RULE 45 EXCERPT

Ohio Rule of Civil Procedure 45(C) Protection of Persons Subject to Subpoenas

- (1) A party or an attorney responsible for the issuance and service of a subpoena shall take reasonable steps to avoid imposing undue burden or expense on a person subject to that subpoena.
- (2)
 - (a) A person commanded to produce under divisions (A)(1)(b)(ii), (iii), (iv), or (v) of this rule need not appear in person at the at the place of production or inspection unless commanded to attend and give testimony at a deposition, hearing, or trial.
 - (b) Subject to division (D)(2) of this rule, a person commanded to produce under divisions (A)(1)(b)(ii), (iii), (iv), or (v) of this rule may, within fourteen days after service of the subpoena or before the time specified for compliance if such time is less than fourteen days after service, serve upon the party or attorney designated in the subpoena written objections to production. If objection is made, the party serving the subpoena shall not be entitled to production except pursuant to an order of the court by which the subpoena was issued. If objection has been made, the party serving the subpoena, upon notice to the person commanded to produce, may move at any time for an order to compel the production. An order to compel production shall protect any person who is not a party or an officer of a party from significant expense resulting from the production commanded.
- (3) On timely motion, the court from which the subpoena was issued shall quash or modify the subpoena, or order appearance or production only under specified conditions, if the subpoena does any of the following:
 - (a) Fails to allow reasonable time to comply;
 - (b) Requires disclosure of privileged or otherwise protected matter and no exception or waiver applies;
 - (c) Requires disclosure of a fact known or opinion held by an expert not retained or specially employed by any party in anticipation of litigation or preparation for trial as described by Civ.R. 26(B)(4), if the fact or opinion does not describe specific events or occurrences in dispute and results from study by that expert that was not made at that request of any party;

- (4) Before filing a motion pursuant to division (C)(3)(d) of this rule, a person resisting discovery under this rule shall attempt to resolve any claim of undue burden through discussions with the issuing attorney. A motion filed pursuant to division (C)(3)(d) of

this rule shall be supported by an affidavit of the subpoenaed person or a certificate of that person's attorney of the efforts made to resolve any claim of undue burden.

- (5) If a motion is made under division (C)(3)(c) or (C)(3)(d) of this rule, the court shall quash or modify the subpoena unless the party in whose behalf the subpoena is issued shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship and assures that the person to whom the subpoena is addressed will be reasonably compensated.

Ohio Rule of Civil Procedure 45(D) Duties in Responding to Subpoena

- (1) A person responding to a subpoena to produce documents shall, at the person's option, produce them as they are kept in the usual course of business or organized and labeled to correspond with the categories in the subpoena. A person producing documents pursuant to a subpoena for them shall permit their inspection and copying by all parties present at the time and place set in the subpoena for inspection and copying.
- (2) When information subject to a subpoena is withheld on a claim that it is privileged or subject to protection as trial preparation materials under Civ.R. 26(B)(3) or (4), the claim shall be made expressly and shall be supported by a description of the nature of the documents, communications, or things not produced that is sufficient to enable the demanding party to contest the claim.

Ohio Rule of Civil Procedure 45(C) Sanctions

Failure by any person without adequate excuse to obey a subpoena served upon that person may be deemed contempt of the court from which the subpoena is issued. A subpoenaed person or that person's attorney frivolously resisting discovery under this Rule may be required by the Court to pay the reasonable expenses, including attorney's fees, of the party seeking discovery. The Court from which a subpoena was issued may impose upon a party or attorney in breach of the duty imposed by division (c)(1) of this rule an appropriate sanction, which may include, but is not limited to, lost earning and reasonable attorney's fees.

Subject: RE: Database Questions

Hi Cynthia,
I'm well thank you, how have you been?
In reference to your questions, I need to review the archiving process to be able to answer them. I expect to be able to get back to you in a day or two regarding that.
As for the updates nightly, I'll look into it. The last I knew, the updates were still ongoing. When was the first occurrence you noticed that they had not?
A question for you, I had sent sarah an email regarding your backups:

Hey Sarah,
I was looking into your sever recently, and was concerned about your back up situation. Currently it is creating a backup every hour and then at the end of the day. However, this is only on the server itself, and should something happen to it your data would be gone. I strongly recommend setting up a backup that stores your data offsite to mitigate the risk. There are several services available for this, and I would happily set them up for you should you decide this is something you'd like to do. Let me know what you think.

She informed me that she had left SCO but would forward this on to you. Have you been made aware of this situation?
What do you think?
Let me know.

Thanks,
Patrick Briggs

Subject: Database Questions

Good afternoon Patrick, ☺

It's been a while since we last communicated and I hope you are doing great!
Fall is the time we start to prepare for sending out records request and plan for householding data, for the sake of preparation, I have a couple of questions I hope you can answer. ;D

This will be the second year we archive records, but we are still calling households who have children that will be entering Highschool.

- Can we continue calling once you begin archiving records?
- Will this year's records be added to the existing archive, or will the archive be broken down into years?

- Does the database continue to update on a nightly basis? (I have had to run the update manually a couple of times in the last 2 weeks when it somehow goes back to giving me a total call actions count of 36, 000 or so.)

Thank you in advanced Patrick,

Sam,

Thanks for the receipt but there is a problem with the payment that I see from the invoice.

We are a non-profit, tax exempt organization.

Eroots/Capitol Contender has had our tax exempt certificate on file for some time.

This should have been provided to filemaker and saved us the tax paid on this invoice

Per your email to Matt, the amount was to be \$710.12 which is different from the \$730 before taxes we were charged.

I have attached another TE form to Filemaker in the event you do not have on file.

1. Is it possible for you to contact File Maker to get a refund to our debit card for the tax of \$54.76
2. And can you please explain the additional difference in the amount you quoted to Matt and what was charged.

Thank you,

Since getting you and I together appears to be a bit of a challenge, let's see if we can move the ball via email....

There are a few other things on my mind but the only one that requires all immediate action is below.

Your FileMaker maintenance contract is up for renewal. Cost for all your seats and the server is \$710.12. This contract gives you access to upgrades to the next versions of FileMaker for a year. We recommend the maintenance as there is usually at least one major upgrade to the software. Let me know if you have any questions or would like move forward. Need to act fast as it's set to lapse on the 14th.

Sarah,

Attached is the NDA. Take a look and let me know if you have any questions / changes.

As I mentioned it is pretty boilerplate. It essentially says that in order for us to do our job, we have access to your stuff, and that we are't allowed to do anything with said stuff unless you tell us it's OK.

As for the security piece, if you want to send me the request, I can take a look and get you what you need. We do a lot of compliance work, so I am sure we can accommodate.

Thanks again.

Hi Sam,

I hope you're doing well!

We have been asked to demonstrate the data security/nondisclosure policies of our vendors to show that the mailing lists we send are not being used for any purpose outside of householding the data for our database. With eRoots being one of our 3rd party vendors, do you have any documentation along these lines that you could send me?

Thanks!
