BEFORE THE SUPREME COURT OF OHIO

In the matter of the admission
of JEFFREY VINCENT GUELI
to The Bar of Ohio

Case No. 2011-1323

WITHDRAWAL OF APPLICATION FOR ADMISSION

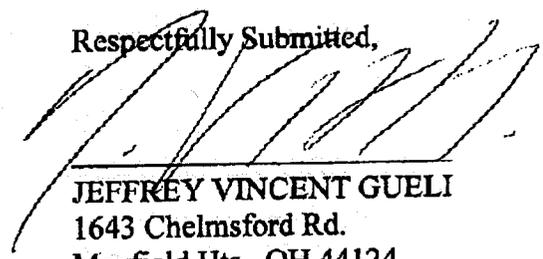

On May 3, 2012, this Court issued an order denying my application for admission to The Bar of Ohio. Today, I enter this withdrawal of my application for admission to The Bar. Essentially, the problem is that I have had difficulties with The Ohio Lawyers' Assistance Program and The Cleveland Metropolitan Bar Association for approximately four years. I perceive my interactions with these offices to have been grossly unfair and unjust, so grossly unfair and unjust that I eventually developed the opinion that these organizations were treating me so unfairly because they were attempting to extort funds from prominent political families such as the Obamas and/or the Kennedys. Thankfully, I was able to dispel my suspicions of criminal activity through consultation with a highly reputable psychiatrist, Dr. Gregory X. Boehm. My suspicions of criminal activity were further dispelled by dispatching letters to The White House, The Secret Service, and The Mayfield Heights, Ohio Police Department. I am still of the opinion that OLAP and the bar association are miles away from attaining to the level of professionalism that I require of my business associates. Accordingly, at this time, I enter this withdrawal. I note that I will not be pursuing any civil claim for damages against the bar association or OLAP.

For the most part, I've enjoyed my interactions with this Court, and I'll certainly remember this case for years to come. I wish the justices the best of luck, and ask them to keep me in mind should I like to submit another application for admission in a period of years.
