BRIEF IN SUPPORT
OF MOTION TO WAIVE ORAL ARGUMENT

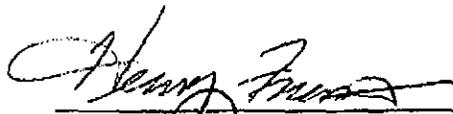

Respondent is requesting a Waiver of Oral Argument pursuant to the Rule of Practice of the Supreme Court. However, the Respondent wanted to make a statement to the Court of his reasons for the waiver of the oral argument in the case.

The Respondent is in agreement with the decision made by the Board of Commissioners on Grievances and Discipline of the Supreme Court of Ohio in these proceedings. Respondent believes that this was a fair and complete hearing, and the Board of Commissioners was fully comprised of the law and facts in these proceedings. Having heard the position of both parties, the Respondent is in agreement with their recommendation, and would hope that the Court would accept the Commissioners' recommendations.

However, more important to the Respondent is his desire to keep the mitigating factors stated in the Commissioners' Report private and personal to the Respondent. While it is a presumption on the part of the Respondent that there would be an inquiry by the Court on the mitigating factors, it is the Respondent desire to allow his health and treatment status to maintain some form of privacy. If the Court would like to inquire into these matters with the Respondent in some other form, the Respondent is willing to present himself to such request.

For the reasons stated herein the Respondent is waiving his right to Oral Argument.

Respectfully submitted,

HENRY R. FREEMAN
RESPONDENT, PRO SE
