The Supreme Court of Ohio Advisory Committee on the Judicial Family Network exists to identify the needs and concerns of judicial families in Ohio and to offer a supportive network and educational opportunities to the spouses, partners and children of judges.

The advisory committee provides resource material and sponsors educational programs for the partners of new judges. In addition, members serve as resource contacts for those entering judicial family life. The advisory committee also sponsors educational sessions for all judges' partners and plans to develop a program for judges' children. Judicial family life is unique as judges and their families live their private lives in the public eye.
