREETS, THAT'S CORRECT.

22 Q AND AS PART OF WORKING IN THE DIVISION OF  
23 STREETS DID YOU EVER HAVE AN OCCASION TO HAVE A  
24 VISIT FROM A BUSINESS REPRESENTATIVE?

25 A YEAH, BACK I WHEN I FIRST STARTED. MR.

1 IKAMPO, BENNY IKAMPO (PHONETIC), STOPPED OUT ON THE  
2 JOB ONCE, BUT HE WAS -- ONCE AGAIN, HE WAS A FAMILY  
3 FRIEND.

4 Q OKAY. BUT OTHER THAN THAT, ARE YOU  
5 SAYING THAT YOU NEVER TALKED TO A BUSINESS AGENT?

6 A I NEVER HAD DEALINGS WITH A BUSINESS  
7 AGENT WITH THE CITY, NOT TO MY KNOWLEDGE.

8 Q OKAY. YOU PERSONALLY?

9 A ME PERSONALLY, --

10 Q OKAY.

11 A -- THAT'S RIGHT.

12 Q DO YOU KNOW IF MR. MANGANO DID?

13 A I COULDN'T SPEAK FOR HIM.

14 Q OKAY.

15 A I REALLY DON'T KNOW.

16 (PAUSE.)

17 BY MR. FADEL:

18 Q YOU SIGNED A DUES DEDUCTION AUTHORIZATION  
19 TO PAY DUES TO LOCAL 18; DIDN'T YOU?

20 A YES, I DID.

21 Q AND YOU DID NOT HAVE TO PAY ANY  
22 ATTORNEY'S FEES OR ANY OF THE COSTS OF THAT WRIT OF  
23 MANDAMUS THAT LOCAL 18 FILED ON BEHALF OF THE  
24 OPERATING ENGINEERS WORKING FOR THE CITY OF  
25 CLEVELAND; DID YOU?

56  
Q1  
Continue  
where needed

1 A I PAID MY DUES. I THOUGHT THAT WAS PART  
2 OF THE DEAL.

3 Q RIGHT, RIGHT. THAT WAS PART OF THE DEAL.

4 A SO YOU SAID I DIDN'T PAY. I DID PAY.

5 Q RIGHT. BUT -- NO, WHAT I'M SAYING IS IN  
6 ADDITION TO YOUR DUES YOU DIDN'T HAVE TO PAY ANY  
7 PART OF ANY OTHER FEES?

8 A NOT AT THAT TIME, BUT THE FIRST TIME WE  
9 DID.

10 Q YES. THAT WAS WHEN YOU GUYS HIRED  
11 SOMEBODY; RIGHT?

12 A RIGHT, EXACTLY.

13 MR. FADEL: OKAY, I HAVE NO FURTHER  
14 QUESTIONS. THANK YOU, MR. CONSOLO.

15 THE WITNESS: MY PLEASURE.

16 EXAMINER JEWELL: THANK YOU. MR.  
17 GONZALEZ?

BY MR. GONZALEZ:

Q GOOD MORNING, MR. CONSOLO.

A GOOD MORNING.

Q WHEN MR. ROLL WAS ASKING YOU QUESTIONS HE MENTIONED A COUPLE OF NAMES; PINZONE, KOVALEK. DO YOU RECALL THAT?

A KOVALEK, YES.

Q KOVALEK, ALL RIGHT. DO YOU KNOW OF ANY OF THE FOLLOWING NAMES? MITCHELL STASIUK (PHONETIC)?

A NO. I'VE NEVER HEARD THAT NAME.

Q GUST MICHOS (PHONETIC)?

A NO, SIR.

Q JOHN ZONE (PHONETIC)?

A I KNOW THE LAST NAME ZONE, BUT I DON'T KNOW IN WHAT CONNECTION.

Q OKAY. DO YOU HAVE ANY KNOWLEDGE OF -- YOU INDICATED, I BELIEVED, MR. KOVALEK HAD FILED A LAWSUIT?

A RIGHT.

Q AND IT INVOLVED PREVAILING WAGES AND BENEFITS?

A YES.

1 Q AND AT SOME POINT HE WAS REPLACED IN THE  
2 LAWSUIT BY SOMEONE ELSE?

3 A IF MEMORY SERVES ME RIGHT, YES.

4 Q BUT YOU DON'T KNOW WHO THOSE INDIVIDUALS  
5 WERE?

6 A I REALLY CAN'T -- I COULDN'T SAY.

7 Q ALL RIGHT. DO YOU KNOW WHAT THE RESULT  
8 OF THAT LAWSUIT WAS?

9 A I BELIEVE WE WON -- WE -- THE CASE WAS  
10 WON.

11 Q ALL RIGHT.

12 A THE ATTORNEY WAS SWEENEY AT THAT TIME, I  
13 BELIEVE.

14 Q ARE YOU REFERRING TO THE PINZONE CASE?

15 A I BELIEVE IT WAS, YEAH, THE PINZONE CASE,  
16 BUT SEE, I GET CONFUSED ON THAT BECAUSE I THOUGHT  
17 THE KOVALEK CASE BECAME THE -- THE PINZONE CASE. I  
18 -- I MAY BE WRONG, BUT IT'S BEEN SO MANY YEARS --

19 Q ALL RIGHT. YOU'RE NOT SURE. THAT'S --

20 A YEAH, I'M NOT SURE.

21 Q -- I JUST WANT TO -- WANT TO CLARIFY. SO  
22 THE NAME STASIUK MEANS NOTHING TO YOU?

23 A NO, SIR.

24 Q NOW, SIR, YOU TESTIFIED THAT IN 1998 -- I  
25 BELIEVE IT WAS 1998 THAT THERE WAS A VOTE ON WHETHER

1 OR NOT THE UNION --

2 A UH-HUH.

3 Q -- THE CONSTRUCTION EQUIPMENT OPERATORS  
4 AND THE MASTER MECHANIC WOULD ACCEPT THE COLLECTIVE  
5 BARGAINING AGREEMENT; CORRECT?

6 A YES, I BELIEVE SO.

7 Q DO YOU RECALL A SIMILAR VOTE IN 1987?

8 A NO, I DO NOT.

9 Q LET ME TRY TO SEE IF I CAN MAKE YOU -- OR  
10 HAVE YOU RECALL.

11 A OKAY, FINE.

12 Q DO YOU KNOW WHO RON SHARPLESS (PHONETIC)  
13 IS?

14 A I REMEMBER MR. SHARPLESS, YES.

15 Q ALL RIGHT. WHO WAS RON SHARPLESS?

16 A I BELIEVE HE WAS PRESIDENT OF THE UNION  
17 FOR A SHORT TIME.

18 Q YOU'VE ALSO TESTIFIED THAT YOU RECALL  
19 THAT THE BUILDING TRADES -- MOST OF THE OTHER  
20 BUILDING TRADES SIGNED -- OR SIGNED AGREEMENTS THAT  
21 WOULD GIVE THEIR MEMBERS 80 PERCENT OF THE  
22 PREVAILING WAGE?

23 A I BELIEVE SO, YES.

24 Q DO YOU RECALL ABOUT WHAT TIME THAT WAS,  
25 WHAT YEAR? '90'S, '80'S?

1 A I THINK IT -- IT HAD TO BE IN THE '80'S.

2 Q ALL RIGHT. AROUND THE SAME TIME DO YOU  
3 RECALL EVER VOTING ON A SIMILAR CONTRACT?

4 A I REALLY DON'T RECALL VOTING ON A  
5 CONTRACT, NO.

6 Q SO IF I WERE TO TELL YOU THAT ON JULY  
7 7TH, 1987, THERE WAS SUCH A VOTE, YOU WOULD NOT --  
8 THAT DOESN'T REFRESH YOUR RECOLLECTION?

9 A I WOULDN'T DISAGREE WITH YOU, BUT I -- I  
10 REALLY DON'T REMEMBER.

11 Q YOU'VE ALSO TESTIFIED THAT YOU NEVER --  
12 DURING YOUR TENURE YOU NEVER RECEIVED A LOT OF  
13 FRINGE BENEFITS OR SICK --

14 A I RECEIVED NO FRINGE BENEFITS.

15 Q BUT WHAT ABOUT THE PENSION, THE P.E.R.S.?

16 A THE P.E.R.S., WE DID GET OUR -- IF THAT'S  
17 A BENEFIT, THEN, YES, THEN I DID GET A PENSION.

18 Q ALL RIGHT. AND YOU SAID FOR A LITTLE  
19 WHOLE YOU GOT SICK TIME?

20 A FOR -- YEAH, FOR A VERY SHORT PERIOD OF  
21 TIME.

22 Q SIR, COULD YOU ELABORATE. WHAT DO YOU  
23 MEAN BY THAT? WHAT PERIOD OF TIME ARE WE TALKING  
24 ABOUT?

25 A IT WAS -- IT WENT INTO -- CITY COUNCIL

SC  
Q.7

1 AWARDED US SICK LEAVE AND I DON'T REMEMBER THE  
2 YEARS. I'M SURE IT CAN BE LOOKED UP. IT'S GOT TO  
3 BE PART OF THE RECORD, BUT --

4 Q WHAT DECADE?

5 A OH, IN THE '70'S.

6 Q THE '70'S?

7 A YEAH. AND SHORTLY THEREAFTER, WITHIN SIX  
8 MONTHS, A YEAR, THEY SAID NO, THEY'RE NOT -- THEY  
9 WEREN'T GOING TO PAY IT AND THEY -- THEY STOPPED --  
10 THEY STOPPED IT FROM THAT POINT ON. AND ANYBODY WHO  
11 HAD THE TIME IN WHEN THEY STOPPED IT WAS ABLE TO  
12 RETAIN IT, WHICH I WAS ABLE TO RETAIN 800-AND-SOME-  
13 ODD HOURS.

14 Q OKAY. NOW, WHEN YOU SAID THAT YOU WERE  
15 NOT RECEIVING SICK TIME BENEFITS OR VACATION  
16 BENEFITS, AND HEALTH CARE BENEFITS --

17 A UH-HUH.

18 Q -- FROM '68 ONWARD, ALL THE OTHER  
19 BUILDING TRADES MEMBERS WERE ALSO NOT RECEIVING  
20 THOSE BENEFITS; CORRECT?

21 A I REALLY DON'T KNOW. I KNOW WE WEREN'T.

22 Q ALL RIGHT. BUT YOU DON'T KNOW WHETHER  
23 THE OTHER BUILDING TRADES WERE ALSO --

24 A NO, I --

25 Q -- NOT RECEIVING THEM?

Q7 SC

1 A -- REALLY I DIDN'T HAVE MUCH TO DO WITH  
2 THEM. NO.

3 Q OKAY. BUT YOU DO -- WOULD YOU AGREE WITH  
4 ME THAT AT SOME POINT THEY -- THEY DID BEGIN  
5 RECEIVING THOSE BENEFITS?

6 A OH, YES.

7 Q AFTER THEY SIGNED THE CONTRACT WHETHER  
8 THEY -- THEY WOULD GET PAID 80 PERCENT OF THE  
9 PREVAILING WAGE --

10 A RIGHT.

11 Q -- IN EXCHANGE FOR FRINGE BENEFITS?

12 A I BELIEVE SO, YES.

13 Q IN 1998 -- WELL, LET ME GO BACK -- YES,  
14 IN 1998 WHEN THE DISCUSSION OR THE MEETING WAS  
15 CONDUCTED WHERE MR. CORRIGAN SPOKE, DID YOU  
16 UNDERSTAND THAT THE AGREEMENT INVOLVED A REDUCTION  
17 OF THE PREVAILING WAGE RATE IN EXCHANGE FOR  
18 P.E.R.S.?

19 A I DIDN'T KNOW THERE WAS AN AGREEMENT.

20 MR. ROLL: OBJECTION.

21 EXAMINER JEWELL: WHAT'S THE BASIS,  
22 PLEASE?

23 MR. ROLL: NEVER MIND. WITHDRAWN.

24 EXAMINER JEWELL: OKAY.

Q THE PERIOD FROM 19 -- WELL, LET'S GO BACK. YOU MENTIONED THE CIVIL SERVICE EMPLOYEES ASSOCIATION?

A YES, SIR.

Q YOU SAID THERE IS A \$2 DEDUCTION --

A WE PAID -- IT WAS AN AUTOMATIC -- IT WAS A DEDUCTION, DUES DEDUCTION FROM OUR PAYROLL.

Q FOR EVERYONE?

A BUT IT WAS -- NO. YOU HAD -- YOU SIGNED UP FOR IT.

Q ALL RIGHT. AND YOU HAD THE RIGHT TO SIGN UP BECAUSE YOU WERE A CIVIL SERVICE EMPLOYEE?

A THAT'S CORRECT.

Q SO ANY CIVIL SERVICE EMPLOYEE HAS THE RIGHT TO HAVE THAT -- TO SIGN THAT --

A I BELIEVE --

Q -- AND RECEIVE THAT BENEFIT?

A -- I BELIEVE THEY WERE, YES.

Q ALL RIGHT. WHETHER OR NOT THEY'RE REPRESENTED BY A UNION OR OTHERWISE?

A I BELIEVE SO.

Q AND IF YOU CHOOSE TO HAVE AN ATTORNEY REPRESENT YOU FROM THE CIVIL SERVICE EMPLOYEES' ASSOCIATION, YOU WOULD HAVE TO FOLLOW YOUR GRIEVANCES THROUGH THE CIVIL SERVICE PROCEDURE?

SC  
Q.1

1 A THAT'S CORRECT.

2 Q WITH THE EXCEPTION OF THE CIVIL SERVICE  
3 EMPLOYEES ASSOCIATION -- WAS BASICALLY THEIR PURPOSE  
4 TO SIMPLY REPRESENT YOU ON GRIEVANCES?

5 A YES.

6 Q NOTHING ELSE?

7 A WHEN YOU SAY GRIEVANCES, IF WE WEREN'T  
8 GETTING OUR PAY, THAT'S A -- THAT WAS A GRIEVANCE;  
9 WASN'T IT?

10 Q OKAY. WHAT DID THEY REPRESENT YOU ON?

11 A NEVER -- NOTHING EXCEPT THE WAGES. I'VE  
12 NEVER HAD A GRIEVANCE WITH THE CITY. I'VE NEVER  
13 BEEN BROUGHT UP ON CHARGES OR ANYTHING OF THAT  
14 NATURE.

15 Q AND THEY REPRESENTED YOU IN A WAGE  
16 GRIEVANCE?

17 A WE WENT TO THEM AND SPOKE WITH -- I DON'T  
18 REMEMBER THE ATTORNEY'S NAME -- IT WAS A YOUNG  
19 FELLOW -- ABOUT GETTING OUR -- OUR WAGES. WE HAD  
20 ALREADY WON THE PINZONE SUIT AND THE CITY ONCE AGAIN  
21 WASN'T PAYING US AGAIN. AND WE WENT TO HIM TO SEE  
22 IF WE COULD PUSH HIM TO -- TO GO AFTER THE MONEY.  
23 BUT THAT WAS THE ONLY TIME I -- AND ONLY DEALINGS I  
24 HAD WITH THEM.

25 Q ... DID THE CIVIL SERVICE EMPLOYEES

1 ASSOCIATION TAKE SOME ACTION ON YOUR BEHALF?

2 A I CAN'T -- I REALLY CAN'T SAY. I REALLY  
3 DON'T REMEMBER.

4 Q HAS ANY OTHER UNION -- WELL, THE CIVIL  
5 SERVICE EMPLOYEES ASSOCIATION ISN'T A UNION IN  
6 ITSELF; IS IT?

7 A IT IS A WHAT?

8 Q IS IT A UNION?

9 A I HAVE NO IDEA.

10 Q OKAY.

11 A IT'S AN ASSOCIATION. THAT'S WHAT --

12 THAT'S WHAT THEIR TITLE SAYS.

13 Q OKAY. FROM 1968 TO 1984, DID ANY UNION  
14 EMPLOYEE -- ANY EMPLOYEE ORGANIZATION APPROACH YOU  
15 TO REPRESENT YOU?

16 A WOULD YOU REPEAT THAT, PLEASE?

17 Q DID ANY EMPLOYEE ORGANIZATION FROM 1968  
18 TO 1984 APPROACH YOU TO REPRESENT YOU IN YOUR  
19 INTERACTION WITH THE CITY OF CLEVELAND?

20 A NO.

21 Q LET'S TALK ABOUT THE CIVIL SERVICE  
22 EMPLOYEES ASSOCIATION.

23 A YES, SIR.

24 Q HOW DID YOU FIND OUT ABOUT THEM?

25 A EVERYBODY KNEW ABOUT THEM. IT WAS JUST

SC  
Q1

1 A --

2 Q WHAT DO YOU --

3 A -- IT WAS A MATTER OF -- EVERYONE WHO  
4 WORKED FOR THE CITY KNEW THAT THAT'S HOW YOU  
5 FOLLOWED YOUR GRIEVANCE, THROUGH THE ASSOCIATION.

6 Q OKAY. SO, IN OTHER WORDS, SOMEBODY IN  
7 OTHER BUILDING TRADES WOULD FILE WITH THEM, TOO?

8 A I IMAGINE SO. YOU'RE ASKING ME TO  
9 SPECULATE ON WHAT OTHER PEOPLE DID. I CAN ONLY SAY  
10 WHAT WE DID.

11 Q NO, I DON'T WANT YOU TO SPECULATE.

12 A NO, I SAID I CAN ONLY TELL YOU WHAT WE  
13 DID. WE HAD A FORM. THERE WAS AN ACTUAL FORM THAT  
14 WE FILLED OUT FOR A GRIEVANCE AND IT WENT TO THE --  
15 THE ASSOCIATION.

16 MR. GONZALEZ: ONE MINUTE, YOUR HONOR.

17 EXAMINER JEWELL: DO YOU WANT TO GO OFF  
18 THE RECORD?

19 MR. GONZALEZ: NO.

20 (PAUSE.)

21 MR. GONZALEZ: I HAVE NOTHING FURTHER.  
22 THANK YOU VERY MUCH.

23 EXAMINER JEWELL: THANK YOU. MR. ROLL,  
24 DO YOU HAVE REDIRECT?

25 MR. ROLL: NO REDIRECT.

1 EXAMINER JEWELL: MR. FADEL, ANY FOLLOW-  
2 UP?

3 MR. FADEL: I HAVE NONE. THANK YOU.

4 EXAMINER JEWELL: THANK YOU, MR. CONSOLO.

5 THE WITNESS: THANK YOU.

6 EXAMINER JEWELL: YOU MAY STEP DOWN.

7 THE WITNESS: WOULD SOMEBODY LIKE THESE  
8 BACK OR --

9 MR. ROLL: YOU CAN LEAVE THEM THERE.

10 (OFF THE RECORD.)

11 EXAMINER JEWELL: GOOD AFTERNOON.

12 MR. MONTAGNA: GOOD AFTERNOON.

13 EXAMINER JEWELL: WOULD YOU PLEASE RAISE
