Defendant-Appellant

.....

DONOVAN, J.

{¶ 1} Raina Knox was found guilty of Felonious Assault following a jury trial.

The trial court imposed a sentence of community control sanctions for a period not to exceed five years.

{¶ 2} Knox appealed, and counsel was appointed to prosecute the appeal. On December 21, 2011, appointed appellate counsel filed an *Anders* brief in accordance with *Anders v. California* (1967), 386 U.S. 738, wherein counsel represented that, after review of the record, he could ascertain no arguably meritorious issues to present on appeal. By magistrate's order of January 3, 2012, this court informed Knox that her counsel had filed an *Anders* brief and of the significance of an *Anders* brief. We invited Knox to file a pro se brief assigning error for review within sixty days thereafter. Knox has filed nothing with this court.

{¶ 3} Pursuant to our responsibilities under *Anders*, we have independently reviewed the entire record of this case and we have concluded, as did appointed appellate counsel, that there are no arguably meritorious issues for appellate review and that this appeal is entirely frivolous.

{¶ 4} Accordingly, the judgment from which this appeal is taken is affirmed.
