ORIGINAL

Your Honor;

I have received the material you sent me and the attached additional letter sent you by Mr. Palmer with a copy to me yesterday. It appears that the Palmers are continuing their decade long procedure of using defamation, veiled and express threats and examples (intimidating five Justices into withdrawing) in an attempt to intimidate you and all Justices who they have asked to review the unanimous decisions of lower court Judges and juries who have found their conduct reprehensible.

Palmer claims to believe you however have demonstrated to him that you can be fair (i.e., rule in the Palmers' favor) but if his belief is naïve (i.e., you don't rule in Palmers' favor) then you will suffer the same fate as Justices Meyer, O'Connor, Lanzinger, Lundberg-Stratton and O'Donnell. I have no reason to believe you will make any ruling based upon anything other than the facts and the law.

This continued conduct by Mr. Palmer is not only direct contempt of the highest Court in Ohio but an attempt to corrupt and pervert the Ohio judicial system. He must not be allowed to succeed! In his 2/11/2010 letter he has the utter hubris to claim a right to vet any judges you intend to appoint to replace those who have recused themselves. As you can see I am copying Mr. Palmer with this email and I am sure he will have much more to say. Any further communication from me will be in the form of motions on the record.

Sincerely,
David R. Pheils, Jr.
