Q20: Comment on this arrangement, including the advantages or disadvantages, and whether this arrangement should be in HB409 to assure or validate the legality of this arrangement.	
<b>Courts</b>	<b>Comment</b>
<b>Common Pleas General Courts</b>	
Athens - CP General	Not sure it is required. Treated as an additional program in our county. If they fail out of the program, client is referred back to home court.
Cuyahoga - CP General	Advantages - Collaboration with other jurisdictions and addressing needs of all vets that qualify. Disadvantages - Payment for services can be an issue. Should be in HB409.
Lorain - CP General	Should be in HB409 to permit MOU's.
Mahoning - CP General	The veteran must benefit and the jurisdiction must be satisfied in the best interest of the community they serve.
Stark - CP General	Access to resources in community, probation supervision level information, and eligibility requirements.
<b>Municipal Courts</b>	
Cuyahoga - Cleveland Muni	Provide access to the program, welcome participation from the suburban municipalities, and hope that HB 409 makes transfers between courts easier.
Franklin - Franklin County Muni	Since the reason for transfer would likely have to do with residence of the vet transferring jurisdiction would be highly advisable. Should be in HB409.
Richland - Mansfield Muni	We have similar arrangements for Mental Health Court, but not VTC. Some jurisdictions may not have the volume, resources, or staff for a VTC.
<b>County Court</b>	
Warren - County Court	HB409 is unnecessary, except for mandatory pre-trial diversion in some cases, and the potential for funding specifically for veterans courts.
