Re: Scacchetti, David (DOB: 7-13-56)

To Whom It May Concern:

David Scacchetti has been under my care since December 6 2005 for "Mood Disorder, not otherwise specified" and "Cocaine Dependence". During this time he has completed the outpatient intensive chemical dependency program at Bethesda Hospital and successfully completed treatment in lieu of conviction in Drug court. He continues to go to AA meetings regularly.

Our therapy sessions have been focused on Mr. Scacchetti getting back into the practice of law.

I believe he is fit to be reinstated to practice at this time.

Sincerely,

**Ronald A. Sachs, M.D.
Addiction Psychiatrist**
