Request for Reconsideration of Jurisdictional Memorandum

Christine J. Hai

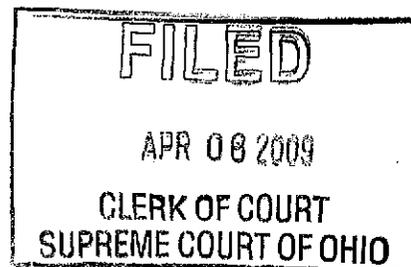

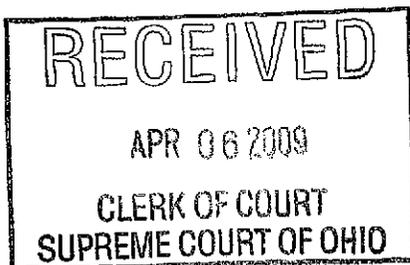

Appellant

Ohio Supreme Court No. 2008-2274

Sixth District Court of Appeals No.
CL-200701423

Flower Hospital, et al.,

Appellees.

Request for Reconsideration of the Jurisdictional Memorandum

I, Christine Hai, believe that the court erred in not allowing me to have my claim/ grievance heard on its merits. Our system of laws as always favored having case and issues decided on its merits.

Technicality should not prevent my previous attorney from presenting my grievance which was not heard at the Flower Hospital Family Practice

Residency Program. I do respect the residency program; however, they should allow my grievance to be heard with an attorney representing me.

I was wrongfully dismissed without a due process from the Flower Hospital.

Respectfully submitted,

Christine J. Hai
Appellant
